

Outside the Gender Box

A support group for students who are transgender, genderqueer, intersex or questioning.

Facilitated by:
Lana McKnight, Ph.D.

Tuesdays
12:00 - 1:00pm

Starting Date: TBA

Provided as a free service to regularly enrolled Chico State students!

Navigating the Chico State experience can be challenging for students whose gender identity lies outside the traditional gender binary. What bathrooms do you use? How do you change your gender marker on your student ID? What if you feel harassed or misunderstood by a student, staff or faculty member? How do you decide if you want hormones or know where to get them? How does this affect dating? No topic is off limits! This group is a place designed to make you feel welcomed, supported, and affirmed in whatever identity you choose with others on a similar journey.

For more information on this and other being offered during the fall 2009 semester, come by our office and make a group interview appointment with the group leader.
