CONTENTS

Introduction 1

Plants 3

Science and Vernal Pool Conservation: Research Questions, Methodologies and Applications Based on a Case Study of *Pogogyne abramsii* in San Diego County, California
ELLEN T. BAUDER 5

The Population and Genetic Status of the Endangered Vernal Pool Annual *Limnanthes floccosa* Howell ssp. *californica* Arroyo: Implications for Species Recovery
CHRISTINA M. SLOOP 25

The Ecology, Evolution, and Diversification of the Vernal Pool Niche in *Lasthenia* (Madieae, Asteraceae)
NANCY C. EMERY, LORENA TORRES-MARTINEZ, ELISABETH FORRESTEL, BRUCE G. BALDWIN AND DAVID D. ACKERLY 39

A Comparison of Pollination Interactions in Natural and Created Vernal Pools in the Santa Rosa Plain, Sonoma County, California
JOAN M. LEONG 59

Animals 71

Determining the Migration Distance of a Vagile Vernal Pool Specialist: How Much Land is Required for Conservation of California Tiger Salamanders?
CHRISTOPHER A. SEARCY AND H. BRADLEY SHAFFER 73

The Use of Eastern Sacramento Valley Vernal Pool Habitats by Geese and Swans
RAYMOND J. BOGIATTO, SABRINA M. WRIGHT-MYERS, STACY H. KRAUS, JENNIFER L. MOORE AND JOHN W. HUNT 89

Macroinvertebrate Bioassessment in Temporary Wetlands: Limitations and Opportunities
D. CHRISTOPHER ROGERS 101

Geography and soils 105

Great Valley Vernal Pool Distribution Rephotorevised 2005
ROBERT F. HOLLAND 107

Substrates in a Vernal Pool Landscape as Illustrated in the Butte Area Natural Resources Conservation Service Soil Survey
ANDREW E. CONLIN 123

Management 129

Accuracy of a Hydrogeomorphic Guidebook for Functional Assessment of Vernal Pools in Southern California
ANDREW J. BOHONAK AND ELLEN T. BAUDER 131

A Coalition Of The Willing: Environmentalists, Agencies and Ranchers All See Benefits of Managed Grazing
TRACY SCHOHR 145

UC Merced: A Consensus Planning Success Story?
CAROL W. WITHAM 151

Preservation History and Recovery Plans 155

Vernal Pool Critical Habitat and Recovery: A Tale of Two Plans
BARBARA VLAMIS 157

Recovery Plan for Vernal Pool Ecosystems of California and Southern Oregon: Methods to Achieve Recovery
ELIZABETH WARNE 167
