Subject: Public Forum on Transportation Demand Management Plan

CSU, Chico invites you to attend a public forum to discuss our Transportation Demand Management (TDM) Plan process. The University has contracted with a transportation consultant, Fehr & Peers, to facilitate this plan. A key component to the success of this plan is to invite interested parties from the Campus, City, and community to be part of the process.

The goals and objectives of this plan are to:

- Increase alternative modes of transportation.
- Promote walking, biking and public transit as convenient and practical means for campus trips.
- Address campus transportation impacts in adjacent neighborhoods.
- Facilitate a coordinated transportation approach with the City of Chico, specifically downtown.
- Support Campus sustainability practices.

Please join us for a community meeting to learn more about TDM, and provide direct input regarding campus transportation issues.

The meeting will be held on the CSU, Chico campus:

- ✓ Wednesday, October 22, 2008 from 5:00 p.m. to 6:30 p.m.
- ✓ Student Services Center - Room 150 (on the corner of 2nd and Ivy Streets)
