Check your Wildcat e-mail for updated communications on all your classes. Faculty will also use Blackboard Learn to communicate with students regarding nursing classes. If you need to take other non-nursing classes – the late afternoons (after 6:00 p.m.) or evenings would be possible on the days you don’t have clinical.

Clinical Requirements – This is extremely important. Updates of all clinical requirements are due to CastleBranch by Friday, January 6, 2017. These requirements include updating proof of health and auto insurances (make sure your name appears on the submitted policy), as well as any expiring immunizations (i.e., PPD tests [two negative within the past calendar year -not more than 3 mos. apart], flu vaccine) or CPR certifications. If your CPR expires soon, schedule renewal now and make sure you take the correct course. The CPR card needs to read, "Healthcare Professional or Healthcare Provider” and is good for two years. Please note: If clinical requirements are not updated by January 6th, students may be disenrolled from clinical courses, which could affect financial aid eligibility. You will also lose professional points in your courses if this is not completed on time.

Register for the following courses:

**N313** - Registration #4242

**N314**: (register for one of the four sections)  
Section 1 - Registration #4264  Enloe Medical Center (Instructor- Dr. Darcy Lewis)  
Section 2 - Registration # 4265  Enloe Medical Center (Instructor- Dr. Gayle Kipnis)  
Section 3 - Registration #4279  Mercy Medical Center Redding (Instructor- Dr. Holly Kralj)  
Section 4 - Registration # 4280  Mercy Medical Center Redding (Instructor- Dr. Darcy Lewis)  
**N343** - Registration # 4293

**N344**: (register for the same section/location that you were scheduled in 2nd semester)  
Section 1 - Registration # 4292  Enloe Medical Center-5th Floor  
Section 2 - Registration # 4297  Enloe Medical Center-3rd and 4th Floors  
Section 3 - Registration # 4298  Oroville Medical Center  
Section 4 - Registration # 4299  Feather River Hospital

**N314 –Maternal-Child Practicum**

**N314 Skills Labs**: Monday, January 23 from 8:00am-5:30pm in Holt 357

**IV Skills Lab**
8:00am-10:00am - N314 Sections 1 & 2  
10:00am- 12:00pm - N314 Sections 3 & 4

**OB/Pediatrics Skills Labs**
1:00pm-3:30pm - N314 Sections 1 & 2  
3:00pm-5:30pm - N314 Sections 3 & 4
**N314 Orientation:** All students will meet in Sylvester’s 100 on Tuesday, January 24 from 9:00am-5:30pm and on Friday, January 27 from 12:30pm-5:00 p.m. One week prior to the beginning of school, your course supplement will be available on Blackboard Learn. Please print a copy of the syllabus, supplement, and section calendar and bring it to both days of orientation. (If you prefer you can bring a laptop to the orientation and access the syllabus and supplement with your computer, but definitely print the calendar and bring it with you.)

**N314 ATI Dosage Calculation Assessments-** You will be required to take the ATI Pediatric and Maternal Newborn Dosage Calculation assessments DURING ORIENTATION the first week of the semester. **By midnight on Saturday, January 21th you must have completed the 9 tutorial practice tests within the previous 60 days with a score of 90% or higher.** Completing these modules during a previous semester does not qualify. There is no need to print proof of completion as your clinical instructor will check online. **You will not be allowed entrance to the testing room without completion of the tutorials.** To access the tutorials, please log into [www.atitesing.com](http://www.atitesing.com) and go to the Products section and then the Tutorial tab. The 9 tutorials are: Safe Dosage, Medication Administration, Oral Medications, Injectable Medications, Powdered Medications, Parenteral (IV) Medications, Dosages by Weight, Critical Care, and Pediatric Medications. You will also take 2 ATI proctored assessments for Maternal/Newborn and Pediatric content late in the semester.

**N314 Clinical** - All sections rotate through acute (hospital) OB and Pediatrics and have many additional components that are scheduled on Tuesdays and Fridays which include simulation training, clinical time at the Alpine Homes, and other community sites. The specific dates scheduled will be provided to you during N314 orientation during the first week of the semester and are subject to change due to ongoing negotiations and arrangements made with our facilities. **Bringing your N314 calendar to orientation is very important as you may be given some optional dates during orientation.**

Simulation Training is conducted at the Northern California Rural Simulation Center, located at 560 Cohasset Road, Chico.

**N314 Hospital Rotations:** Rotations for OB/Pediatrics are described for each section below. Dates provided here are still tentative and subject to change.

**N314- Sections 1 & 2; Enloe Medical Center in Chico for Acute Pediatrics and OB.**
Note that 5-6 hours of online reading and tests are due before the start of clinical rotation. You will receive an email from Enloe to access these modules.
There are a total of 7 clinical hospital days plus one half-day Enloe orientation, 12 hours of simulation training (3 separate dates) at the Sim Center, one 4-hour clinical at the Alpine Homes, a 2-hour Feather River Hospital orientation, one clinical observation day at the Feather River Pediatric Clinic, and a 2-hour evening Childbirth Education class. These additional dates are mostly scheduled on Tuesdays and Fridays. These dates will be provided to you during N314 orientation during the first week of the semester.
N314-Section 1: Enloe Medical Center for Pediatrics and OB – Tuesdays, January 31, February 7, 14, 21, 28, March 7 & 21 from 6:30 am - 7:00 pm. Orientation is on Friday, January 27 from 8:00 am-12:00 pm.

N314-Section 2: Enloe Medical Center for Pediatrics and OB - Tuesdays, 3/28, 4/4, 4/11, 4/18, 4/25, 5/2 & 5/9 from 6:30 am - 7:00 pm. Orientation is on Friday, March 24 from 8:00 am-12:00pm.

N314-Sections 3 & 4: Mercy Medical Center in Redding for Acute Pediatrics and OB.

NOTE: There are a total of 8 clinical hospital days, a separate full-day orientation, 12 hours of simulation training (3 separate dates) at the Sim Center, and one 4-hour clinical at the Alpine Homes. These additional dates are mostly scheduled on Tuesdays and Fridays. These dates will be provided to you during N314 orientation during the first week of the semester.

The 8 clinical days occur over 4 weeks on Friday and Saturdays; 6:30 a.m. – 7:00 p.m., as follows:

- **ORIENTATION**: Friday, February 2 from 9:00am-5:00pm at Mercy Medical Center in Redding, CA.
- Section 3: February 10-11, February 17-18, February 24-25, & March 3-4
- Section 4: April 7-8, April 14-15, April 21-22, & April 28-29

For more information about the N314 schedule, please e-mail Dr. Gayle Kipnis at gkipnis@csuchico.edu

**Nursing 343: Medical Surgical Nursing**

**Nursing 343**: This is a three-unit continuation of Nursing 303, which you took in second semester. This course, too, is primarily pathophysiology and care of the adult with disorders of those systems not covered in Nursing 303. The format will be similar to Nursing 303, with a flipped classroom and emphasis on active learning in the classroom setting. The first meeting of this course will be on Wednesday, January 25th. The syllabus, course calendar and other information will be published in Blackboard Learn approximately one week before the semester begins. The textbooks will be the same as for Nursing 303.

**Nursing 344: Medical Surgical Nursing Practicum**

**Nursing 344**: Nursing 344 is the clinical accompaniment to Nursing 343. It is a 90-hour med/surg clinical. You will meet on Mondays from 0700-1530 for 11 days with 2 hours in final’s week. This includes 2 skills days and 2 simulation days. **You must register for the same section/facility you registered for in Nursing 304.** For example, if you were in Oroville for Nursing 304, you will be there again for Nursing 344. The same holds true for the other three sections.

All facility requirements must be completed prior to beginning the clinical rotation. Since you’ll be returning to the same facility you were in for Nursing 304, those should already be
complete. It is, however, your responsibility to make sure that is the case. Orientation for Nursing 344 will be on Monday, January 30. You will wear scrubs for the orientation. Check the course page in Bb Learn for the time and place. **You will take the ATI dosage calculation proctored exam on your orientation for N314 Maternal/Child and will not pass meds in N344 until it is passed.**

**ATI**

**ATI:** You will take the ATI medical surgical proctored exam this semester, at approximately week 14. Dates and times will be published in the course material in Bb Learn.

**For more information** about the N343 or N344, e-mail Jane Scheer at jescheer@csuchico.edu
