

PERMISSION TO PUBLISH WRITING FROM ENGLISH 130

I have been informed that the English 130 program within the Department of English requests the use of my paper _____ (*title of paper*) and possibly all of the drafts leading up to the final version of that paper for publication in its program course packet. I understand that this packet will be used in all English 130 sections for at least one semester and possibly for one academic year (two semesters). I give permission for my drafts and final paper to be published in this packet, without financial gain for me, for up to two semesters. I understand that this material will be used to demonstrate a mastery of the revision process and excellence in student writing. I willingly give permission for my drafts and final paper to be used in this manner.
