Hello Child Development majors! I hope that your Spring 2018 courses are going well. Do you have your classes all worked out for next semester? The Fall 2018 schedule is online and registration opens on April 9th - now is the time to plan your courses! If you haven’t had your advising appointment this semester, there are appointments available this week and many available before Fall 18 registration. Come by (Modoc 216) or call (530.898.5250) the CHLD office to make your appointment.

There is a new Child Development course available for the first time in Fall 2018 - CHLD 321 Risk and Resilience in Development. It is an online Fall only course taught by Dr. Hart and can be substituted for CHLD BIOL 318/BIOL 303 or taken as an elective. In this course students will learn about the impact of Adverse Childhood Experiences (ACE’s) on trauma and development. If you have space, consider adding this course to your schedule.

For those students who are scheduled to take CHLD 392 in Fall 18, pre-registration is required and applications are due this Friday, 3.9.18 at noon in Modoc 216. Thanks to those who have already turned in their applications. For those who haven’t, applications are available on the CHLD website or in Modoc 216. Incomplete applications will not be accepted; if you have questions please call or come by the CHLD office.

For those who will be graduating in Spring 2018 or Fall 2018 and walking in Spring 18, commencement registration is open! Updated information on Multicultural Graduation Celebrations is also available. Applications for the Latinx Graduation Celebration are available beginning today, Monday March 5 at 5 pm and will remain open until capacity is reached. Apply early!
