University Information & Policies

Alcohol Education

All first year students must complete the online Alcohol Awareness Training, called AlcoholEdu. It is designed to educate and prepare students for making healthy, well-informed decisions regarding alcohol. It is required, even if you do not drink alcohol, because it also prepares you to assist others who do.

To complete this training:
Log on to your Portal account, go to the Records, Registration, and Finances tab, and click on the AlcoholEdu link to begin the program. If you do not complete AlcoholEdu with a score of 70 or above and/or you fail to complete follow-up surveys by the deadline stated on your Portal account, a hold will be placed on your student account which prevents class registration, receiving transcripts, and other important University privileges.

For personal assistance with AlcoholEdu, visit the CADEC Office at SSC 180.
