

**Friends of the Biological Sciences Herbarium  
California State University, Chico**

# **Jim Jokerst Field Botany Award**

\*\*\*\*\* APPLICATION FORM \*\*\*\*\*

Name: \_\_\_\_\_

Address: \_\_\_\_\_

Phone: \_\_\_\_\_

e-mail: \_\_\_\_\_

Declared major: \_\_\_\_\_

Class level in this Spring semester: \_\_\_\_\_

Project title: \_\_\_\_\_

Faculty sponsor: \_\_\_\_\_

Your application for this scholarship must consist of:

This application form.

A one to two page description of your project. Please include with your project description your project title, project goal, why you chose the project, where the field work will take place, and when you plan to complete your project.

Sophomores, Juniors, Seniors, and Graduate students are eligible. Projects must be part of Independent Study or Thesis coursework. Projects must be botanically or ecologically oriented, and must be field oriented or include an important field component. *Applications are assessed by the Friends of the Herbarium solely on the basis of the merits of the project.*

The project description from the winning applicant will be published in the Newsletter of the Friends of the Biological Sciences Herbarium. In addition, the Award winner is requested to make a short presentation about their project at the Friends of the Biological Sciences Herbarium annual meeting in the following Fall.

**Applications must be submitted to the Biological Sciences office, room 205  
no later than March 1.**
