THE ELECTROGRAPH.

100 fac-simile copies of any writing in a few minutes. \$1 to \$4.50.

W. S. READ, DENTIST, Room No. 5, Ostroski Building, Oroville.

PREFACE.

The want of the business community of Marysville, Chico, Oroville, Red Bluff, and other commercial centers, for a complete Resident Directory of the district, has been quite urgent for a year past; and we have been generously received and endowed with the public for this present work. We fondly anticipate that it will meet all its requirements. Few persons, without actual experience, can comprehend the details of such a work; its cost, and the care and pains necessary to bring it to completion. We have spared neither money nor labor to make it as near perfect as possible, and do not believe that a reasonable public can magnify the few errors that have crept in, into any importance. It is the intention of the publishers to issue a number as occasion demands, trusting that the new features introduced into this issue will make it popular.

We are indebted for many favors, in the shape of information, to the gentlemen of the press, as well as to the courtly officials, of the counties we embrace.

H. H. PIERSON, Dentist, (415 J St., Sacramento.) ARTIFICIAL TEETH—Gold, Platinum, Vulcanite Bases.

Hotel del Monte, Monterey, Cal.

The Winter weather at Monterey is warmer than at any of the European or Floridian resorts, and much drier. It is for all the world like the Indian Summer of the Eastern and Southern States.

THE MAGNIFICENT
HOTEL DEL MONTE
 is Open All the Year Round
 For the reception of guests and seekers after health.
 TERMS: By the Day, \$3.00; Week, \$17.50; Month, \$70.

WIGHTMAN & HAMPTON, Paints and Oils, Marysville.

MONTEREY, CAL.

Bathing Houses, Character of the Beach, Etc:

The beach is about half a mile from the hotel, and is the most perfect bathing beach upon the Pacific Coast. The bathing-house is a model of beauty and perfection. Mr. W. H. Daily, the champion swimmer of the Pacific Coast, and who has made himself well acquainted with the character of several of the most noted beaches from San Francisco to Santa Monica, says, in a letter dated Monterey, December, 15, 1879: "I have made a careful examination of the beach at this place, as to its fitness for purposes of bathing. I find it an easy, sloping beach of fine sand; no gravel, no stones anywhere below high water mark. I waded and swam up the beach a quarter of a mile, that is, toward the east, and also westward toward the warehouse, and found a smooth sandy bottom all the way; no rocks, no sea weed and no undertow. The whiteness of the sand makes the water beautifully clear. I consider the beach here the finest on the Pacific Coast. I was in the water an hour yesterday, and found it, even at this time of the year, none too cold for enjoyable bathing."

The Climate and Healthfulness of Monterey.

The weather at Monterey is not so warm either in summer or winter as in other parts of California further south, but there is an even temperature that can be found nowhere else. From January to December, year in and year out, there is no summer nor winter weather. Indeed, the weather at Monterey, from one year's end to the other, partakes of that beautiful interlude known in the East and South as "Indian Summer." The same balmy zephyr breaths a delicious atmosphere all the other years, and summer and winter, so called, serenely face each other and exchange compliments. The following carefully prepared table presents the mean temperature of Monterey and many other health resorts and places throughout the world:

COMPARATIVE TABLE OF TEMPERATURE.

PLACE.	Jan.		July.		Diff.	Latitude.
	deg.	deg. min.	deg.	deg. min.		
MONTEREY	52	58	62	9	36	35
San Francisco.....	49	37	8	37	48	
Los Angeles.....	55	67	12	34	04	
Santa Barbara.....	56	60	10	34	24	
San Diego.....	57	65	8	32	41	
Santa Monica.....	58	65	7	34	00	
Sacramento.....	45	73	28	38	34	
Stockton.....	49	72	23	37	56	
Vallejo.....	49	67	19	38	05	
Fort Yuma.....	53	92	36	32	43	
Cincinnati.....	30	74	44	39	06	
New York.....	31	71	46	40	37	
New Orleans.....	58	75	27	20	57	
Naples.....	58	75	30	40	22	
Honolulu.....	71	77	6	21	16	
Funchal.....	60	70	10	33	38	
Monte.....	40	73	33	43	71	
Geneva.....	46	77	31	44	24	
City of Mexico.....	59	83	24	18	39	
Jacksonville.....	58	80	22	30	50	
St. Augustine.....	59	77	18	30	05	
Santa Cruz.....	50	60	10	37	00	

It will be seen by the above table that Monterey has only one rival (Honolulu) in equality of temperature. It must be understood, however, that there is a good deal of hot, disagreeable weather on the islands, and a multiplicity of drawbacks which Monterey does not possess. There are seldom any high, cold winds at and around Monterey, and never any hot ones. SEE PAGE 14.

RAILROAD LANDS

California and Nevada.

The Central Pacific and Southern Pacific Railroad Companies have Land Grants from the United States Government, including Wheat, Farming, Fruit, Grazing, Dairy and Timber Lands,

Equal to the Best in America,

And Adapted to all purposes of Profitable Agriculture, and will Sell the same in Tracts of

FORTY ACRES AND UPWARDS,

AT PRICES RANGING FROM

\$2.50 to \$20 per Acre,

According to Quality and Situation.

These lands extend the entire length of California and across the State of Nevada, and—excepting the tracts reserved by Government and those to which a valid homestead or pre-emption right had attached prior to the date of the grant—comprise all the vacant odd-numbered sections within twenty miles on each side of the main line of the Central Pacific Railroad, within thirty miles on each side of the main line of the California and Oregon branch of the Central Pacific Railroad, and within thirty miles on each side of the line of the Southern Pacific Railroad. The course of these lines of road can be readily ascertained by reference to any late maps of California and Nevada.

It will be seen that all this country is situated in the midst of what will be, within a few years, a perfect network of railroads.

Lands, therefore, anywhere within this section, must, in consequence of situation, outside of their intrinsic worth, increase very rapidly in value. But, independent of situation, the general excellent quality of the soil, its great productiveness, its adaptability in many places to almost every species of agricultural production, together with the mildness of the climate, the bright skies and the equality of the temperature which prevails over the greater part of its extent, render it a very desirable section for the immigrant and settler who wishes to make a happy home in a place where all the comforts and most of the luxuries of life can be had with but little trouble, and where industry and thrift will be sure to meet with an abundant reward.

Tracts of not less than eighty acres will be sold, if desired, on a credit of five years; that is, twenty per cent. cash in hand, and the remainder of the purchase money payable at any time within five years, with interest at seven per cent. per annum. Circulars, giving full particulars, are supplied gratis.
