

Online Completion of Upper Division Pathway, Capstone and Diversity (GC, USD)

Upper Division Pathway

As an upper division transfer student you are required to complete three upper division GE courses, one from each of three disciplinary areas—Natural Sciences, Arts/Humanities, Social Sciences—the horizontal rows in the chart on the next page.

The three classes should be taken in one Pathway. Five pathways can have their upper-division course requirements completely met online

- Food Studies
- Gender & Sexuality
- Global Development
- Health & Wellness
- International Studies.

If you are unable to complete the courses within this one Pathway you may take courses from different pathways (columns), but must still take one course from each row. To obtain this modification contact Academic Evaluations at evaluations@csuchico.edu or (530) 898-5957.

Capstone

Transfer students admitted for Fall 2014 or later need to complete the Capstone requirement for graduation. This may be accomplished by completing an Upper Division pathway course that has a 'Z' after the course number. **Not all sections of a course are capstone so make sure you enroll in the course with the 'Z'.**

Some majors have a course that will satisfy the Capstone requirement. See the link below to determine if your major has an approved capstone substitution.

http://www.csuchico.edu/curriculum/AcademicDepartmentManual/Capstone_Substitutions.shtml

Global Cultures (GC) and US Diversity (USD) requirements

If you have not already completed Global Cultures (GC) and US Diversity (USD) requirements prior to transferring you may be able to satisfy these requirement using courses in your major or the upper division pathway without needing to take an extra class. Look for courses with the GC or USD designations to fulfill the requirements.

Listed on the next page are online Pathway courses from the 2015-16 academic year. Many of these courses are offered online in Summer and/or Winter (January) sessions only. Such course offerings are subject to change. Use this link to access the most recent information regarding availability of the online courses: <http://rce.csuchico.edu/schedule/online>

Summary: Take one course from each row, all in the same column. If you must take courses from multiple columns, call 898-5957. See above for Diversity and Capstone information.
