OVERVIEW OF PLAN CHANGES EFFECTIVE JANUARY 1, 2019:

Health Plan Rate Changes:
- Effective January 1, 2019, rates for most health plans will change. Please refer to page 8-9 and review the monthly employee cost.

Change – Health Net will no longer be offered in Sacramento in 2019
- Health Net will no longer be offered in Sacramento.
- If you are enrolled in Health Net and reside in Sacramento, and do not make a change during Open Enrollment, you and your enrolled family members will be administratively moved to a comparable plan in your area.

County Contractions:
- Blue Shield Access+ will exit eight Bay Area Counties: Alameda, Contra Costa, Marin, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma.

PERS Select Basic PPO Plan has adopted a value-based insurance design:
- The new PERS Select plan will change co-pays for primary care, specialists, and urgent care; award credits to reduce your annual deductible; eliminate hospital tiering, so you can access any hospital in your network at one coinsurance rate; eliminate coinsurance for inpatient delivery, after enrollment in the Healthy Moms program.

Delta Dental PPO Plan Enhancements:
- When you visit a PPO dentist, your diagnostic and preventative services (like cleanings and exams) will not count against your annual maximum. This benefit does not apply if you visit a Delta Dental Premier or non-Delta Dental dentist.
- SmileWay Wellness Benefit is an enhanced coverage for higher risk employees. Employees with certain qualifying diagnosed medical conditions (diabetes, heart disease, HIV/AIDS, rheumatoid arthritis or stroke) are offered expanded coverage such as one periodontal scaling and root planing procedure per quadrant per calendar year covered at 100%.
HELPFUL TIPS FOR SELECTING A HEALTH PLAN

Open Enrollment is an opportunity for you to review your current benefit plan elections to ensure they continue to meet your needs and those of your family. There are a number of factors you may want to consider, including access to doctors, range of benefits, cost of services, monthly premium cost, restrictions to specific groups of doctors, referral and authorization by a primary care physician (PCP), and access to specialist or prescription drugs and restriction on a plan formulary or list of preferred drugs.

Here are some useful tips you should consider when selecting a health plan:

- Identify your needs and the needs of your family members.
- Consider the employee monthly premium costs.
- Understand the basics of how your health plan works, e.g., whether it’s a PPO, EPO or HMO plan.
- Consider your out-of-pocket costs along with co-pays for prescription drugs.
- Review your health plan availability by county and ZIP code.
- Review the health plan covered benefits and exclusions.
- Consider any life changes that may occur during the upcoming year.
- Consider coverage if you travel or have a dependent in college in another state.

CALPERS HEALTH PLAN STATEMENT

The CalPERS Health Plan Statement will be available online, August 27, 2018.

The online statement will:

- Allow you 24/7 access to view and/or print your customized health enrollment information.

EXPLORING WELLNESS AT THE CSU

CSU in partnership with our vendors for health, dental, vision, employee assistance program, and financial wellness, are committed to a culture that promotes wellness through healthy lifestyles that enhance the quality of life for our faculty and staff.

Wellness is a lifestyle that assists individuals to achieve a high level of well-being by integrating body, mind and spirit. The CSU encourages faculty and staff to participate in programs, activities, and services that impact their wellness and the wellness of CSU communities.

Featured below are some of the wellness programs that employees may participate in. Good health is more than the absence of illness, but is also a dynamic state of well-being that acknowledges the importance and inseparability of wellness. Check with your campus Human Resources/Benefits office for further details about all these programs.

**Emotional Wellness – How you feel**

CSU campuses provide Employee Assistance Programs (EAP) to both staff and faculty. EAP provides free, confidential counseling and referral services. Eligible employees have 24-hour access to confidential services that support emotional well-being, safety and productivity in the workplace.

**Physical Wellness – How you live**

CSU health plans offered through CalPERS provide many programs and classes that promote a healthier you. Many CSU campuses offer wellness programs that promote healthy living and eating.

**Occupational Wellness – How you perform**

The CSU supports occupational wellness by offering programs to assist employees in their career development plans. At the CSU, Systemwide Professional Development (SPD) provides options for CSU employees to expand their job-related learning. We believe learning is an ongoing, life-long process which can enhance the personal and professional development of the CSU employee. SPD offers a myriad of self-paced e-learning courses, books, videos, and on-the-job training that allows employees to grow and potentially advance in the workplace.

**Financial Wellness – How you manage your finances**

Financial wellness is a critical part of employee well-being as money can be a huge source of anxiety. The CSU offers many programs to assist employees with being financially fit, such as CalPERS retirement, income protection benefits (including life insurance and disability), and investment options for future financial security through the CSU Tax Sheltered Annuity 403(b) Program. Employees are able to receive free personalized financial counseling offered through Fidelity. They provide help with maximizing retirement savings and other financial goals.

**Intellectual Wellness – How you think**

CSU faculty and staff have access to various programs designed to enhance professional development, expand their knowledge base and improve skills to create and share new ideas. One program is the CSU Fee Waiver and Reduction Program which was established in 1975 and provides CSU employees and their eligible dependents the opportunity to attend classes at CSU campuses at reduced rates. Fee waiver courses include undergraduate, graduate, credential, on-line, and summer term courses if they are state-supported.

Vision Plan Overview
Basic and Premier Plans

Eye exams are an important part of overall health care for the entire family. The Vision Benefits Summary may help you decide which plan best fits the needs for you and your family.

The VSP offers a large network of contracting providers including both optometrists and ophthalmologists to choose from when vision care is needed. When a contracting network provider is used, the care is considered “in-network,” out-of-pocket costs will be less, and the highest level of benefits is received. If a provider outside the network is used, the care is considered “out-of-network” and coverage is still provided, but the out-of-pocket costs will be significantly higher.

Which Plan Is Right For You?

Although the plans utilize the VSP network of providers, your out-of-pocket costs associated with the plans will vary. Use the Summary to determine which plan suits your vision needs.

The best vision plan for you depends on a number of factors:

- What are your anticipated vision expenses for 2019?
- What can you afford to pay out-of-pocket (in terms of co-payments) when vision care is needed?
- Do you have other vision insurance?

Premier Plan Eligibility

Eligible dependents are the same across all plans (health, dental and vision) and defined in this guide under Eligibility. However, unlike the eligibility for health and dental, when you elect to enroll in the Premier Plan, any dependents you wish to cover must also be enrolled into the Premier Plan coverage or they will lose their Basic vision coverage as well. You cannot choose to enroll in the Basic and Premier vision plans coverage at the same time or split enrollments by leaving any dependents in the Basic vision plan.

California State University Tax-Sheltered Annuity (TSA) 403(b) Program

The California State University Tax-Sheltered Annuity (CSU TSA) Program is a voluntary 403(b) plan that allows eligible employees to save for retirement by investing monthly contributions in tax-deferred accounts.

Pre-Tax Contributions
Save for retirement by investing monthly pretax contributions in tax-deferred accounts. Pre-tax contributions means more savings towards your retirement goals than after tax savings.

Roth Option

By participating in this Plan, you have the opportunity to:
• Accumulate tax-deferred or post-tax (Roth) balances to help support you CalPERS retirement income.
• Reduce current income taxes and possibly lower your tax bracket.
• Choose from many investment options or utilize a brokerage link.
• Plan for retirement and other financial needs.
• Take advantage of Fidelity Investments campus representatives and online tools.

**4. Do all current, eligible employees need to enroll or re-enroll for benefits during the Open Enrollment period?**
Your current benefits elections (except for Dependent Care and Healthcare Reimbursement Accounts) will roll over to the 2019 plan year. You must re-enroll in the Flexible Spending Accounts every year.

**5. What is a flexible spending account?**

**8. What happens if I miss the Open Enrollment period or if I fail to enroll during my first 60 days of employment as a new hire?**
If you have not previously been enrolled in health coverage through CSU and have not provided proof of other coverage, HIPAA offers two provisions – Special Enrollment and Late Enrollment – for employee and their eligible family members to enroll in a CalPERS health plan outside of the initial enrollment period and the Open Enrollment period.

Special Enrollment must be requested within 60 calendar days of one of the following qualifying events:
- Loss of other non-CalPERS coverage
- Marriage/registered domestic partnership
- Birth/adoptions
- Court-ordered coverage
- Divorce/termination of registered domestic partnership

Late Enrollment allows an employee to request enrollment if they declined or canceled enrollment for themselves or their eligible dependents and the Special Enrollment exceptions do not apply. Late Enrollment is applied as:
- A 90-day waiting period is required
- The effective date of enrollment will be the first of the month following the 90-day waiting period after required documentation has been provided to the campus benefits office.

Employees on Leave of Absence during the Open Enrollment period may change plans and add/delete dependents. Employees who do not change plans and add/delete dependents during the Open Enrollment period may do so within 60 days of the date they return to regular pay status.
