

## MESA ENGINEERING PROGRAM (MEP)

### Graduate Profile

**Name:** Brandon Sykes

**Major:** Polymer Manufacturing Engineering / Manufacturing Technology

**Student Organizations (List positions held if applicable):**

National Society Of Black Engineers Secretary and Historian) SPE (Secretary and Historian) AMP, SAM

**Graduation Year:** Spring 2008 (Masters) Spring 2001 (BS)

**Current Employer:** Applied Aerospace Structures Corporation

**Job Title:** Associate Test Engineer

**Job Description:** Lab Manager, assuring quality testing for commercial airplanes, air crafts, leer jets, space and satellite structures and military defense systems.

**How did the MESA Engineering Program (MEP) help you?** The MESA Program helped me by surrounding me with a positive environment and students sharing the same experiences as we headed towards many of the same professional goals. Through MESA I was able to interact with many of the top companies in industry getting a jump start on the qualities needed to succeed in their high end positions.

**Favorite Chico Memory?** Putting on my cap and gown, walking across the stage for myself, my family and ancestors.
