Facilities
Students have access to computer writing and information technology labs, a fully equipped speech and debate squad room, audio and video production and editing facilities, digital photograp facilities, digital imaging labs, print/graphic design facilities, color television studios, a print technology laboratory, and the services of Academic Technologies.
Internships
Intern programs are transitions between school and work. The programs provide students with academic credit while pursuing on-the-job experiences. Internship assignments are available throughout California, the U.S., and around the world.
Communication Activities
Communication houses a number of student-operated programs, including The Orion (a weekly student newspaper), the nationally recognized Speech and Debate Team, Tehama Group Communications (a student-managed public relations agency), Milk Crate Productions (a student video production company), and numerous student clubs and organizations. In addition, faculty and student research is facilitated by the Center for Instructional Technology Research.

Career Outlook
The field of communication is dynamic and expanding. It is energized by the continual and rapid development of digital communication and the growing industrial, business, government, and personal use of these technologies. The BA in Communication Design provides opportunities for positions in media design, production, and network systems. The Graphic Design Option provides a liberal arts degree that focuses on skills in commercial art, corporate communication, and advertising and environmental design. Mass Communication Design majors have opportunities in many media industries and agencies, network design, multimedia, and web design. Graduates from the Media Arts Option work in all forms of electronic media which include television, radio, digital production, and post production. Many graduates go on to careers in scriptwriting, producing, and directing. The Department offers a broad array of facilities, including high definition television.
Graduates of the BS and MS in Instructional Design and Technology find careers in government, industry, and military organizations in the field of human performance technology and training development. As designers and developers of training materials and systems they apply communication technology to E-learning and other distance formats, interactive multimedia, computer based instruction, as well as traditional media for education and training. Graduate of the BS and MS in Instructional Design and Technology find careers in government, industry, and military organizations in the field of human performance technology and training development. As designers and developers of training materials and systems they apply communication technology to E-learning and other distance formats, interactive multimedia, computer based instruction, as well as traditional media for education and training.
The BA and MA in Communication Studies offer humanistic and social science approaches leading to a wide range of employment options, including sales, education, research, management, consulting, and human services. With a BA in Journalism, Public Relations Option graduates work in corporate, travel, entertainment, government, and non-profit settings. News-editorial Option graduates work with organizations such as newspapers, magazines, and new technology businesses.

Cross-Disciplinary Study Programs:

Internet Communication

CSU, Chico provides for the study of information systems in three distinct but complementary programs in the Colleges of Business, Communication and Education; and Engineering, Computer Science, and Technology. In the Option in Mass Communication Design of the College of Communication and Education, students encounter a range of issues that are not addressed in other campus programs concerned with information systems. The Option in Internet Communication in the College of Communication and Education provides for:

1. Core courses in Communication Design.
2. Analysis of the ways in which new electronic technologies (both computers and telecommunication) are transforming human behavior in organizations.
3. Assessment of the impact and nature of human-machine communication processes and their long-term effects on the world of work, education, and the home in an evolving information-based economy.
4. Impact of new information media and communication technology on the information-seeking behaviors of individuals and groups.
5. Growth of governmental regulatory policies concerned with new information technology.

The Bachelor of Arts in Communication Studies

Total Course Requirements for the Bachelor’s Degree: 120 units

See “Requirements for the Bachelor’s Degree” in the University Catalog for complete details on general degree requirements. A minimum of 40 units, including those required for the major, must be upper division.

A suggested Major Academic Plan (MAP) has been prepared to help students meet all graduation requirements within four years. Please request a plan from your major advisor or view it and other current advising information on the CSU, Chico Web.

General Education Requirements: 48 units

See “General Education Requirements” in the University Catalog and the Class Schedule for the most current information on General Education Requirements and course offerings. The course requirements marked below with an asterisk (*) may also be applied toward General Education.

Cultural Diversity Course Requirements: 6 units

See “Cultural Diversity” in the University Catalog. Most courses taken to satisfy these requirements may also apply to General Education.

American Institutions Requirement: 6 units

See the “American Institutions Requirement” under “Bachelor’s Degree Requirements.” This requirement is normally fulfilled by completing HIST 130 and POLS 155. Courses used to satisfy this requirement do not apply to General Education.

Literacy Requirement:

See “Mathematics and Writing Requirements” in the University Catalog. Writing proficiency in the major is a graduation requirement and may be demonstrated through satisfactory completion of a course in your major which has been designated as the Writing Proficiency (WP) course for the semester in which you take the course. Students who earn below a C– are required to repeat the course and earn a C– or better to receive WP credit. See the Class Schedule for the designated WP courses for each semester. You must pass ENGL 130 (or its equivalent) with a C– or better before you may register for a WP course.

Course Requirements for the Major: 45 units

The following courses, or their approved transfer equivalents, are required of all candidates for this degree. Additional required courses, depending upon the selected option or advising pattern, are outlined following the degree core program requirements.

Communication Studies majors must pass the four specified required courses (three for the core, one for the option) with a C– or better prior to enrolling in 400-level CMST courses. These courses are designated in the following core and option requirements. Students should plan to enroll in these courses to begin their program of study.

**Note:** No more than 8 units of Forensics (CMST 139 and CMST 339) may be counted toward total University requirements.

**Formal Minor Requirement**

Communication Studies majors with an option in Communication and Public Affairs must complete a formal minor or a second major in a department outside of Communication Studies. Students must obtain their major advisor’s approval on their selection of a minor and courses for the minor and both departments’ approval for courses for the minor.

**Electives Requirement:**

To complete the total units required for the bachelor’s degree, select additional elective courses from the total University offerings. You should consult with an advisor regarding the selection of courses which will provide breadth to your University experience and possibly apply to a supportive second major or minor.

**Grading Requirement:**

All courses taken to fulfill major course requirements must be taken for a letter grade except those courses specified by the department as Credit/No Credit grading only.

**Advising Requirement:**

Advising is mandatory for all majors in this degree program. Consult your undergraduate advisor for specific information.

**Honors in the Major**

Honors in the Major is a program of independent work in your major. It involves six units of honors course work completed over two semesters. The Honors in the Major program allows you to work closely with a faculty mentor in your area of interest, pursue a research project or other independent work. This year-long collaboration allows you to work in your field at a professional level and culminates in a public presentation of your work. The successful completion of a Portfolio Review is necessary for entry into Honors in the Major during the second semester of their junior year. Then they complete the 6 units of course work over the two semesters of their senior year.

5. Most students apply for or are invited to participate in Honors in the Major during the second semester of their junior year. Then they complete the 6 units of course work over the two semesters of their senior year.

6. Your honors work culminates with a public presentation of your honors project.

While Honors in the Major is part of the Honors Program, each department administers its own program. Please contact your major department or major advisor to apply.

Students may apply for admission to the Honors in the Major Program in the College of Communication and Education. In addition to other specific requirements, each Honors student will conduct and publicly present an original research project. Consult the honors advisor in the College of Communication and Education for specific details.

The Master of Arts in Communication Studies
Course Requirements for the Master's Degree: 30 units
Continuous enrollment is required. A maximum of 6 semester units of transfer and/or CSU Chico Open University course work may be applied toward the degree.
Graduate Time Limit:
All requirements for the degree are to be completed within five years of the end of the semester of enrollment in the oldest course applied toward the degree. See “Graduate Education” in the University Catalog for complete details on general degree requirements.
Students are expected to make reasonable progress by completing all courses on schedule. Students not adhering to declared schedules will be referred to the Graduate Coordinator for program review and recommendations which may include program modification or dismissal from the program.

Prerequisites for Admission to Conditionally Classified Status:
1. Satisfactory grade point average as specified in “Admission to Master's Degree Programs” in the University Catalog.
2. Approval by the department and the Office of Graduate Studies.
3. An acceptable baccalaureate in Communication Studies from an accredited institution or an equivalent approved by the Office of Graduate Studies.

Prerequisites for Admission to Conditionally Classified Status:
1. An undergraduate major in Information and Communication Systems, Mass Communication, Journalism, Media Arts, Public Relations, Instructional Technology, Visual Communication, Speech, or Organizational Communication. In the absence of an undergraduate major in one of the above, and based on the individual student’s background, the Graduate Coordinator may make recommendations for courses to be taken as prerequisites for classified status. Such prerequisite course work will not count toward the fulfillment of master's program requirements.
2. A grade point average of at least 3.0 (B) in all undergraduate course work.
3. Completion of the Graduate Record Examination or Miller Analogies Test.
4. A statement outlining the applicant's motivation, objectives, and expected area of emphasis in graduate studies.
5. At least three letters of recommendation from the applicant's former instructors or professional supervisors.

In addition to any requirements listed above:
1. An undergraduate major in Information and Communication Systems, Mass Communication, Journalism, Media Arts, Public Relations, Instructional Technology, Visual Communication, Speech, or Organizational Communication. In the absence of an undergraduate major in one of the above, and based on the individual student’s background, the Graduate Coordinator may make recommendations for courses to be taken as prerequisites for classified status. 2. A grade point average of at least 3.0 (B) in all undergraduate course work.
3. Completion of the Graduate Record Examination or Miller Analogies Test.
4. A statement outlining the applicant's motivation, objectives, and expected area of emphasis in graduate studies.
5. At least three letters of recommendation from the applicant's former instructors or professional supervisors.
6. One article or paper authored by the applicant to demonstrate writing skills or one article or paper and a portfolio within the applicant's specialty to exhibit his/her skills, abilities, and talents in the expected area of emphasis.

Advancement to Candidacy:
In addition to any requirements listed above:
1. Classified graduate standing and completion at the University of at least 15 units of the proposed program, 9 of which must be in residence.
2. Formation of the Graduate Advisory Committee in consultation with the Graduate Coordinator. Normally, the committee will be formed during or immediately following successful completion of the student’s second semester and will consist of at least three members. The chair of the committee and one other committee member must be members of the department offering the student’s degree.
3. Development of an approved program in consultation with the Graduate Advisory Committee and with the approval of the Graduate Coordinator.

Requirements for the MA in Communication Studies:
Completion of all requirements as established by the department graduate committee, the graduate advisory committee, and the Office of Graduate Studies, to include:
1. Completion of an approved program consisting of 30 units of 400/500/600-level courses as follows:
   (a) 24 to 30 units in the discipline of Communication, which must include the following 9-unit core.
   CMST 601 Sem in Communication Studies 3.0 FA
   Prerequisites: CMST 330; CMST graduate standing or faculty permission.
   CMST 602 Sem in Comm Research Methods 3.0 FA
   Prerequisites: CMST 332; CMST graduate standing or faculty permission.
   CMST 603 Approach to Human Comm Res 3.0 SP
   Prerequisites: CMST graduate standing or faculty permission.
   (b) At least 24 of the units required for the degree in 600-level courses. With Graduate Coordinator and Graduate Advisory Committee approval, graduate students may take up to 6 units of 500-level courses at CSU, Chico.
   (c) Not more than 6 semester units of transfer and/or extension credit (correspondence courses and/or extension course work are not acceptable).
   (d) Not more than 15 units taken before admission to classified status.
   (e) Not more than a total of 6 units of Independent Study (697) and/or Internship (499); and not more than 3 units of Master’s Thesis (699T) or Master’s Project (699P).
   (f) Not more than 6 units in any one disciplinary area outside Communication Studies.
2. Completion of one of the following plans:
   (a) Thesis or Project Plan, Requires 3 units of Master’s Thesis (699T) or Master’s Project (699P), plus at least 27 units of graduate-level courses. A public presentation and/or oral defense of the thesis or project is required. Students who are planning to continue their education to the doctoral level or who are interested in communication research are encouraged to choose the Thesis Plan:
   (b) Comprehensive Plan, Requires 30 units of graduate-level course work, including at least 24 units in Communication Studies. The Graduate Advisory Committee will administer and evaluate six hours of written comprehensive examination. Plus oral review, covering the student’s major phase of study (e.g., interpersonal communication, rhetoric, organizational communication, or communication philosophy). All components of the exam must receive a grade of “pass” for the degree to be awarded. A failing grade will prohibit the student from continuing graduate work until the comprehensives are passed. Exams may normally be repeated only once, at the discretion of the committee, no later than the following semester. The committee may allow partial rewriting of the exam, but only once. A failing grade will prohibit the student from continuing graduate work until the comprehensives are passed.
   (g) Not more than 15 units of the proposed program, 9 of which must be in residence.
   (h) Advancement to Candidacy. Normally, the committee will be formed during or immediately following successful completion of the student’s second semester and will consist of at least three members. The chair of the committee and one other committee member must be members of the department offering the student’s degree.
3. Approval by the department graduate committee and the Graduate Coordinators Committee on behalf of the faculty of the University.

Course Requirements:
Students without an undergraduate degree in Communication and/or significant course work in speech, rhetoric, public address, communication theory and philosophy, interpersonal communication, organizational communication, small group communication may be required to take prerequisite course work prior to enrolling in graduate classes in Communication Studies.

Students must satisfy the Graduate Literacy Requirement before they may be advanced to candidacy, prepare a thesis prospectus, or schedule comprehensive examinations.

9 units required:
CMST 601 Sem in Communication Studies 3.0 FA
Prerequisites: CMST 330; CMST graduate standing or faculty permission.
CMST 602 Sem in Comm Research Methods 3.0 FA
Prerequisites: CMST 332; CMST graduate standing or faculty permission.
CMST 603 Approach to Human Comm Res 3.0 SP
Prerequisites: CMST graduate standing or faculty permission.
18–21 units selected from:
CMST 604 Sem: Political Communication 3.0 F2
This course is also offered as POLS 604
CMST 606 Interpersonal Comm Theories 3.0 SP
Prerequisites: CMST graduate standing or faculty permission.
CMST 607 Seminar in Organizational Comm 3.0 FA
Prerequisites: CMST graduate standing or faculty permission.
CMST 608 Comm Theories and Philosophies 3.0 Inq
Prerequisites: CMST graduate standing or faculty permission.
CMST 609 Sem in Health Communication 3.0 SP
Prerequisites: CMST graduate standing or faculty permission.
CMST 611 Seminar in Intercultural Comm 3.0 FA
Prerequisites: CMST 335 or equivalent; CMST graduate standing or faculty permission.
CMST 612 Sem: Rhetoric/Public Address 3.0 S2
Prerequisites: CMST 451; CMST graduate standing or faculty permission.
CMST 613 Sem in Rhetorical Criticism 3.0 S1
Prerequisites: CMST graduate standing or faculty permission.
CMST 614 Feminist Rhetorical Criticism 3.0 F1
Prerequisites: CMST graduate standing or faculty permission.
CMST 698 Contemporary Research Problems 3.0 Inq
Prerequisites: CMST graduate standing or faculty permission.

Students selecting the Thesis or Project Plan are required to complete 3 units of CMST 699T or CMST 699P. Students selecting the Comprehensive Plan are required to take 30 units of course work.

Students selecting the Comprehensive Plan are required to have completed at least 24 units of their approved graduate program, including CMST 661, CMST 602, and CMST 603 prior to taking exams. Comprehensive Exams are administered and evaluated by the graduate advisory committee and the Graduate Coordinator.

Graduate Literacy Requirement:
Writing proficiency is a graduation requirement. Majors will demonstrate their writing competence both by articles or papers submitted as a requirement for admission to classified status and by their successful completion of the core courses for the degree (CMST 601, CMST 602, and CMST 603) prior to taking exams. Comprehensive Exams are administered and evaluated by the graduate advisory committee and the Graduate Coordinator.

Graduate Advising Requirement:
Advising is mandatory each semester for Communication Studies majors. Consult the Graduate Coordinator for specifics.

The Master of Science in Instructional Design and Technology

Effective Fall 2007, admission to the Master of Science in Instructional Design and Technology is suspended. Please contact the department or the Office of Graduate Studies to learn the current status of the program.

Course Requirements for the Master's Degree: 30 units
Continuous enrollment is required. A maximum of 9 semester units of transfer and/or CSU Chico Open University course work may be applied toward the degree.
Graduate Time Limit:
All requirements for the degree are to be completed within five years of the end of the semester of enrollment in the oldest course applied toward the degree. See “Graduate Education” in the University Catalog for complete details on general degree requirements.

Students are expected to make reasonable progress by completing all courses on schedule according to the individual student's selected program. Students not adhering to declared schedules will be referred to the Graduate Coordinator for program review and recommendations which may include program modification or dismissal from the program.

Prerequisites for Admission to Conditionally Classified Status:
1. Satisfactory grade point average as specified in “Admission to Master's Degree Programs” in the University Catalog.
2. Approval by the department and the Office of Graduate Studies.
3. An acceptable baccalaureate from an accredited institution or an equivalent approved by the Office of Graduate Studies.

An applicant who does not meet all of the prerequisites for admission to classified status (see below) may be admitted on a provisional basis as a conditionally classified student. This admission provides the student a trial period to demonstrate ability. Students are expected to carry at least 9 units of course work at the 400/500/600 level, make no grade lower than B, and finish all course work (no “incomplete” or “satisfactory progress”). Normally a decision to advance a student to classified status or terminate the student from the program will be made at the conclusion of the student's first semester in the program.

Prerequisites for Admission to Classified Status:
In addition to any requirements listed above:
1. If an applicant does not hold an undergraduate degree in Instructional Technology, the Graduate Coordinator may make recommendations, based on the individual student's background, for courses to be taken as prerequisites for classified status. Such prerequisite course work may not count toward the fulfillment of master's program requirements.
2. A minimum grade point average of 3.0 during the last 60 semester units of undergraduate course work.
3. Completion of either the Graduate Record Examination (minimum score of 1400) or the Miller Analogies Test (minimum score of 50).
4. A statement outlining the applicant's motivation, objectives, and expected area of emphasis in graduate studies.
5. At least three letters of recommendation from the applicant's former instructors or professional supervisors.
6. One article or paper authored by the applicant to demonstrate writing skills or one article or paper and a portfolio within the applicant's specialty to exhibit his/her skills, abilities, and talents in the expected area of emphasis.
7. Level 1 computer competence: Macintosh and DOS/Windows word processing, graphics, operating systems, a general theoretical understanding of how computers work, and electronic mail.

Advancement to Candidacy:
In addition to any requirements listed above:
1. Classified graduate standing and completion at the University of at least 18 units of the proposed program, 9 of which must be in residence.
2. Formation of the Graduate Advisory Committee in consultation with the Graduate Coordinator. Normally, the committee will be formed during the student's first year and will consist of at least three members. The chair of the committee must be a member of the Communication Design Department.
3. Development of an approved program in consultation with the graduate advisory committee and with the approval of the Graduate Coordinator.

Requirements for the MS in Instructional Design and Technology:
Completion of all requirements as established by the department graduate committee, the graduate advisory committee, and the Office of Graduate Studies, to include:
1. Completion of an approved program consisting of 30 units of 400/500-level courses as follows:
   Research and Theory Core: 18 units
   CDES 677 Eff of Info & Communic Arts 3.0 FA
   CDES 679 Practicum/Multimedia Proj Mgmt 3.0 SP
   Prerequisites: CDES 314, faculty permission.
   Electives: 9 units
   Additional 400/500-level courses from communication design or other appropriate courses selected in consultation with the Graduate Coordinator.
   Thesis or Project: 3 units
   CDES 699P Master's Project 3.0 FS
   Prerequisites: Faculty permission.
   CDES 699T Master's Thesis 3.0 FS
   Prerequisites: Faculty permission.
   (a) At least 18 of the units required for the degree in 600-level courses.
   (b) Not more than 9 semester units of transfer and/or extension credit (correspondence courses and UC extension course work at not acceptable). Open University courses are counted in the 9-unit total.
   (c) Not more than 12 units taken before admission to classified status.
   (d) Not more than a total of 6 units of Independent Study (697) and/or Internship (499); not more than 3 units of Master's Thesis (699T) or Master's Project (699P).
   (e) Not more than 6 units in any one disciplinary area outside instructional technology.
   (f) Students without an undergraduate degree in instructional technology, psychology, or education may be required to take prerequisites prior to enrolling in graduate courses.
2. Completion of thesis or project. Requires 3 units of Master's Thesis (699T) or Master's Project (699P), plus at least 27 units of course work completed. A public presentation and/or oral defense of the thesis or project is required.
3. Approval by the department graduate committee and the Graduate Coordinator Committee on behalf of the faculty of the University.

Graduate Literacy Requirement:
Writing proficiency is a graduation requirement. MS in Instructional Design and Technology majors will demonstrate their writing competence both by the articles or papers submitted as a requirement for admission to classified status and by their successful completion of the core courses for the degree (CDES 671, CDES 672, and CDES 677), each of which requires a research paper.

Graduate Grading Requirements:
All courses in the major (with the exceptions of Independent Study—597/697, Comprehensive Examination—696, Master's Project—699P, and Master's Thesis—699T) must be taken for a letter grade, except those courses specified by the department as ABC/No Credit (400/500-level courses), AB/No Credit (600-level courses), or Credit/No Credit grading only. A maximum of 10 units combined of ABC/No Credit, AB/No Credit, and Credit/No Credit grades may be used on the approved program (including 597/697, 696, 699P, 699T and courses outside the major). While grading standards are determined by individual programs and instructors, it is also the policy of the University that unsatisfactory grades may be given when work fails to reflect achievement of the high standards, including high writing standards, expected of students pursuing graduate study.

Students must maintain a minimum 3.0 grade point average in each of the following three categories: all course work taken at any accredited institution subsequent to admission to the master's program; all course work taken at CSU, Chico subsequent to admission to the program; and all courses on the approved master's degree program.

Students not maintaining the required grade point averages will be referred to the Graduate Coordinator for program review and recommendations, which may include program modification or dismissal from the program.

Graduate Advising Requirement:
Advising is mandatory each semester for Instructional Technology majors. Consult the Graduate Coordinator for specifics.

Communication Course Offerings
Please see the section on “Course Description Symbols and Terms” in the University Catalog for an explanation of course description terminology and symbols, the course numbering system, and course credit units. All courses are lecture and discussion and employ letter grading unless otherwise stated. Some prerequisites may be waived with faculty permission. Many syllabi are available on the Chico Web.

COMM 399H Senior Honors 3.0 Fa/Spr
Prerequisites: Completion of 9 units of Honors undergraduate courses; college Honors Advisor's and instructor's permission.
Student, in conference with faculty member, will develop a research proposal. This will entail developing competence in a research methodology appropriate to the field of communication and the student's interests, review of literature, collecting of data, and acceptance of a prospectus for a project or thesis.

COMM 499H Senior Honors 3.0 Fa/Spr
Prerequisites: COMM 399H; college Honors Advisor's and instructor's permission.
The purpose of this course is to bring to fruition the research project or thesis which was begun in COMM 399H. It also entails a public presentation of the project or thesis. Credit/no credit grading only.

Communication Design Course Offerings
CDES 101 Introduction to Communication 3.0 Fa/Spr
This course teaches the concepts, history, and applications of communication. The implications and ethical issues of media and the communication process are covered. CAN JOUR 4. This course is also offered as JOUR 101.

CDES 102 Principles of Communication Design 3.0 Fa/Spr
An introductory survey course demonstrating the methods and principles common to the communication design disciplines, including problem-solving, composition, idea generation, and storytelling.

CDES 103 Writing for Electronic Media 3.0 Fa/Spr
Prerequisites: ENGL 130
An introduction to the styles and formats used in writing for radio, television, multimedia, and the Web. Writing includes commercials/public service announcements, news, and informational programming. Special fee required; see the Class Schedule.

CDES 114 Computer Technology in Communication 2.0 Fa/Spr
Introduction to computer systems and applications relevant to the design, communication, and use of graphical software/hardware. The implications of working in a networked environment. Basic computer security, backup, and recovery. Macintosh, Windows, and UNIX environments.

CDES 121 Stage Electrics 3.0 Spring
An introduction to technical theatre production in the areas of stage and television lighting practices and equipment operation. Class includes lecture/discussion and practical assignments. 2.0 hours discussion, 2.0 hours activity. This course is also offered as THEA 121.

CDES 131 Visual Communication Concepts 2.0 Fa/Spr
Visual communication is explored through images which audiences view. Includes graphic design methodology, layout, typography, symbolism, and grid systems developed from thumbnail through comprehensive. For non-Graphic Design majors only. 1.0 hours lecture, 3.0 hours laboratory.

CDES 132 Visual Communication Concepts 2.0 Fa/Spr
For Graphic Design majors only. Visual communication is explored through images which audiences view. Includes graphic design methodology, layout, typography, symbolism, and grid systems developed from thumbnail through comprehensive. For non-Graphic Design majors only. 1.0 hours lecture, 3.0 hours laboratory.

CDES 141 Media Aesthetics 3.0 Fa/Spr
This course will explore the elements of visual design as they apply to the production of video and film. An overview of visual literacy will be given, and the application of these elements to the critical analysis of video and film productions will be discussed. Successful completion of this course for majors requires a grade of C or higher.

CDES 206 Introduction to Photography and Digital Imaging 3.0 Fa/Spr
An introduction to 35mm photography, emphasizing camera control, composition, and lighting and the fundamentals of digital imaging, including scanning, image manipulation, and printing. Includes a broad-based survey of photography. 2.0 hours lecture, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 214 Computer Graphics 3.0 Fa/Spr
An introduction to computer graphics utilizing both PC and Macintosh platforms. Applications for print, video, and training are stressed. 2.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 216 Introduction to Digital Audio in Media 3.0 Fa/Spr
This course provides a theoretical and practical knowledge of digital audio production techniques for radio, video, and multimedia. Particular emphasis is placed on audio for video and production strategies for effective communication in audio. 2.0 hours lecture, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 221 Introduction to Information Studies 3.0 Fa/Spr
Prerequisites: ENGL 130.
The fundamental study of the theory, practices, and interdisciplinary nature of information. The development of information in modern social and economic institutions. Theoretical foundations of information as a science. Evaluate major methodologies related to the study of information, its measurement, operational value, structure, notational form, and retrieval processes. The use and value of information in organizations. Open to non-majors.

CDES 222 Introduction to WWW Design and Publishing 3.0 Fa/Spr
Introduction to hypertext markup language (HTML), Web standards, and the Web publication process. Includes practical exercises in the creation and publication of Web pages and the construction of coherent Web sites. 2.0 hours discussion, 3.0 hours laboratory.

CDES 230 Visual Communication Portfolio Review 1.0 Fa/Spr
Prerequisites: ARTS 122, ARTS 125, CDES 132, CDES 206, or faculty permission. Orientation to the visual portfolio process and review. Required for students in the CDES Visual Communication/Graphic Design sequence. Successful completion of the course with a grade of A is necessary for entry into CDES 332, CDES 333, and CDES 334. Review of individual work by faculty committee. 2.0 hours activity. ABC/no credit grading only.

CDES 241 North American Cinema 3.0 Spring
Motion picture beginnings. How production, distribution, and use developed to make motion pictures a powerful medium for mass communication in 1900. The significance of the motion picture as an entertainment, education, information, and propaganda device meeting unique social needs and purposes. Open to non-majors.
CDES 242 History of Documentary Film 3.0 Fall
The origins and major movements in the area of the documentary film. The various uses relating to propaganda, social problems, and personal insight. Production motivations in seeking the mass audience through documentary. Open to non-majors.

CDES 249 Analysis of Applied Media Methods 2.0 Fa/Spr
A course in the practical application of media in radio, television, and magazine formats. 4.0 hours activity. You may take this course more than once for a maximum of 6.0 units.

CDES 261 Foundations of Electronic Media 3.0 Fa/Spr
Discussion and analysis of the function, structure, organization, operation, and economics of the various telecommunication industries, including broadcasting, cable, independent production, and other related new technologies. Successful completion of this course for majors requires a grade of C or higher. Required for enrollment in upper-division Media Arts courses.

CDES 271 Introduction to the Design of Instruction and Training 3.0 Fa/Spr
An introduction to the application of systems theory in the design and development of instructional systems. A sequential process will be needed that begins with goal-setting and ends with instructional product evaluation and a revision cycle. Emphasis will be placed upon needs assessment, performance objectives, task outcomes, and formative evaluation.

CDES 272 Media for Instruction and Training 3.0 Fa/Spr
Prerequisites: CDES 271 or concurrent enrollment or faculty permission. Students taking the course for the Minor in Education should request faculty permission. An introduction to the area of media for instruction and training. The course is divided into three general areas: (1) Hardware; (2) Theory; (3) Application. Students will design and carry out plans for actual use of media in teaching and learning situations. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 281 Print Production 3.0 Fa/Spr
An introductory survey of the printing, publishing, and packaging areas of graphic arts. Systems of digital printing, including inkjet, subliminal dye, dry toner, and liquid ink systems. Emphasis on industry organization and structure, printed products for mass distribution, and methods of graphic arts reproduction. 2.0 hours lecture, 1.0 hours discussion. Special fee required; see the Class Schedule.

CDES 282 Digital Pre-publishing I 3.0 Fa/Spr
Prerequisites: CDES 281, or faculty permission. Introduction to digital pre-publishing (print and WWW). Examination of document layouts and page makeup, including software applications. Proper use of type as alphanumeric symbols and concepts of character and paragraph formatting are stressed. This course includes an introduction to file importing techniques and strategies for complex document construction. This course is appropriate for students who want an understanding of introductory content creation techniques for publication. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 303 Communication Criticism 3.0 Fa/Spr
Prerequisites: ENGL 130 (or its equivalent) with a grade of C– or higher. Study of various approaches to the critical examination of communication. Application of principles to selected examples. This course is required for all majors in the Department of Communication Design. 2.0 hours lecture, 1.0 hours discussion. This is a writing proficiency, WP, course; a grade of C– or better certifies writing proficiency for majors.

CDES 307 Technology and Communication 3.0 Fa/Spr
Prerequisites: CDES 102. Students will acquire a qualitative understanding of how various information and communication technologies shape society. This course is required for all majors in the Department of Communication Design. Special fee required; see the Class Schedule.

CDES 311 Electronic Media Regulation 3.0 Fa/Spr
Prerequisites: CDES 261 (with a grade of C or higher) or faculty permission. A review of the legal assumptions of telecommunication regulation; a review of the major legal issues, cases, and legislative acts which form the corpus of telecommunication regulation.

CDES 313 Basics of Advertising Copywriting 3.0 Fa/Spr
Prerequisites: CDES 103 or JOUR 260. An analysis of the role of the copywriter in the creation of media advertising. Emphasis on effective copywriting. Training in the creation of complete campaigns. Includes brief study of ethics and regulations of advertising. Special fee required; see the Class Schedule.

CDES 314 Introduction to Multimedia Design and Development 3.0 Fall
Prerequisites: Basic computer literacy, faculty permission. A study in the design and development of multimedia. Emphasis on conceptualizing multimedia products for use in education and training, information delivery, and performance support. Hands-on skill development in creating digital elements for use in multimedia, such as graphics, audio, and video and combining these elements into interactive programs. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 315 Electronic Media Economics 3.0 Fall
Prerequisites: CDES 261 (with a grade of C or higher) or faculty permission. An examination of contemporary trends in the telecommunication industry.

CDES 317 Information and Communication Technologies 3.0 Fa/Spr
Prerequisites: CDES 214, CDES 282. Introduction to the area of media for instruction and training. The course is divided into three general areas: (1) Hardware; (2) Theory; (3) Application. Students will design and carry out plans for actual use of media in teaching and learning situations. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 319 New Telecommunication Technologies 3.0 Spring
Prerequisites: Senior standing or faculty permission. An exploration, by means of a team project, of the new technologies related to communication and information media. 2.0 hours discussion, 3.0 hours laboratory.

CDES 321 Specialized Information Systems 3.0 Fa/Spr
Prerequisites: CSCI 100 or equivalent experience with computers. Develop knowledge of (a) the role of information and specialized information systems in modern organizations and (b) how changes in the world information environment challenge organizations. Introduces methods of designing and preparing specifications of information systems for a variety of specialized tasks.

CDES 322 Advanced WWW Design and Publishing 3.0 Fa/Spr
Prerequisites: CDES 222. Modern Web technologies for the production and publication of Web pages and sites. Production of client-side and server-side dynamic Web pages to accept user input and retrieve information from databases. Style sheets for controlling Web page appearance. 2.0 hours lecture, 3.0 hours laboratory.

CDES 323 Human Interface Design 3.0 Fall
Prerequisites: CDES 222. The nature of the human interface. Issues in human interface design with strong emphasis on the WWW and E-commerce. Principles of usability and their underpinnings in cognitive psychology. Web accessibility and adaptive technologies. Students critically analyze the usability of existing E-Web sites and recommend changes.

CDES 325 Government Information and Telecommunication Systems 3.0 Fall
Prerequisites: Junior or senior standing. Relationships between governmental processes and the availability of public information and channels of communication. Intergovernmental agencies and federal, state, and local governments as sources of published and unpublished information and as forces in the development of communication systems.

CDES 327 Visual Information Design 3.0 Fa/Spr
Prerequisites: CDES 214, CDES 282. Introduction to typographic and diagramatic information design with an emphasis on improving the accessibility and usability of complex data for print and interactive media. Topics include principles of visual and typographic composition, visual perception and cognition, visual symbols, visual representations of hierarchical structures and quantitative information, interaction and navigation in visual interface design. 2.0 hours discussion, 2.0 hours activity.

CDES 331 History of Graphic Design 3.0 Spring
Prerequisites: Basic computer literacy, faculty permission. A study in the design and development of multimedia. Emphasis on conceptualizing multimedia products for use in education and training, information delivery, and performance support. Hands-on skill development in creating digital elements for use in multimedia, such as graphics, audio, and video and combining these elements into interactive programs. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.
CDES 332 Letterforms 3.0 Fa/Spr
Prerequisites: CDES 230. Exploration of letterforms; historical through contemporary. Alphabet development and modification for visual communication. Experience with traditional letterform techniques and how they interface with current computer technologies. 2.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 333 Graphic Visualization 3.0 Fa/Spr
Prerequisites: CDES 230 for CDES majors. Other majors require instructor permission. Study of methods, materials, and techniques used by designers to translate literary or verbal messages into visual terms. Designed to equip students with foundation techniques for interpreting and explaining visual concepts. 2.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 334 Typography I 3.0 Fa/Spr
Prerequisites: CDES 230, CDES 282; concurrent enrollment in or prior completion of CDES 214. Introduction to typographic syntax, with an emphasis on the organization and visual structure of typographic information. Topics include principle of composition, form-counterform relationships, modular grids, proportion, and visual hierarchy. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 335 Advertising Design 3.0 Fall
Prerequisites: CDES 333 or CDES 334. Course designed to enable student exploration of broad professional field of visual advertising design, special creative technique and presentation methods in conjunction with corporations, institutions, and government. 2.0 hours discussion, 2.0 hours activity.

CDES 336 Reprographics 3.0 Fa/Spr
Prerequisites: CDES 230. The study of graphic technical processes as they relate to the graphic designer, illustrator-artist. Explains methods of preparing art work for reproduction. 2.0 hours discussion, 2.0 hours activity.

CDES 337 Packaging 3.0 Spring
Prerequisites: CDES 333, CDES 334. To prepare the student to develop communication methodology for solving experimental packaging problems; to develop two-dimensional and three-dimensional package simulation techniques; to understand the marketing aspects of packaging, technical reproduction methods of packaging, and interface them with the visual media. 2.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 338 Illustration Design 3.0 Fa/Spr
Prerequisites: ART 125 is strongly recommended. Course defines illustration theory and illustrator’s role in visual communication process. Explores use of illustration as method of visual problem-solving. Designed to help students explore professional field of illustration design. Its special characteristics, and techniques. 2.0 hours discussion, 2.0 hours activity.

CDES 341 American Radio and Television 3.0 Spring
Prerequisites: Junior standing, CDES 103, CDES 206, CDES 216; CDES 141, CDES 261 (both with a grade of C or better); faculty permission.
This course examines the development of radio/television formats, programming types, ideology, and genres from historical and critical standpoints. Prerequisites: CDES 272.
Application of systematic instructional design and development techniques. The student functions as an instructional planner and performs key instructional design/production tasks such as assessing instructional needs and developing detailed design specification, prototypes and final instructional products. Emphasis on developing products for incorporation into an instructional design portfolio. Special fee required; see the Class Schedule.

CDES 396 Intermediate Photography and Digital Imaging 3.0 Fa/Spr
Prerequisites: CDES 206 (with a grade of C or higher).
In-depth study of contemporary photographic techniques, stressing advanced systems of exposure and digital imaging for high-quality output. Emphasis will be placed on furthering aesthetic and creative vision in conjunction with retaining technical proficiency. 2.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 398 Special Topics 1.0–3.0 Fa/Spr
This course is for special topics offered for 1.0–3.0 units. Typically the topic is offered on a one-time-only basis and may vary from term to term and be different for different sections. See the Class Schedule for the specific topic being offered. Credit/no credit grading only.

CDES 399 Special Problems 1.0–3.0 Fa/Spr
Prerequisites: Faculty permission.
This course is an independent study of special problems offered for 1.0–3.0 units. You must register directly with a supervising faculty member. You may take this course more than once for a maximum of 6.0 units. Credit/no credit grading only.

CDES 414 Advanced Multimedia Design and Development 3.0 Spring
Prerequisites: CDES 314.
Project-based course designed to develop the student’s ability to function as a multimedia development team member. Emphasis on design and development of multimedia programs for use in education and training, information delivery, and performance support. 1.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 425 Production Planning and Estimating for WWW 3.0 Fa/Spr
Prerequisites: CDES 222.
Techniques and strategies for arriving at reliable cost estimates for digital WWW media projects, to include direct, indirect, and contingency costs and profits. Critical path analysis and computational techniques are stressed. 2.0 hours discussion, 2.0 hours activity.
CDES 429  WWW Practicum  3.0 Fa/Spr
Prerequisites: CDES 222 or faculty permission. Completion of, or concurrent enrollment in, CDES 323 is recommended.
The role of the computer in handling office functions is examined. Emphasis will be on the analysis of office services and operations in terms of organizational structure and individual job requirements. System design and implementation will be covered in terms of user acceptance, equipment requirements, and cost/benefits. Comparisons will be made between centralized and decentralized systems. 2.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 431  Publication Design  3.0 Fall
Prerequisites: CDES 333, CDES 334.
Creation of documents to affect audiences, including book, magazine, annual report, newsletter, and experimental formats. Includes publication formula, analysis, and relation to electronic platforms. 2.0 hours discussion, 3.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 432  Environmental Graphic Design  3.0 Fall
Prerequisites: CDES 333, CDES 334.
Environmental signage and information systems design for exhibits, retail, transportation, parks, museums, and related architecture. 2.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 433  Advertising Workshop  3.0 Fa/Spr
Prerequisites: Graphic Design students: CDES 230, CDES 206, CDES 333, CDES 334. Media Arts students: CDES 206, CDES 313. All students: faculty permission. This course offers communication Design students the opportunity to create an advertising campaign for a national competition. Students are responsible for research, design, copywriting, production, and presentation under faculty supervision. This course works in collaboration with a similar class in the College of Business, which is responsible for research, marketing, and strategic aspects of the competition.

CDES 434  Typography II  3.0 Fa/Spr
Prerequisites: CDES 334.
Introduction to typographic semantics, with an emphasis on the expression of meaning, experimentation, and discovery. Topics include contemporary typographic theory, font design, mixing messages, non-linear composition and sequence. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 435  Corporate Design Systems  3.0 Spring
Prerequisites: CDES 333, CDES 334.
Analysis, creation, and presentation of identity, branding, and licensing for corporate, government, education, medical, and non-profit organizations. 2.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 436  Kinetic Typography  3.0 Spring
Prerequisites: CDES 214 and CDES 282, or faculty permission.
Introduction to time-based information design and kinetic typography, exploring relationships between music and typographic composition for new media. Topics include historical relationships between music and typography, form and space, hierarchy and structure, texture and depth, time and advertising. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 439  Design Workshop  3.0 Fa/Spr
Prerequisites: CDES 333, CDES 434, CDES majors only.
This course is studio practice offered for 3 units. You must register directly with a supervising faculty member. The course is designed to provide actual studio practice in graphic design and focuses on client relationships, design management, specifications, cost analysis, printer interface, and quality control. Students function as design studio staff members with a faculty member as art director. Recommended for Visual Communication majors only. Special fee required; see the Class Schedule.

CDES 462  Digital Video Production  3.0 Fall
Prerequisites: CDES 366.
This course will focus on the design and creation of television programs used in corporate training, interactive video, and other non-dramatic settings. Students will be responsible for the television producer’s functions in planning and supervising the execution of television programs, with emphasis on content, organization, and use of production techniques to secure the intended audience response. 2.0 hours discussion, 3.0 hours laboratory.

CDES 464  Advanced Video Editing  3.0 Fa/Spr
Prerequisites: CDES 366.
Involves complicated and detailed editing of video-based materials using digital and analog linear and nonlinear video editing procedures and techniques.

CDES 466  Studio Video Production  3.0 Fa/Spr
Prerequisites: CDES 366.
Theory and techniques of color video production designed to develop skills in all aspects of video production. This course includes pre-production and production elements related to the production of all video programs. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule.

CDES 468  Video Production Workshop  3.0 Fall
Prerequisites: CDES 366.
Selected video production projects involving advanced techniques not covered in other production courses, including integration of other media forms into complete video programs. 2.0 hours discussion, 3.0 hours laboratory. You may take this course more than once for a maximum of 6.0 units. Special fee required; see the Class Schedule.

CDES 469  Media Arts Practicum  1.0–3.0 Fa/Spr
Prerequisites: CDES 366 or faculty permission.
Provides students with opportunities to further define their skills and abilities in media arts. You may take this course more than once for a maximum of 3.0 units.

CDES 474  Evaluation of Instructional Products and Programs  3.0 Fa/Spr
Prerequisites: CDES 373 or faculty permission.
Theory and practice of evaluation as it relates to instructional products and programs. Consideration of formative and summative evaluation techniques that are particularly applicable to instructional technology, including peer and expert review, pilot testing, and cost-benefit analysis. Examination of sampling techniques and measurement methods that support the evaluation effort.

CDES 475  Performance Analysis  3.0 Fa/Spr
Prerequisites: CDES 373.
Theoretical frameworks and strategic approaches to analyzing the source of human/organizational performance problems are discussed. Emphasis is on analytical approaches to needs analysis that result in recommended interventions to solve performance problems such as training, organizational development, and workplace redesign. Special fee required; see the Class Schedule.

CDES 476  Research, Theory, and Application of Instructional Technology  3.0 Fa/Spr
Prerequisites: CDES 373.
An overview of the scholarly theory, research literature and application of the field of instructional technology. Classic models and theories about instruction, learning, perceptions, systems and communication are examined. Research findings that have potential applications in the design, production or delivery of instruction are featured. Micro-theories such as component display theory and elaboration theory, which have particular relevance to instructional design, are considered.

CDES 489  CDES Internship  1.0–12.0 Fa/Spr
Prerequisites: Faculty permission.
This course is an internship offered for 1.0–12.0 units. You must register directly with a supervising faculty member. The internship is a program designed to provide the student with occupational experience—within the industrial environment—in the information and communication profession prior to graduation. The internship is designed as a transition to professional practice wherein the student will work full-time within an industrial firm for a length of time to be established between the cooperating firm, the intern, and California State University, Chico. The student will experience a wide range of industrial situations, conditions, and practice. Students will serve their internship under the direct supervision of a practicing member of the profession. You may take this course more than once for a maximum of 15.0 units.

CDES 492  Pictorial Organization  3.0 Fa/Spr
Prerequisites: CDES 206, CDES 396, or faculty permission.
Enrichment of the student's visual literacy. Extension of the student's ability to develop concepts visually and to reinforce these concepts with words/music/sound effects. The course is designed for both instructional technology and media arts students. Students will be able to verbalize a concept and illustrate it with synchronous images, words, music, and sound effects in a single-sequence slide tape. 2.0 hours discussion, 3.0 hours laboratory.

CDES 494  Photographic Copying and Titling Techniques  1.0 Fa/Spr
Prerequisites: CDES 206.
This course is designed to teach students concepts and skills in photographic copying and titling techniques and their applications to motion picture, instructional media, and TV production. 3.0 hours laboratory.
CDES 496 Applied Photography and Digital Imaging 3.0 Fa/Spr
Prerequisites: CDES 396.
Students will develop effective communication and analytical skills in areas such as product and illustration photography. Emphasis will be placed on camera and lighting control, problem solving, composition, and art direction. Primarily for graphic design students. 2.0 hours discussion, 2.0 hours activity. Special fee required; see the Class Schedule.

CDES 497 Specialized Photographic Techniques 1.0 Fa/Spr
Prerequisites: CDES 396 or faculty permission.
This course explores specialized techniques including post-visualization, solarization, high-contrast printing, masks, dual print, etc., of both color and black and white materials. The stress is on darkroom manipulation and will deal with camera- and non-camera-generated negatives.

CDES 498 Special Topics 1.0–3.0 Fa/Spr
This course is for special topics offered for 1.0–3.0 units. Typically the topic is offered on a one-time-only basis and may vary from term to term and be different for different sections. See the Class Schedule for the specific topic being offered.

CDES 499 Independent Study 1.0–3.0 Fa/Spr
Prerequisites: Faculty permission.
This course is an independent study of special problems offered for 1.0–3.0 units. You must register directly with a supervising faculty member. You may take this course more than once for a maximum of 6.0 units. Credit/no credit grading only.

CDES 624 Telecommunication Switching and Signaling Technologies 2.0 Inquire
Introduction to the operation, testing, and management of the technologies of modern Central Office/Remote Office switching and signaling functions, including hardware and software. 1.0 hours lecture, 2.0 hours activity. ABC/no credit grading only.

CDES 625 WAN Technologies 2.0 Inquire
Introduction to the operation, testing, and management of the technologies of telecommunication connectivity in the wide area, including digital multiplexing and cross-connect systems, Integrated Services Digital Network (ISDN), Frame Relay systems, Asynchronous Transfer Mode (ATM), fiber optic systems (Wave Division Multiplexing WDM and Synchronous Optical Network SONET), 1.0 hours lecture, 2.0 hours activity. ABC/no credit grading only.

CDES 627 Digital Applications and Local Networks 1.0 Inquire
Introduction to the operation, testing, and management of the technologies of digital telecommunication applications and network systems, including Local Area Network (LAN) systems, router systems and their use in internetworking applications, and digital services systems, including synchronization systems. 1.0 hours lecture, 1.0 hours activity. ABC/no credit grading only.

CDES 628 Telecommunications Networks Operations and Reliability 1.0 Inquire
Introduction to the management and use of the technologies of technology operations, administration, management, and provisioning, 1.0 hours lecture, 1.0 hours activity. ABC/no credit grading only.

CDES 671 Seminar in Theory and Research of Instructional Technology 3.0 Fall
As a seminar, this course is designed to challenge students to think critically about the modes, functions, and consequences of communication in instructional settings.

CDES 672 Research Methods in Instructional Technology 3.0 Spring
An overview of research strategies for instructional technology. Emphasis on critical review of existing research, formulating research questions, selecting a research methodology, collecting data, and reporting results. Key outcome is student generation of a proposal for the research or project component of the M.S. in Instructional Technology.

CDES 673 Developing Instructional Products 3.0 Fa/Spr
Prerequisites: CDES 271, CDES 476.
Exploration and application of instructional design models. The student functions as an instructional consultant, analyzing an instructional problem/opportunity, designing and developing an instructional intervention. The emphasis is on developing products for incorporation into an instructional design portfolio.

CDES 674 Evaluation 3.0 Fa/Spr
Prerequisites: CDES 673.
This course focuses on the evaluation of instructional products and programs, and of performance interventions. Examination of sampling techniques and measurement methods that support the evaluation effort.

CDES 675 Performance Analysis 3.0 Fa/Spr
Prerequisites: CDES 271, CDES 476 or CDES 673.
The field of performance technology, its relationship to the organization and the changing global economy are explored to broaden theoretical perspectives and practical procedures of performance analysis. Focus is on aggregation of both knowledge and skills to the analysis of a variety of performance problems, the application of tools and techniques used in performing an analysis, and the design of a performance system.

CDES 676 Advanced Instructional Design and Development 3.0 Fall
Prerequisites: CDES 373 or CDES 475.
This is an approved General Education course. This course develops the student's ability to function as a project leader and team member in the development of instructional projects incorporating print, video, and computer-mediated delivery systems. Emphasis on design and development as well as team management. 1.0 hours discussion, 4.0 hours activity. Special fee required; see the Class Schedule.

CDES 677 Effects of Information and Communication Age on Institutions and Individuals 3.0 Fall
Examines the social, economic, and public policy implications of current trends and potential changes in information technology and in the institutions controlling that technology. Policy options associated with cable television, communication satellites, multimedia technology, and global information systems will be discussed.

CDES 679 Practicum in Multimedia Project Management 3.0 Spring
Prerequisites: CDES 314, faculty permission.
Project-based course designed to develop the student's ability to function as a project leader and team member in the development of multimedia projects and prototypes. Emphasis on multimedia design and development as well as team management. Special fee required; see the Class Schedule.

CDES 697 Independent Study 1.0–3.0 Fa/Spr
Prerequisites: Faculty permission.
This course is a grade-level independent study offered for 1.0–3.0 units. You must register directly with a supervising faculty member. You may take this course more than once for a maximum of 6.0 units.

CDES 699P Master’s Project 3.0 Fa/Spr
Prerequisites: Faculty permission.
You may take this course more than once for a maximum of 6.0 units.

CDES 699T Master’s Thesis 3.0 Fa/Spr
Prerequisites: Faculty permission.
You may take this course more than once for a maximum of 6.0 units.

Communication Studies Course Offerings

CMST 131 Speech Communication Fundamentals 3.0 Fa/Spr
Effective oral communication. Introduction to human communication theory. Practice in gathering, organizing, and presenting material in speeches to persuade, inform, and interest. 1.0 hours lecture, 2.0 hours discussion. This is an approved General Education course. CAN SPCH 4.
