**Student Success Map**

### B.A. in Geography—Option in Human Geography and Planning

#### Geography and Planning Department

**Get Good Advice**

- Mandatory major advising is required prior to registration each semester.
- For general course selection, consult Advisers in SSC 220.
- Meet deadlines to register, pay fees, and apply for financial aid.
- Check your Degree Progress Report (DPR) in your Student Center. Go to Academic Advising for help.
- Complete a sufficient number of units each term (15–16 units) to graduate in four years. Some programs require more.
- Check your Student Center prior to registration for registration holds and updating your personal info.
- Check your Student Center in the first two weeks of classes to confirm your class schedule and that all adds and drops have been processed as you expected.
- Check your Student Center after each semester for your grades and academic standing. If your GPA drops below a 2.0, consult an Advisor.

**Take the Right Classes**

- Obtain your Major Academic Plan (MAP). It will enable you and your advisor to plan for each semester. If you need preparatory math and/or English courses, complete them in your first year.
- Take GEOG 101 and GEOG 102, Begin lower division math (MATH 105) and science (BIOL 101) courses.
- Pathways. Consider completing an interdisciplinary minor within your GE. Consult an advisor for help.
- Complete your GE Foundation courses. Explore GE Pathways. Consider completing an interdisciplinary minor within your GE. Consult an advisor for help. Take GEOG 219, GEOG 390
- Attend California Geographical Society Meeting. Seek internship at Geographic Information Center, local public agency, or private consultancy.
- Review your involvement, leadership, and cultural resumes. Have you participated in on- or off-campus activities such as clubs, community service, recreational opportunities, musical, dramatic or cultural performances, lectures or forums? Run for Geography Club Office.
- Attend the Association of Pacific Coast Geographers conference and the California GIS Conference.
- Visit the Career Center to learn about career opportunities and résumé building. Attend a career fair on campus, regularly scheduled early in fall semesters and several times during spring semesters.

**Apply What You Learn**

- Consider an internship to explore your major and build professional skills. Internships provide you with valuable work experience prior to graduation. Volunteer at one of the Butte Creek or Big Chico Creek ecological reserves.
- Consider an internship to explore your major and build professional skills. Internships provide you with valuable work experience prior to graduation. Volunteer at one of the Butte Creek or Big Chico Creek ecological reserves.
- Visit the Sustainability Conference.
- Learn where to find and how to use campus resources such as the Student Learning Center, Health Center, Academic Advising, Wellness Center and your faculty advisor. Visit each of your instructors during their office hours. Make a point to get to know your professors. Apply for scholarships, awards, and financial aid.
- Attend the Association of Pacific Coast Geographers conference and the California GIS Conference.
