You are required to include your Social Security number on admission application forms to all CSU campuses pursuant to Section 41201, Title 5, Code of California Regulations and Section 6109 of the Internal Revenue Code. CSU campuses may use the Social Security number to identify your student records maintained in your association with the campus and, if needed, to help collect debts owed the university. Also, the Internal Revenue Service requires the university to file information returns that include the student’s Social Security number and other information, such as the amount paid for qualified tuition, related expenses, and interest on educational loans. That information is used to help determine whether you, or a person claiming you as a dependent, may take a credit or deduction to reduce federal income taxes. In addition, this information is utilized to match your application to academic records, financial aid applications, and other documents.

Your responses to these questions are required for the campus to make a preliminary assessment of your residency status for admission and tuition purposes. The campus may request additional information prior to making a final residence determination. (Education Code Section 68041)

**Residence Classification Information**
Under California law, each campus must determine the residence of all new and returning students. Nonresidents are required to pay nonresident tuition and meet other conditions. Generally, to be eligible for a resident classification, an adult student must have established and maintained permanent residence in California at least one year prior to the residence determination date. Minors derive residence from their parents. The residence determination dates for each academic term are:

<table>
<thead>
<tr>
<th>Term</th>
<th>Quarter calendars</th>
<th>Semester calendars</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>September 20</td>
<td>September 20</td>
</tr>
<tr>
<td>Winter</td>
<td>January 5</td>
<td></td>
</tr>
<tr>
<td>Spring</td>
<td>April 1</td>
<td>January 25</td>
</tr>
<tr>
<td>Summer</td>
<td>July 1</td>
<td>June 1</td>
</tr>
</tbody>
</table>

Proof of residence requires evidence of both physical presence and intent to remain indefinitely in California at least one year before the residence determination date. In addition, other rules and exceptions apply. Failure to complete all residence questions may result in a nonresident classification or denial of admission.

**Demographic Information**
To conform to new guidelines from the Federal government, the California State University must collect students’ detailed information about their ethnic and racial backgrounds. This information will not affect any student’s application for admission.
These new guidelines from the Federal Office of Management and Budget (OMB) define ethnicity and race as separate concepts. The guidelines advise that, wherever possible, separate questions should be asked on each concept. According to OMB, the new guidelines accommodate "the increasing diversity of our Nation's population, stemming from growth in interracial marriages and immigration." The CSU application reflects the intent of the new guidelines. Applicants are first asked to self-identify their ethnic origin and then they are asked to choose the race or races with which they most closely identify.

**Ethnicity**
In accordance with the OMB guidelines, ethnicity is defined as being "Hispanic or Latino" and "Not Hispanic or Latino." In general, OMB defines ethnicity or origin as the heritage, nationality group, lineage, or country of birth of the person or the person's parents or ancestors before their arrival in the United States. The CSU application lists 23 separate Hispanic or Latino identities that are associated with the peoples of Mexico, Central America, South America, the Caribbean, and Spain. People who identify their origin as Spanish, Hispanic, or Latino may be of any race.

**Race**
The racial identifications listed in the CSU application span the minimum 5 racial categories called for by the OMB guidelines:

- White
- Black or African American
- American Indian or Alaska Native
- Asian
- Native Hawaiian or other Pacific Islander

The new racial categories are similar to the categories found in older versions of the CSU application. The important difference now is that applicants can select two or more categories to self-identify their racial origins. A second difference is that applicants can now respond to more explicit options.

Below are the U.S. Census definitions for the minimum 5 race categories required by OMB:

1. "White" refers to people having origins in any of the original peoples of Europe, the Middle East, or North Africa. It includes people who indicate their race or races as "White" or self-identify with terms like Irish, German, Italian, Lebanese, Near Easterner, Arab, or Polish.
2. "Black or African American" refers to people having origins in any of the Black racial groups of Africa. It includes people who indicate their race or races as "Black," "African American," "Nigerian," or "Haitian."
3. "American Indian and Alaska Native" refers to people having origins with the original peoples of North and South America (including Central America), and who maintain tribal affiliation or community attachment. The 30 tribal entities listed in the CSU application focus on tribal affiliations found in California. For example, the list includes "Chumash," "Paiute," or "Shoshone." The list also contains three generic categories for tribal entities whose origins are outside California.
5. "Native Hawaiian and other Pacific Islander" refers to people having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands. It includes people who indicate their race or races such as "Native Hawaiian," "Guamanian or Chamorro," "Samoa," or "Tahitian." In all, the categories listed in the CSU application span 24 identities associated with Polynesia, Micronesia, and Melanesia.
