

The Department of Geological and Environmental Sciences (GEOS)
and
The Association of Geology and Environmental Students (AGES)

Present GASS...the
GEOS/AGES Seminar Series

Tuesday, March 26 – 5:00 p.m. - PHSC 109

Elizabeth Hale

GIS Specialist ~ Lassen Volcanic National Park

“Mapping Wildfire: Cool GIS Applications for a Hot Topic”

✚ Ms. Hale will share her experiences from the 2012 fire season and some of the applications of GIS in fire science. Topics include the role of GIS in incident support, maps of the 2012 Reading Fire that burned in Lassen Volcanic National Park and using GIS as a tool for fire research and analysis.
