Assistant or Associate Professor Position
Department of Mathematics and Statistics

The Position: The Department of Mathematics and Statistics is searching for a tenure track assistant or associate professor to start August, 2014. California State University, Chico is seeking faculty who are competent in their field, collaborative with colleagues and staff, and committed to student success. Position is contingent on funding. As a university that educates students of various ethnic and cultural backgrounds, we value a diverse faculty and staff. Chico welcomes applicants who are knowledgeable about and interested in working within a cross-cultural learning environment. We also welcome those who share a passion and commitment to the University's Strategic Priorities: http://www.csuchico.edu/vpaa/wasc/StrategicPrior/.

Minimum Qualifications: The minimum education requirement for appointment to this position is a Ph.D. in mathematics, statistics or a related area. Candidates nearing completion of the doctorate will be considered; however, the doctorate must be complete prior to August 22, 2014. Other qualifications include a strong interest in data mining or big data analytics and evidence of a commitment to quality teaching. The candidate must demonstrate success (or the potential for success) in conducting scholarly research and have an interest in pursuing external funding. Candidates are subject to a criminal records check.

Preferred Qualifications: Preference will be given to candidates interested in developing curriculum related to data mining or big data analytics.

Responsibilities: This tenure-track position carries responsibilities in the areas of teaching GE and Major courses, curriculum development, scholarship (research and grant writing) and service (student advising, Dept., College and University committees). Teaching assignments are based upon qualifications of the individual and the needs of the department.

Salary: Salary commensurate with education and experience.

The Department: The Department of Mathematics and Statistics consists of 15 full time faculty and roughly 12 full time equivalent lecturers, 170 math majors, and 20 graduate students in mathematics education. We offer 4 options in the bachelor's degree; general mathematics, applied mathematics, mathematics education and statistics. We place a high priority on quality teaching and engagement with students in and outside the classroom but we also require and value research and service. For more information about our department and college, please visit the following web sites: http://www.csuchico.edu/math/ and http://www.csuchico.edu/nsci/.

Closing Date: Review of applications will begin on January 7, 2014 and continue until the position is filled.

How to Apply: All applicants must complete the Application for Academic Employment Form, which is available on-line at http://www.csuchico.edu/faaf/facultyrecruit/facultyapplication.doc to be submitted with a cover letter addressing your professional goals and your qualifications or experiences as they relate to the required or preferred responsibilities. In addition, include a curriculum vitae or resume, complete graduate transcripts, and three letters of recommendation - including at least one addressing teaching effectiveness. Submit applications electronically to Dr. Nancy Carter, Hiring Committee Chair at: mathstathire@csuchico.edu
