6PM IN COLUSA HALL

SPEAKING ON

YO CUENTO:
Stories, Inclusion, and the Outdoors

Come join us for a presentation and discussion of the stories we build and tell in relation to our cultural identities and connections with the environment.

How are we representative and how do we represent ourselves? There is room for inclusion of multiple identities—and the stories we tell, the storytellers we support, and the narratives we weave. Be a part of these stories, told and untold, join us to include your story.

HOSTED BY
