Minor Change to an Undergraduate Program

Program Name: Liberal Studies

Program named above is (complete only if applicable):

☐ Option within ___________________________ (degree program name)
☐ Minor
☐ Certificate

Will proposed changes affect Transfer Model Curriculum? Yes ☐ No ☐ If yes, explain:

Will proposed changes affect a subject matter preparation or credential program? Yes ☐ No ☐ EM 07-012

Brief rationale for change (attach additional pages if more space is needed):
All of the changes here with the exception of the yellow were approved by the College Curriculum Committee. The yellow changes were an oversight. They are required changes because the CCTC requires BOTH ART and MUSIC. The previous copy said “select one or the other.” Now the major core requires both which we meant to do but just failed to make that change clear. Now it is in line with the CCTC requirements.

Curriculum Technical Review Completed
Summary of Changes
For Fall 2018 Catalogue

1. ARTS 493 AND MUSC 326 are BOTH **required** to be in compliance with the California Commission on Teacher Credentialing (CCTC). Wherever it says they were a choice has been deleted because the Major Core of the program now shows they are both required.

2. ENGL 333 Advanced Composition for Future Teachers **does not** recommend ENGL 375. This is inaccurate and has been stricken.

3. HIST 102 has been changed to HIST 313 to meet the ESMS (Elementary Subject Matter Standards set by the CCTC). HIST 313 is **required**. It states in the catalogue that students have a choice between HUM 222 and HIST 102. It cannot be a choice to take History or Humanities or we will be out of compliance with the CCTC. Students are required to take HIST not Humanities; it is now required in the Major Core and anywhere it was listed as a choice has been deleted (See Bilingual Option).

4. NSCI 489A Internship in Science Teaching has been changed to BIO 498 Teaching Experience.

5. MATH 117 Hands-on Lab, Mathematics has been added to the “hands-on” choices because there are not enough sections of the BIO 489 or the SCED 489M to accommodate our student numbers.
The Bachelor of Arts in Liberal Studies

Total Course Requirements for the Bachelor's Degree: 120 units

See Bachelor's Degree Requirements in the University Catalog for complete details on general degree requirements. A minimum of 40 units, including those required for the major, must be upper division.

A suggested Major Academic Plan (MAP) has been prepared to help students meet all graduation requirements within four years. You can view MAPs on the Degree MAPs page in the University Catalog or you can request a plan from your major advisor.

General Education Pathway Requirements: 48 units

The General Education Pathway requirements for the Liberal Studies major are unique. By completing the Liberal Studies major, students also satisfy General Education Pathway requirements. Partial completion of the major may not satisfy completion of these requirements. Courses required for the major that are marked below with a GE may be applied toward General Education by students changing to another major program.

Diversity Course Requirements: 6 units

See Diversity Requirements in the University Catalog. Most courses taken to satisfy these requirements may also apply to General Education.

For Liberal Studies majors these requirements are met by successfully completing HIST 101, HIST 102, PSYC 151, SOSC 302, and SOSC 303.

Literacy Requirement:

See Mathematics and Writing Requirements in the University Catalog. Writing proficiency in the major is a graduation requirement and may be demonstrated through satisfactory completion of a course in your major which has been designated as the Writing Proficiency (WP) course for the semester in which you take the course. Students who earn below a C- are required to repeat the course and earn a C- or higher to receive WP credit. See the Class Schedule for the designated WP courses for each semester. You must complete the GE Written Communication (A2) requirement before you may register for a WP course.

Course Requirements for the Major: 100-111 100-115 units
Completion of the following courses, or their approved transfer equivalents, is required of all candidates for this degree. Additional required courses, depending upon the selected option are outlined following the major core program requirements.

**Major Core Program: 69 75 units**

**General Online (Pre-Credential) Option: 18 12 units**

Students who select this option must live outside the city of Chico. This is a degree completion program where lower division pre-approved equivalent courses are taken at community colleges or other four-year institutions. All but three upper division courses (SCED 342, SCED 343, and THEA 311) are available online from CSU, Chico. The online Area of Concentration is the Environment or students can choose any approved minor. Students in this option who plan to apply to one of the on-campus CSU, Chico credential programs, must make sure they have completed the required prerequisites. Online students are encouraged to contact an advisor early to have equivalents approved. Some online courses are only offered once a year. Students must contact their advisor each semester for mandatory advising.

Return to Major Core Course Requirements

Liberal Arts (non-credential) Option: 16-18 24-26 units

This option is designed for students who want a broad liberal arts and sciences degree but are not interested in pursuing the teaching credential. Public school experience is not required for the non-credential option. It is important to see an advisor for help in planning your program. Normally, students selecting this pattern complete the following program:

The Liberal Studies major core program of 69-75 units; 9-11 units in an Area of Concentration; and 15 units or more for a minor instead of the Professional Prerequisites. Students who select a second major of 30 units or more will fulfill the Area of Concentration requirements. Students must take enough units after completing the major core (75 units) and 9-11 units in an Area of Concentration to bring the total units for the major to 120 for graduation.

2 courses required:

HIST 102 World History since 1400 3.0 FS GE GC
HUMN 222 Arts and Ideas: Modern 3.0 FS GE

1 course selected from:

Note: Students in the Natural Science Area of Concentration must take both NSCI 489A and SCED 489M.
**Electives Requirement:**

To complete the total units required for the bachelor's degree, select additional elective courses from the total University offerings. You should consult with an advisor regarding the selection of courses which will provide breadth to your University experience and possibly apply to a supportive second major or minor.

Students should also check with their advisor on applying elective courses to requirements for authorizations which permit teaching in grades 7 through 9 in a departmentalized setting.

Students working toward a credential may use credential program prerequisite courses as elective units towards the Liberal Studies degree.

(a) Students who plan to enter the Bilingual Program must also take SPED 343 and EDTE 570.

(b) Students who plan to enter the Special Education Concurrent Program must complete the Special Education minor to satisfy all program prerequisites.

(c) Students who plan to enter the General Multiple Subject Program must take EDTE 520 and SPED 343.

**Grading Requirement:**

All courses taken to fulfill major course requirements must be taken for a letter grade except those courses specified by the department as Credit/No Credit grading only.

The University requires a grade of C- or higher in CMST 131, CMST 132, ENGL 130, ENGL 333, MATH 110, MATH 210, and PHIL 102 or approved equivalents for graduation.

**Advising Requirement:**

Advising is mandatory for all majors in this degree program. Consult your undergraduate advisor for specific information.
