<tr>
<td><strong>1. Planning Update for October’s Disability Awareness Month</strong></td>
</tr>
<tr>
<td>A final events flyer was distributed. Special thanks to Cheryl, Sandy, Wayne and others for their work during the summer to organize the events.</td>
</tr>
<tr>
<td>Summer meeting updates</td>
</tr>
<tr>
<td>- 15 vendors (Services, products, education) are participating in the fair Oct.3</td>
</tr>
<tr>
<td>- There are 2 brown bags and a Conversation with Diversity</td>
</tr>
<tr>
<td>- Art exhibit in Kendall from Far Northern Regional Center (not listen on flyer)</td>
</tr>
<tr>
<td>- Main event is comedian</td>
</tr>
<tr>
<td>- 2007 planning already underway for performers with Public Events</td>
</tr>
<tr>
<td>Volunteers for a committee information table for Oct 3: Besides members of the planning committee, Lauri will also staff the table. FMS will provide maps of parking locations and an updated project list.</td>
</tr>
<tr>
<td>Advertising campaign has started on the AS website and announcements for the free comedian will be on the marquee. The events will also be listed on Announcements for students and faculty/staff. Sandy found money for a budget and confidence is high. Repeat, confidence is high.</td>
</tr>
<tr>
<td><strong>2. Bollards by Yolo</strong></td>
</tr>
<tr>
<td>FMS will follow-up on the DSS cart blockage that is causing long delays in the transportation of students to classes. Bollards are needed to keep vehicles off the grassy areas.</td>
</tr>
<tr>
<td><strong>3. Parking Issues</strong></td>
</tr>
<tr>
<td>FMS received good feedback from DSS in August to help evaluate the “hard areas” and are “crunching the numbers” to prioritize fixes for students. It’s back to the drawing board right now, so there is nothing new to report. Possibility of expanding Glenn by 2 stalls.</td>
</tr>
<tr>
<td>Holt Hall presents a problem because the parking is parallel and that makes it very hard to comply with the regulations for accessible parking. Discussion with UPD about options is ongoing.</td>
</tr>
<tr>
<td>Construction between Tehama Hall and the residence halls will impact bicycle and vehicle parking.</td>
</tr>
<tr>
<td>Temporary parking is needed within the campus core, and options are being explored. Another update is planned for the next committee meeting.</td>
</tr>
<tr>
<td><strong>4. Website</strong></td>
</tr>
<tr>
<td>Ideas for additional content lead to the formation of a subcommittee: Jeanette, Sandy, Nancy, and Pat. Jeanette will send out the list of links collected by David Martins last spring. Send any additional links to Jeanette.</td>
</tr>
<tr>
<td><strong>5. Open Letter to faculty</strong></td>
</tr>
<tr>
<td>Tabled until spring</td>
</tr>
<tr>
<td><strong>6. Assistive Technology Initiative</strong></td>
</tr>
<tr>
<td>Discussion of monitoring tools continues at the system level. They are currently reviewing submitted proposals. Funding inside of Information Resources for training and conferences is available.</td>
</tr>
<tr>
<td>Survey Monkey has been dropped by the CO for QI because its surveys are not accessible.</td>
</tr>
<tr>
<td><strong>7. Other</strong></td>
</tr>
<tr>
<td>Armando gave a quick summary of his experience at Bridges to Employment for Latinos, a conference he attended this summer.</td>
</tr>

There is a need for the installation of an audible light at 2nd and Normal where the public transportation buses park. FMS has been talking to the City about this. Lauri will send Glennda information she found on audible lights.
Elevators in various buildings are being evaluated but they pose planning problems due to their high cost. The minor cap money for the last several years has been relegated to the lawsuit.
