

NSF REUT¹ at Chico State
Mathematical Modelling, Statistics, or Number Theory

Dates: June 8– July 17, 2009

Location: California State University, Chico

Financial Support: \$2200 plus travel and housing

Deadline: March 1, 2009

Under the direction of Dr. Sergei Fomin (math modelling using calculus and differential equations), Dr. Kathy Gray (statistics), or Dr. Ben Levitt (number theory) students will be investigating open problems with the goal of producing publishable research.

To apply, please complete the application form (available on-line), provide transcripts (unofficial are fine), and arrange for a letter of reference to be sent to the address below. The letter should be from an instructor familiar with your mathematical background and abilities. Candidates must be US citizens or permanent residents who are intending to continue undergraduate studies in the fall. Women and students from minorities underrepresented in mathematics are particularly encouraged to apply.

For further information, do not hesitate to contact us directly:

Sergei Fomin, REU Director
