Please join visiting artists AK/OK for a socially engaged art project and drop-in drawing workshop, *A People's Museum of LGBTQ History*, on Feb 19 & 20, 2018.

**A People's Museum of LGBTQ History:** This socially engaged art project brings together community members in the creation of a grassroots archive of LGBTQ history. Artist duo AK/OK will conduct a drawing workshop in which participants tell the story of the first lesbian, gay, bi, or trans person they remember in their life. The resulting collection of drawings and stories is a repository of portraits and memories about the LGBTQ people (childhood friends, teachers, family members, etc.) who have played a role in everyday people's lives.

In an exchange of creative labor, all participants will be credited for their contribution to the exhibition and will receive their own official uniform of *An Army of Lovers*, a T-shirt emblazoned with the power rainbow symbol. ***Participants should bring their own T-shirt to screen print!***
