

CSU Chico Agricultural Teaching and Research Center
311 Nicholas C. Schouten Ln.
Chico, CA 95928
Tel: (530) 898-5466 FAX:(530)898-5952

On Feb 19, 2009, the CSU Chico Agricultural Teaching and Research Center (ATRC) will present training on Basic GPS Operations: This is a one half day training targeted at irrigation district personnel. The course will be led by Mike Spiess and Brad Laffins (CSU, Chico). This workshop is offered on behalf of a technical support agreement with the Mid-Pacific Region, US Bureau of Reclamation

GPS Course Description

Learn how to use GPS and how to apply capabilities to make your job easier and more efficient. This course will focus on how GPS works, types of GPS available, how to integrate using a GPS in your job, tools available for GPS and hands on use. No prior experience with data loggers is required.

Location: The GPS course will be held at the **CSU Chico, Agricultural and Teaching Research Center**, which is located near the city of Chico at 311 Nicholas C. Schouten Lane.

Time: 8:00 am to 12:00 noon

Cost: \$10.00 to cover course material and snacks

Please RSVP no later than February 6, 2009 by mailing or faxing the registration form.

Course Outline

- 1) How GPS works and types of GPS
- 2) Uses of GPS to locate district infrastructure and maintenance locations
- 2.5) Choosing a GPS system that matches your needs
- 3) Tools to use with GPS (software & hardware)
- 4) Hands on field mapping with various GPS configurations
- 5) Hands on use with GPS data (extract to GIS)
