

Elements of Student Success: Chico's Long-term Plan

Academic Environment:

Faculty, Pedagogy, Curriculum... an integrated, engaging academic experience, supported by dedicated faculty and facilities that prepares students for career, civic participation and a fulfilling life.

Culture of Caring:

An inclusive, welcoming environment with multiple opportunities for students to connect to the university and community. An asset-based approach to diversity that supports students' grit and resilience.

Data-informed Decisions: Recognizes resource constraints and focuses on effectiveness and efficiency in supporting student success. Reliable, actionable information in the hands of decision-makers in support of responsible resource stewardship.
