Academic Policies and Regulations

Academic Advising
You are responsible for knowing and meeting all degree requirements and for making every reasonable effort to obtain academic advising. Frequent communication with your faculty advisor will help insure that you have current academic information and are making adequate progress towards your educational goals. All departments recommend, and some require, that you see your advisor at least once a semester.

To be assigned a faculty advisor, call or visit the department office of your major. In some major programs, it is important to specify your area of specific interest within the major when you request your advisor. If you are an undergraduate and have not yet declared your major, you are advised through the Office of Advising and Orientation.

Direct your general academic problems and concerns to the Office of Advising and Orientation, Meriam Library 191. If you are considering a teaching credential, you should also see the “Education” chapter in this catalog for detailed information on teaching credentials and programs, and where and how to get appropriate advising.

If you are a new or readmitted student, you are required to see an advisor in your major department either prior to your initial registration or during the first two weeks of the semester you first enroll.

If you change your major, you are required to see an advisor in the major to which you are changing and obtain approval on the Undergraduate Plan Change Form (http://em.csuchico.edu/soa/forms/planchangeform/). You are invited to evaluate your academic advisor as one means of improving the quality of advising available on campus. Evaluations should be written, signed, and sent to the dean of the college sponsoring your major. The evaluation might include expressions of appreciation for excellent work as well as constructive criticism.

Academic Honesty
You are expected to maintain a high standard of academic honesty. Dishonesty may bring grade reduction or other sanctions as provided in Section IV-A of the Code of Student Rights and Responsibilities. Copies of this publication are available from the Office of Student Judicial Affairs, Kendall Hall 110. Also see the chapter titled “Student Judicial Affairs” in this catalog.

Attendance in Class
You are expected to attend classes regularly. You should discuss absences with your instructors, but you may report an absence of more than a week’s duration to the Office of Advising and Orientation when it results from circumstances beyond your control, such as illness or accident. The office will then send notification of your absence and the reason for it to your instructors. Instructors can, if they choose, drop you from a course for non-attendance.

Auditing Courses
You may audit classes by paying the normal registration fee. An auditor is a student who enrolls in a course for informational purposes only. Regular attendance in classes is customary, but you do not take examinations and do not receive credit for the course. Enrollment as an auditor is subject to the permission of the instructor, and only after students otherwise eligible to enroll in the course on a credit basis have had an opportunity to do so. Auditors are subject to the same fee structure as credit earning students. As an auditor, you may not change to credit status after the last day to add classes without special permission. Normally, if you are enrolled for credit, you may not change to audit after the second week of classes.

Classification of Students by Class Level
Class levels are the categories used to classify students on the basis of units completed. Freshmen or First Year Students are those who have completed fewer than 30 semester units (45 quarter units). Students who have completed 30 to 59 semester units (45 to 89.9 quarter units) are considered sophomores. Juniors are those who have completed 60 to 89 semester units (90 to 134.9 quarter units). Students who have completed 90 or more units (135 quarter units) have achieved senior status. Graduate Students are those who have graduated with a bachelor’s degree from an accredited college or university.

Course Credit Policies

Academic Credit for Prior Experience
In recognizing that intellectual growth can occur in settings other than the classroom, CSU, Chico has adopted a policy under which students may petition to have their previous non-classroom experiences evaluated for possible academic credit, up to a maximum of 30 units for undergraduates. Credit for prior experience is not available to graduate students. If, after evaluation, it is determined that such experiences resulted in learning at a level of sophistication comparable to or greater than that provided by normal classroom instruction, you will be awarded credit in amount based on the evaluation. You will not be granted credit for the experience per se, but for academic learning which took place as a result of, or along with, the experience. The college-level learning must comprise both theory and practice, be well documented, and be assessed through a portfolio for evaluation. You must be enrolled in the University for the semester in which you receive credit. Academic credit earned for prior experience does not count as residence credit. CR/NC grading is mandated for academic credit for prior experience.

You may obtain additional information and a petition to request an evaluation of previous non-classroom experiences from the Office of the Provost, Kendall Hall 106. You must pay the appropriate fees for any credit granted.

Challenging CSU, Chico Courses
You may apply to challenge any course listed in the current University Catalog by passing a special examination on the course content. Courses applied towards a master’s degree may not be challenged. Credit earned by challenging courses will not apply towards residence requirements. CR/NC grading is mandated for challenged courses except in those contexts approved in advance by the Vice President for Academic Affairs. To challenge, you must be enrolled in the University and in the course for the current semester and pay the appropriate fees. You may not challenge a course if you have previously received credit for a more advanced course dealing with the same concepts.

To apply to challenge a course, you must submit a letter, no later than the end of the second week of class, to the chair of the department offering the course. Your letter must include pertinent information concerning your educational background, readiness to challenge a course by examination, potential educational value of such a challenge in contrast to experiencing a class, and your contact with a faculty member in the context of such enrollment. The department chair will approve or deny the application based on department policy and information on your application, and will notify you of the decision. If approved, the course instructor will administer a written examination to you. Where skills are involved, a performance test may be required in addition to the written examination. If you pass the examination, the department chair will send a memorandum instructing the Registrar to enter the credit on your academic record as “passed by examination,” with a grade symbol of CR. If you fail the exam, you may remain in the course and receive a letter grade upon completion of the course. (You may request the CR/NC grading option, if appropriate, in accordance with established university policy and procedures.) Your application form and the examination will be retained in the department office for at least one year.

No more than 30 semester units of credit earned by challenging courses may count towards the bachelor’s degree. Certain major requirements may be waived by departmental examination, but no units will accrue.

Credit by External Examination
Chico grants credit to those students who pass examinations which have been approved for credit system wide. These include the Advanced Placement (AP) examinations and some College Level Examination Program (CLEP) examinations. See “Credit by Examination” under “Records and Registration” for additional information. A maximum of 30 semester units may count towards the bachelor’s degree (AP credit not included).

Extension and Correspondence Credit
Open University credit is now residence credit with limitations (refer to Regional and Continuing Programs). The California State University does not offer correspondence courses but will accept as non-resident credit baccalaureate-level correspondence courses from other regionally accredited institutions. The maximum amount of extension credit which may be applied towards the bachelor’s degree is 24 semester units. If you are a graduate pursuing a master’s degree, refer to the “Graduate Education” section for specific limitations on the use of extension course credit. Extension credit may not be used to satisfy the residence requirement.
Transfer Credit
To obtain transfer credit for courses completed elsewhere, be sure to send final official transcripts from all schools you have previously attended to the Office of Admissions. If you attend summer school away from CSU, Chico, be sure to also send that transcript to the Office of Admissions. The transfer credit will then appear on your Degree Progress Report, which you can access through your Portal account. Please see the section “Evaluation of Transfer Credit” in the chapter “Academic Advising Programs” in this catalog for additional information.

Course Registration, Change of Program, and Withdrawal Policies

Registration
Students register for classes using their Portal account. There are two enrollment periods for students to conduct registration activities. Initially, each semester, students are assigned an enrollment appointment which allows access for students to add and drop classes. Once the appointment period has ended and fees are calculated for all registered students, an open add/drop period begins. The open add/drop period ends on the Friday of the second week of classes for the fall and spring semesters.

Students receive confirmation of their registration transactions in real-time. Further confirmation may be made by accessing their class schedules online. For session dates and deadlines, please visit the Chico State home page at http://www.csuchico.edu/schedule.

Beginning with the third week of classes students must obtain a “Change of Program” (COP) form to make any changes to their enrollment. Signature of the instructor is required; department chair and college dean may also be required. COP forms are available online under Student Records & Registration Forms at http://www.csuchico.edu/sro/ or from the department office or the Student Records and Registration Office. COP forms submitted more than 10 working days from the last approval signature will not be processed.

Registration procedures and policies may, and often do, change more frequently than the publication of this catalog. Please also review the “Records and Registration” chapter in the University Catalog, as well as any annual revisions and appropriate notices in the Class Schedule. You may access the most up to date version of the University Catalog or Class Schedule on the Chico State homepage, http://www.csuchico.edu.

It is vital that the University has accurate and timely address information on record. You are required to keep the University informed of all local and permanent address changes. If you wish to have bills mailed to an address which is different from either your local or your permanent address, you may specify a billing address. To change your address information log on to your Portal account or visit the Student Records and Registration Office, Meriam Library 180.

Adding and Dropping Courses, Changing Grade Options

Students may add or drop courses or change grade options without re-stricting penalties and without instructor approval during the first two weeks of the semester using the Portal or, where necessary, by submitting a Change Of Program (COP) form.

Some classes require permission of the instructor or other special requirements. These classes are normally noted in the Class Schedule. In classes requiring permission of instructor to register, the instructor may provide you a Permission Number or a COP form to add the class. The Permission Number is required to add the course through the Portal. The COP form, bearing the instructor's signature of approval, must be submitted to the Student Records and Registration Office within 10 days.

Exception for required remedial English and mathematics courses.

During the first two weeks of the semester, students who are enrolled in required remedial mathematics and English courses may not drop those courses without written permission of the department chair or the chair's designee.

Students who have paid fees may add and drop classes during the add/ drop period without financial penalty, unless the unit load changes from half time to full time enrollment. Students are financially liable for classes in which they are enrolled as of the first day of classes PLUS any classes in which they may subsequently enroll. See also the chapter “Fees, Tuition, Refunds, and Holds” for refund policies.

During the third and fourth weeks of classes, COP forms to add, drop, or change grade options will require the approval signature of the instructor.

If your request to drop a class is received and processed in the Student Records and Registration Office before the end of the fourth week of classes, that class will not appear on your academic record. After the fourth week, a letter grade of “W” (signifying “Withdrawal”) will appear on your academic record for each course approved for dropping. The grade of “W” carries no notation of quality of performance and is not used in calculating your grade point average at the University.

After the end of the fourth week of the semester, the University's census date, all COP forms to add, drop, or change grade option will require a serious and compelling reason and signatures of the instructor, department chair, and college dean. See below for criteria used for evaluating a serious and compelling reason.

During the final three weeks of the semester, no drops will be permitted except for circumstances clearly beyond the student's control (such as accident or serious illness) and when the assignment of an “Incomplete” is not practicable. (Reference: EM 98–06)

Students withdrawing from all their classes follow a procedure different from that for students requesting permission to drop only some of their classes (see “Withdrawal from the University” below). Failure to withdraw officially will result in grades of F, WU, or NC in each course. If you are considering dropping or withdrawing, request assistance from the Office of Advising and Orientation and discuss your situation with your faculty advisor.

Serious and Compelling Reasons:
The following situations are typical of those for which “serious and compelling” is appropriate justification for approving withdrawals and changes of grade option after the fourth week of classes:

1. An extended absence due to a verifiable accident, illness, or personal problem serious enough to cause withdrawal from the University. For example, a one- to two-week absence with a doctor's written excuse.

2. An extended absence due to a death in the immediate family. This applies to absences exceeding a week due to family affairs that must be attended by the student.

3. A necessary change in employment status which interferes with the student's ability to attend class. This change in employment status must be verified in writing by the student's employer.

4. Other unusual or very special cases, considered on their own merit.

The following situations would not fall under the intent of “serious and compelling”:

1. Grade anticipated in class is not sufficiently high, or student is doing failing work.

2. Failure to attend class, complete assignments, or take a test.

3. Dissatisfaction with course material, instructional method, or instructor.

4. Class is harder than expected.

5. Pressure of other classes, participation in social activities, or simple lack of motivation.

6. A change of major.

Withdrawing from the University

Students who find it necessary to withdraw from CSU, Chico beginning with the first day of classes in a term are required to follow the official withdrawal procedures. Failure to follow formal withdrawal procedures may result in the assignment of failing grades in all courses and the need to apply for readmission before being permitted to enroll in another academic term. Information on withdrawal procedures is available from Student Financial Services, Meriam Library 180, 898-5142. You may also want to apply for a Planned Educational Leave at the same time.

If you withdraw from the University, a portion of your fees will be reversed for withdrawals which occur on the first day of classes through the 60% point of the semester. Fees will not be reversed for any withdrawals that occur after this date, except for students who are unable to continue courses because of compulsory military service. See Refund Schedule and additional information in the chapter “Fees and Expenses” and current term information in the Class Schedule sections on “Important Registration Activities, Dates, and Deadlines” and “Fees, Tuition, Refunds, and Holds.”

During the final three weeks of the semester, you are normally not eligible to withdraw and receive grades WU, except in the case of “serious illness or accident” when assignment of an Incomplete is not practical. Under no circumstances will you be allowed to withdraw if you have taken final examinations.

Failure to withdraw officially can result in grades of F, U, WU, or NC in each course. If you are considering withdrawing during the final three weeks of the semester, request assistance from the Office of Advising and Orientation and discuss your situation with your faculty advisor. If for any reason you are unable to withdraw in person, write or call the Office of Advising and Orientation, 530-898-3712, to request withdrawal.

Students who are receiving financial aid funds must consult with the Financial Aid Office and Student Financial Services prior to withdrawing from the University regarding any required return or repayments of grant or loan assistance received for that academic term. If a recipient of financial assistance under federal Title IV financial aid programs withdraws from the institution during a payment period, the amount of grant or loan assistance received is subject to return and repayment provisions governed by federal law.
Course Selection Policies
Consult with a faculty advisor in your major to plan your academic program (Undeclared students receive advising in the Office of Advising and Orientation). Refer to the Major Academic Plan (MAP) for your major (available online). Familiarize yourself with the required and elective courses listed in the catalog for your major and with any other material provided by departments or the University. It is particularly important to note whether certain prerequisites must be completed before taking other required courses in a given program. Failure to complete a prerequisite course may delay graduation or in other ways adversely affect your program or progress. A typical program will contain 15 or 16 units a semester. If you have less than a superior record of scholastic achievement, you are advised to take no more than 18 units a semester.

Maximum Student Course Load
Undergraduate students may enroll for up to a specified maximum number of units during the initial enrollment appointment period. Check the Class Schedule for the current maximum units’ limitations. During the open add/drop period you may add additional courses up to a maximum of 21 units without special permission if you are in good academic standing.

Seniors wishing to enroll for more than 21 units must obtain approval from their department chair and college dean. If you are not a senior, but an undergraduate with at least a 2.75 GPA in your two most recent semesters, you may petition to enroll in more than 21 units through the same procedures. Petition forms are available in the Student Records and Registration Office and must be returned along with the COP form which brings the total units above the maximum. If you are a freshman or sophomore who has not declared a major, you must obtain approval from the Director of Academic Advising Services. The Academic Senate has recommended that students on academic probation limit course loads to no more than 14 units.

A postgraduate student may enroll for up to 16 units. You must obtain special approval to exceed 16 units from your departmental graduate advisor. If you enroll for more than the authorized number of units, you will be disenrolled from the most recently added courses until your program is approved.

Remedial/Developmental Courses
The following courses have currently been designated as remedial/developmental: ENGL 030, MATH 011, MATH 012, MATH 031, MATH 032, and MATH 051. These are designed to assist students in developing basic skills that are essential to successful University achievement. Additional courses may be designated as remedial or developmental when needed. Credit for remedial/developmental courses does not count towards the bachelor’s degree. This credit will count, however, in establishing eligibility for financial aid and full-time enrollment status.

Independent Study and Special Purpose Courses
You are strongly advised to enroll in no more than 3 units of independent study per semester (courses numbered 199, 299, 399, or 499), with a maximum of 6 units applying towards a bachelor’s degree. All 199, 299, 399, and 499 courses (except honors) are graded CR/NC, and none will apply to a master’s degree program. Your proposal for 199, 299, 399, or 499, as well as graduate 697 and 699 course work, must be approved by the department before you can finalize registration in such course work. If this approval is not granted until after the regular add period, permission of the department chair and college dean will be required (see instructions regarding 697 and 699 course work under “Graduate Education”).

Internship and Experience-Based Learning Courses
Internship and other experience-based courses are numbered 189, 289, 389, or 489, depending on the course level. These courses involve business and other community work with placement in a business, public or private agency under the supervision of a qualified professional. A maximum of 15 internship units may be applied to a bachelor’s degree at CSU, Chico.

Planned Educational Leave/PEL (Undergraduate)
Planned Educational Leaves (PELs) are available to undergraduates who are in good standing at CSU, Chico. Leaves may be granted to students for a maximum of two consecutive semesters. Under limited educational circumstances, a PEL may be extended for up to two additional semesters. Requests for extensions must be made in writing to the Student Records and Registration Office. Students who are granted a PEL maintain certain rights and privileges ordinarily associated with continuing student status, even though not officially enrolled. However, being on an approved PEL will not defer your student loans. Loans can only be deferred by continuous enrollment.

To Request a PEL:
1. Submit the “Planned Educational Leave Request” (Undergraduate) to the Student Records and Registration Office, Meriam Library 180, no later than the end of the fourth week of classes during the first semester of the leave.
2. If you are receiving support services from Educational Opportunity Programs (EOP), Meriam Library 172, meet with your advisor regarding your leave before submitting your request form.
3. If you are an international student, see an International Student advisor in the Center for International Studies, Tehama Hall 211, prior to your departure.
4. If you received student financial aid while attending CSU, Chico, consult with the Financial Aid Business Office, Kendall Hall 213, prior to your departure.

Upon return after a PEL:
1. The University will anticipate your return as a continuing student based on the semester indicated on the PEL application and have you properly classified as a continuing student. You do not need to do anything if you return as planned. However, you must return to the University for the semester you indicated on your PEL request form or obtain approval from the Student Records and Registration Office for a change in your plans. If you do not return as planned, without notification, you will lose your PEL status and will need to reapply for admission when you wish to return to Chico.
2. Upon your return, or as early as the Registration Period for the semester of your return (April–June for fall, October–November for spring), visit the online Class Schedule at http://www.csuchico.edu/schedule/. Follow the registration procedures and timeline provided there.
3. Access the Portal to add courses as desired, and follow all other procedures for registration, financial aid, and fee payment.
4. You must request that official transcripts be forwarded to Student Records if you attend another college or university while on PEL.

For more information and the forms you should use to request a PEL, inquire in the Student Records and Registration Office, Meriam Library 180, 530-898-5142 or download the form at http://em.csuchico.edu/sro/forms.asp. If you are a graduate student, see “Graduate Education, Continuous Enrollment,” or inquire at the Graduate School, Tehama Hall 209, 530-898-6880.

Grading System and Policies
The Functions of Grading
Underlying the rationale for grades is the theme of communication. Grades communicate one or more of the following functions:

1. To recognize that classroom instructors have the right and responsibility to provide careful evaluation of student performance and the responsibility for timely assignment of appropriate grades;
2. To recognize performance in a particular course;
3. To act as a basis of screening for other courses or programs (including graduate school);
4. To inform you of your level of achievement in a specific course;
5. To stimulate you to learn;
6. To inform prospective employers and others of your achievement.

Most courses employ standard letter grading described below. In some classes all students will be graded A, B, C, NC (No Credit) and in others CR (Credit) or NC only, as determined by the department. Students will be advised at the beginning of a course if either of these patterns is to be used.
**Definition of Letter Grading Symbols**

**Undergraduate Courses (numbered 100 to 599):**

A—Superior Work:
A level of achievement so outstanding that it is normally attained by relatively few students.

B—Very Good Work:
A high level of achievement clearly better than adequate competence in the subject matter/skill, but not as good as the unusual, superior achievement of students earning an A.

C—Adequate Work:
A level of achievement indicating adequate competence in the subject matter/skill. This level will usually be met by a majority of students in the class.

D—Minimally Acceptable Work:
A level of achievement which meets the minimum requirements of the course.

F—Unacceptable Work:
A level of achievement that fails to meet the minimum requirements of the course. Not passing.

**Graduate Courses (numbered 600 to 699):**

A—Superior Work:
A level of achievement so outstanding that it is normally attained by relatively few students.

B—Very Good Work:
A level of achievement indicating adequate competence in the subject matter/skill. This level will usually be met by a majority of students in the class.

C—Minimally Acceptable Work:
A level of achievement which meets the minimum requirements of the course.

F—Unacceptable Work:
A level of achievement which fails to meet the minimum requirements of the course. Not passing.

**Use of Plus/Minus Symbols and Grade Points:**
Standard letter symbols will be used with + and – modifiers for undergraduate and graduate grading, with the following associated grade points:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.0</td>
</tr>
<tr>
<td>A+</td>
<td>4.0+</td>
</tr>
<tr>
<td>A–</td>
<td>4.0–</td>
</tr>
<tr>
<td>B</td>
<td>3.0</td>
</tr>
<tr>
<td>B+</td>
<td>3.0+</td>
</tr>
<tr>
<td>B–</td>
<td>3.0–</td>
</tr>
<tr>
<td>C</td>
<td>2.0</td>
</tr>
<tr>
<td>C+</td>
<td>2.0+</td>
</tr>
<tr>
<td>C–</td>
<td>2.0–</td>
</tr>
<tr>
<td>D</td>
<td>1.0</td>
</tr>
<tr>
<td>D+</td>
<td>1.0+</td>
</tr>
<tr>
<td>D–</td>
<td>1.0–</td>
</tr>
<tr>
<td>F</td>
<td>0.0</td>
</tr>
<tr>
<td>WU</td>
<td>0.0</td>
</tr>
<tr>
<td>IC</td>
<td>0.0</td>
</tr>
</tbody>
</table>

The use of plus/minus modifiers still permits A, B, C, D, and F grades to be used in disciplines or courses where finer divisions are not possible.

**Computation of Grade Point Average (GPA):**
The Grade Point Average is determined by dividing the number of grade points earned by the number of units attempted. Credit/No Credit grades are not computed in a grade point average; Credit grades count towards total units passed and, therefore, towards graduation (No Credit grades do not count). Grade point averages for students individually and collectively, and for total units passed and, therefore, towards graduation (No Credit grades do not count). Grade point averages for students individually and collectively, and for total units passed and, therefore, towards graduation (No Credit grades do not count) are not computed in a grade point average; Credit grades count towards graduation (No Credit grades do not count).

Grades of WU and IC are calculated in grade point averages at CSU, Chico. Grades of Incomplete (I), Withdraw (W), and Audit (AU) are not calculated in grade point averages at CSU, Chico.

**Credit/No Credit Grading:**

Note: If you plan to transfer to graduate or professional schools, be aware that some schools in evaluating transfer credit may regard Credit (CR) grades as Cs and No Credit (NC) grades as Fs.

**Mandated ABC/No Credit or Credit/No Credit Grading**
In some classes all students will be graded ABC/NC (undergraduate level) or AB/NC (graduate level) and in others courses CR (credit) or NC (no credit). Students will be advised at the beginning of a course if either of these patterns is to be used.

CR/NC grading is mandated for courses in which standard grading procedures are not practical or possible (i.e., independent studies, credit for prior experience, or challenge exams).

**Optional CR/NC Grading**
Courses required for your major or minor and courses used to satisfy General Education requirements must be taken for a letter grade. In elective courses, i.e., those not taken for the major, minor, or General Education requirements, undergraduate students are allowed the option of taking courses CR/NC. Up to 30 units of elective CR/NC course work may be applied to a bachelor’s degree program. In some courses CR/NC is the only grading pattern allowed, and these will not count as part of the 30-unit limit.

In courses taken for an optional CR/NC grade, the instructor will apply the same criteria to all grades in the course. After grades are determined, reported, and recorded using the standard ABCDF scale, the grade is converted to CR/NC according to the following criteria. For courses numbered 100–599, CR is defined as C– and better, and NC will be awarded for D, F, or WU work. In 600-level courses, CR is defined as a B– or better and NC will be awarded for C, D, F, or WU work.

As a graduate student you are allowed 10 units of CR/NC in a master’s program; however, within the major department only 698/699 courses or courses graded CR/NC only may be taken as CR/NC. There is no restriction on the number of CR/NC courses that you can take if you are a post-baccalaureate student who is not in the master’s program.

You may elect CR/NC grading before the end of the second week of class by completing a CR/NC form available from the Student Records and Registration Office. During the third and fourth week instructor approval is required. After the fourth week you will need a serious and compelling reason and the permission of the instructor, department chair, and college dean to change your grade option.

**Other Grading Symbols**

**AU—Audit**
An AU denotes registration in a course in which fees are paid but for which no credit is earned by the student. Completion of the course will result in the grade of AU being posted to the student’s permanent record.

**I—Incomplete:**
The symbol “I” (Incomplete Authorized) indicates that a portion of required course work has not been completed and evaluated in the prescribed time period due to unforeseen, but fully justified, reasons and therefore is still a possibility of earning credit. It is the responsibility of the student to bring pertinent information to the attention of the instructor and to determine from the instructor the remaining course requirements which must be satisfied to remove the Incomplete. A final grade is assigned when the work agreed upon has been completed and evaluated.

An “I” must normally be made up within one calendar year immediately following the end of the term during which it was assigned. This limitation prevails whether or not the student maintains continuous enrollment. Failure to complete the assigned work will result in an “I” being converted to an “IC” symbol, unless the faculty member assigns a specific letter grade at the time the Incomplete is assigned, which would replace the “I” in the student’s record at the end of the calendar year deadline.

You are NOT to re-enroll in a course in which you have received an “I”, grade. If you do, the “I” will revert to an “IC” or “NC”, depending on the grading method for the course.

**IC—Incomplete Charged**
The symbol “IC” may be used when a student who received an authorized incomplete (I) has not completed the required course work within the allowed time limit. The “IC” replaces the “I” and is counted as a failing grade for grade point average computation.

**WU—Withdrawal Unauthorized**
The symbol “WU” indicates that an enrolled student did not withdraw from the course and also failed to complete course requirements. It is used where a student, who is enrolled on census date, does not officially withdraw from a course but fails to complete it. It’s most common use is in those instances where a student has not completed sufficient course assignments and/or participated in sufficient course activities to make normal evaluation of academic performance possible. For purposes of grade point average computation this symbol is equivalent to an “F.” The instructor shall report the last known date of attendance by the student. Failure to complete the assigned work will result in an “I” or “IC” symbol being converted to an “IC” symbol, unless the faculty member assigns a specific letter grade at the time the Incomplete is assigned, which would replace the “I” in the student’s record at the end of the calendar year deadline.

You are NOT to re-enroll in a course in which you have received an “I”, grade. If you do, the “I” will revert to an “IC” or “NC”, depending on the grading method for the course.

**RD—Report Delayed:**
RD indicates that the instructor has delayed or not reported a grade. An RD is due to faculty action rather than student action.

**RP—Report in Progress:**
The “RP” symbol is used in connection with Independent Study (698), Master’s Study to be completed within one year except for graduate degree theses. It is employed in connection with Independent Study (698), Master’s Study.
Academic Policies

Assignment and Change of Grades

To verify that assigned grades are identical to posted grades, the Student Records and Registration Office shall provide instructors with a final copy of the posted grades for each course. It is presumed that grades assigned by the responsible instructor are correct. For a grade to be changed, an appeal must demonstrate that the grade was not correct.

In the absence of a compelling reason for change, the grade assigned by the instructor is final. Examples of compelling reasons for a change of grade include:

1. Instructor error in computing or marking the grade;
2. Clerical error by the Student Records and Registration Office in posting the grade;
3. Prejudice on the part of the instructor in assigning the grade, or;
4. Failure by instructor to follow grade standards described in the course.

You may appeal an assigned grade to the instructor of record. Then,

1. If the instructor of record agrees there is a compelling reason to change the grade, a change of grade resulting from this review will be made on an official Change of Grade form provided by Student Records and Registration. The responsible department chair and college dean must approve the change and countersign the form.

2. If the instructor of record does not agree there is a compelling reason to change the grade and you, the student, still believe the assigned grade to be incorrect, you may pursue the complaint through the Student Grievance Procedures as described in EM 94–22 and referenced below.

3. If the instructor of record is not available, the department chair, in concurrence with the dean and the Coordinator of Student Judicial Affairs, may authorize a change of grade. No grades may be changed on a student academic record after a degree has been granted and posted on the academic record.

Grievance Procedures Related to Grades

Grievances related to grades, University services, and academic programs on and off campus may be resolved either by an informal or formal process through the use of the Student Grievance Procedures. Every student has the right to use these procedures. Consult the Coordinator for Student Judicial Affairs, Kendall Hall 110, 530-898-6897, for further information.

Academic Probation and Disqualification

Academic Probation

As an undergraduate student, you are subject to academic probation if at any time your cumulative grade point average in all college work attempted in the most recent academic term or your cumulative grade point average at CSU, Chico falls below 2.00.

As an undergraduate student, you will be removed from academic probation when your cumulative grade point average in all college work attempted and your cumulative grade point average at CSU, Chico is 2.00 or higher.

If you are on academic probation, you are required to meet with your faculty academic advisor no later than the end of the second week of classes each semester until you are no longer on Academic Probation. You are also strongly encouraged to meet with a staff member in the Office of Advising and Orientation. The Academic Senate recommends that you limit your course load to no more than 14 semester units until you are removed from academic probation.

Academic Disqualification While on Academic Probation

As an undergraduate student on academic probation, you are subject to academic disqualification when:

1. As a freshman (fewer than 30 semester hours of college work completed) you fall below a grade point average of 1.50 in all units attempted or in all units attempted at CSU, Chico.
2. As a sophomore (30 through 59 semester hours of college work completed) you fall below a grade point average of 1.70 in all units attempted or in all units attempted at CSU, Chico.
3. As a junior (60 through 89 semester hours of college work completed) you fall below a grade point average of 1.95 in all units attempted or in all units attempted at CSU, Chico.
4. As a senior (90 or more semester hours of college work completed) you fall below a grade point average of 1.95 in all units attempted or in all units attempted at CSU, Chico.

Academic Disqualification, Not on Academic Probation

As an undergraduate or graduate student, not on probation, you may be disqualified when the following circumstances exist:

1. At the end of any term, you have a cumulative grade point average below 1.0, and
2. Your cumulative grade point average is so low that in view of your overall educational record, it seems unlikely that your deficiency will be removed within a reasonable period.

Notice of Disqualification

If you are disqualified at the end of an enrollment period under any of these provisions you will be notified before the beginning of the next consecutive regular enrollment period. If you are disqualified at the beginning of a summer enrollment break you will be notified at least one month before the start of the fall term. In cases where you ordinarily would be disqualified at the end of a term, save for the fact that it is not possible to make timely notification, you may be advised that the disqualification is to be effective at the end of the next term. Such notification will include any conditions which, if met, would result in permission to continue in enrollment. Failure to notify students does not create the right of a student to continue enrollment.

Administrative-Academic Probation

As an undergraduate or graduate student, you may be placed on administrative-academic probation for any of the following reasons:

1. Withdrawal from all or a substantial portion of a program of studies in two successive terms or in any three terms. (Note: If your withdrawal is directly associated with a chronic or recurring medical condition or its treatment, you are not subject to Administrative-Academic probation for such withdrawal.)
2. Repeated failure to progress towards the stated degree objective or other program objectives, including the requirements of the degree program, at a rate that results from assignment of 15 units of No Credit (NC) grades when such failure appears to be due to circumstances within the control of the student.
3. Failure to comply, after due notice, with an academic requirement or regulation, as defined by CSU, Chico policy, which is routine for all students or a defined group of students (examples: failure to complete a required CSU or CSU, Chico examination, failure to complete a required practicum, failure to comply with professional standards appropriate to the field of study, failure to complete a specified number of units as a condition for receiving student financial aid or making satisfactory progress in the academic program).
Administrative-Academic Disqualification
As an undergraduate or graduate student who has been placed on administrative-academic probation, you may be disqualified from further attendance if:

• You do not meet the conditions for removal of administrative-academic probation within the period specified.
• You become subject to academic probation while on administrative-academic probation.
• You become subject to administrative-academic probation for the same or similar reason for which you have been placed on administrative-academic probation previously, although not currently in such status.

When such action is taken, you will receive written notification including an explanation of the basis for the action.

Procedures for Reinstatement
You may seek academic reinstatement after at least one academic year (two complete semesters) has elapsed since your disqualification. You must submit a letter of appeal before the established deadline. These deadlines may be found in the “Academic Calendar” in the front section of the University Catalog. In addition, you must also submit your application for readmission and accompanying application fees in conjunction with your letter of appeal for reinstatement. Consult the Office of Advising and Orientation for assistance. Send your letters of appeal to the Academic Status Committee, in care of the Office of Advising and Orientation.

Repeating Courses
General Repeat Policy
Students may repeat courses originally taken for a letter grade if the earlier attempt resulted in a grade of “C–” or lower. Graduate students may repeat courses in which they earned a grade of “B–” or lower. The repeated course grade will be averaged with all other grades in determining the grade point average. There is no limit to the number of units which may be repeated when grades are averaged together under this policy. Except for specially designated courses, units earned for a course count only once towards degree requirements. In instances where a student repeats a course for which a grade of “C” or better (“B” or better for graduate students) was earned, neither units attempted, passed, nor grade points will be counted towards degree requirements. Courses originally taken in which the student earned a grade of No Credit may be repeated. If a student enrolls in a course for which the grade of record is “I”, the “I” will revert to an “IC” grade and be counted as an “F” in the grade point average calculation.

In any course or program where enrollment demand exceeds the resources to offer sufficient offerings or sections to meet that demand, the academic unit may give registration priority to students taking the course for the first time.

Undergraduate Repeat with Forgiveness
This policy applies to a course taken repeated at Chico, not elsewhere. If you have graduated, you may not use the provisions of this policy to repeat for forgiveness a course taken prior to your date of graduation. No more than two courses may be repeated with forgiveness at CSU, Chico. Undergraduate students who wish to repeat courses at CSU, Chico and have the earlier letter grades deleted in the computation of their cumulative grade point averages may do so under the following conditions:

1. If the earlier attempt resulted in a grade of “C–” or lower;
2. The student has already enrolled in the course;
3. There is no regression involved;
4. A petition stating that the course is being repeated with grade forgiveness is submitted by the student to the Student Records and Registration Office;
5. The student has not exceeded the two course limit.

The Student Records and Registration Office will determine whether the petition meets these five criteria. If the course was originally taken at another institution, the department will be responsible for determining whether there is reasonable equivalency.

Under this policy, only the last grade earned will be calculated in the grade point average. All grades will remain on the student’s permanent record, but the record of a previous grade in the course will be marked to indicate that the course has been repeated. This forgiveness policy may not be invoked to remove an incomplete, nor does it apply to a course first taken Credit/No Credit.

Students may receive approval for only two repeat-with-forgiveness petitions. If a petition to repeat with forgiveness does not meet the five criteria and the course is completed, then the repeated course grade will be governed by the General Repeat Policy above. Other schools outside the California State University system, including professional and graduate schools, may not honor this policy on repetition of courses with forgiveness. Veterans should consult the Office of Veteran’s Affairs to determine the impact of course repetition on their eligibility for benefits.

Forms are processed three times a year, after each grade cycle. If you are submitting a petition after the grade cycle, the petition will be processed in the next grade cycle (at the end of the next semester) unless a “Rush Fee” is submitted with the petition to pay for immediate processing.

Graduate Repeat with Forgiveness
Post-baccalaureate students pursuing a second bachelor’s degree, a second major, a credential, or a minor are subject to the undergraduate repeat policy but must file their petition with the Graduate School.

Once you have a bachelor’s degree, you may not raise your undergraduate grade point average by repeating a course taken as an undergraduate. If you wish to repeat a course you have taken as a post-baccalaureate, not noted in the above categories, you must file a petition in the Graduate School. This petition must be approved by the appropriate program advisor. Approval may be granted according to the following stipulations:

1. The earlier attempt resulted in a grade of B– or lower.
2. A maximum of one course may be repeated with forgiveness.
3. No regression is allowed.
4. A course which may be taken more than once for credit may not be repeated with forgiveness.
5. Equivalency must be clearly established for courses originally completed at another institution.
6. You may not petition to repeat at another institution a course which was originally taken at CSU, Chico.
7. You must be enrolled in the class.
8. The grade in the original course was not a result of academic misconduct, documented through the Office of Student Judicial Affairs.

If the petition is approved, only the last grade earned in the course will be calculated in the grade point average. Veterans should consult the Office of Veteran’s Affairs to determine the impact of course repetition on their eligibility for benefits.

Academic Forgiveness
Under very restrictive circumstances, you may raise your grade point average sufficiently to graduate by petitioning the University Academic Status Committee to have one term of undergraduate work taken at CSU, Chico or elsewhere eliminated from bachelor’s degree evaluation. Although the term’s work will still appear on your record, grades which you received that term will not be computed into your grade point average. Any courses which you passed that term will not apply towards baccalaureate requirements. Eligibility criteria for forgiveness include:

1. Completion of all degree requirements except that your grade point average is less than the required 2.0;
2. A lapse of five years since you completed the petitioned course work;
3. Completion of 15 semester units at CSU, Chico with at least a 3.0 grade point average, or 30 semester units with at least a 2.5 grade point average, or 45 units with a 2.0 grade point average subsequent to the petitioned course work.

In some cases application of the campus policy on repeating courses may be more appropriate than the forgiveness policy in order to improve your academic status. Direct your petition and questions to the Office of Advising and Orientation.
