Spring 2009

# Konkow Organic Garden Green House

Brandyn A. Gibson

Spring 2009

**Objective:** To increase plant life range in the Konkow organic garden allowing students to grow edible plants year round and become educated with greenhouse care.

**Specifications According to Walmart.com:**

“An affordable, easy way to protect your precious plants, the WeatherGuard 6.5' H x 8' W x 8' L Greenhouse is constructed from 1-1/4" all-steel galvanized tubing and features a triple-ridge

roof design that's perfect for hanging and protecting plants and other greenery from harsh weather elements.

The Cover: A rugged, three-piece 200-gram 12 x 14 crossover weave that includes a vented end panel, a zippered front panel (also with vents) and a main cover with side ventilation for ideal climate control.”

**Additional Information:**

The greenhouse will be located in the Konkow organic garden in the Northeast or Southeast corner. It is completely funded by AS Sustainability Fund and will be run by the North Campus Environmental Committee. The North Campus Environmental Committee is to be headed by the North Campus Environmental Ambassador and is to be added to the North Campus Hall Council

constitution this spring. An instruction manual is being made that is to be passed down to all North Campus Environmental Ambassadors regarding their responsibilities. The instruction manual is to be kept by the Residence Community Coordinator (RCC) or the Assistant Residence Community Coordinator (ARCC) of north campus and passed down to the Environmental Ambassador upon their election.
