

It's a Choice, Not a Boundary

How to enroll your child in Hooker Oak

Students are enrolled by the family's choice, not predefined school boundaries, and are accepted on a space-available basis. The Hooker Oak OSC enrollment process includes obtaining:

- OSC handbook
- Parental participation contract
- Program tour
- Application

To obtain any of these materials or to enroll your child, please contact Hooker Oak OSC.

The Open Structured Focus

An open structured classroom focuses on development of the whole child through an interactive, multiaged, thematic-based learning environment.

Cooperative learning is incorporated through a partnership between the teachers and students, giving the students a choice in their learning environment.

How OSC Benefits Your Child

Hooker Oak OSC provides opportunities for learning such as:

- Hands-on lessons and projects
- Inventive explorations
- Mentoring relationships with other children
- An intimate learning community with close relationships to teachers, adults and peers

OSC Educated Students Will

- Demonstrate high self-esteem
- Achieve individual academic success in all subjects
- Feel connected to peers and assume leadership roles
- Use problem-solving strategies

The Hooker Oak Approach

W h a t H o o k e r O a k c a n o f f e r y o u r c h i l d

Community

Hooker Oak OSC is a program that creates a community of learning where teachers, students and parents teach and learn together. We are a community that comes together to provide development of the whole child, at a rate that corresponds to each student's readiness.

Mission

To provide exceptional education tailored to our students' own abilities, interests and learning styles. Through the combined efforts of teachers, parents and students, we meet high academic standards while cultivating strong social skills, personal initiative and responsibility in our students.

Principles

Hooker Oak OSC puts the needs of the child first and foremost while integrating a level of family involvement. Each classroom setting is unique, reflecting the personalities of the teacher and students.

Vision

Every student who completes our program will emerge as a self-empowered individual who has a desire for knowledge, the courage to try new things, the conviction to make good decisions and the ambition to make a positive impact on his or her community.

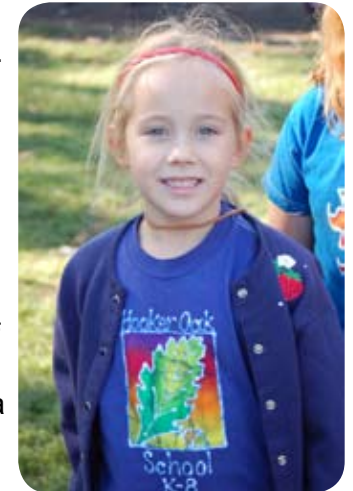

Our Goals

Hooker Oak OSC incorporates the following into all classrooms:

- A rich and stimulating environment that includes thematic-based academic learning
- Self-concept development through creative arts and communication
- Individual and social responsibility through integrated instruction and cooperative learning
- A sense of community through parental involvement where children are given the opportunity to make choices

Our History

The Open Structured Classroom program has provided quality education since 1973. Chico parents and educators started the program to provide a learning model that emphasized development of the whole child. Due to the success of the program we have expanded to include a seventh and eighth grade community.

The Benefits

By interacting and connecting with the community, students gain higher self-esteem, build independence and learn interdependence.

The project-based curriculum of the Hooker Oak seventh and eighth grade community is designed to challenge and educate teenagers, preparing them for academic success and social responsibility.

The Curriculum

The seventh and eighth grade community educates students through team-building activities that are aimed at including the local surroundings as a focus for study.

Courses offered:

Business Enterprise	Math
Digital Imaging	Physical Education
Foreign Language	Science
Health	Social Studies
History	Writing
Language Arts	<i>and more ...</i>

The Advantages

Tutoring opportunities create an environment where the student can learn from one-on-one interactions with peers and younger students.

Our off-campus field trips allow students to practice cooperative group learning within the community.

They are also encouraged to participate in team sports, theatrical productions, art, socials, dances, choir and band.
