MOBILITY LIMITATION
Documentation Guidelines

The following guidelines are provided in the interest of assuring that the documentation is appropriate to establish the student as an individual with a disability and to provide a rationale for reasonable accommodations. These guidelines are consistent with the CSU Policy on Provision of Services to Students with Disabilities.

Verification of Mobility Limitation:
Documentation shall be provided by a verifying professional qualified to assess the nature and extent of mobility impairment, including a licensed physician, or orthopedist.

Testing must be current. Since assessment constitutes the basis for determining reasonable accommodations, it is in a student's best interest to provide verification that reflects current level of functioning.

Type of Documentation:
You may submit a letter from your physician on letterhead stationary which addresses the areas above or you may choose to use the Disability Verification form provided here.

www.csuchico.edu/arc/disabilityverification

If a disability is obvious and apparent, written documentation may not be necessary.

Veteran’s who have a service related disability rating may submit a DD 214 form or similar as evidence of ABI in lieu of the above.
