The primary mission of the Political Science MA Program is to provide high-quality instruction and training representing the breadth and depth of knowledge in the field to prepare our graduates for a wide variety of options after completing the MA. We offer a traditional approach to the MA to serve the diverse needs of our students and prepare them for a number of scholarly and professional pursuits. Some of our graduates go on to pursue a Ph.D. or law degree, others teach at community colleges or high schools, and others seek careers in government, politics (e.g., as lobbyists, policy analysts, campaign consultants) and in business and the non-profit sector. We also encourage political science MA students to integrate applied experiences, such as teaching and internships, into their program of study.

Financial Assistance

Graduate students who may be eligible for loans, scholarships, and work study funds should contact the Financial Aid Office for further information. Applications should be submitted by March 1 each year for priority consideration.

University Requirements

Department regulations listed here set out only part of the graduate students' obligations for University requirements; students should refer to the section GRADUATE ADMISSIONS under "Admission Requirements" in The University Catalog for minimum University admission and degree requirements.

Course Requirements for the Master's Degree: 30 units

Continuous enrollment is required. Any semester, in which a graduate student is not enrolled in coursework, they must enroll through Continuing Education to maintain their continuous enrollment. All requirements for the degree are to be completed within five years of the end of the semester of enrollment in the oldest course applied toward the degree. See "Graduate Education" in The University Catalog for complete details on general degree requirements.

Prerequisites for Admission to Conditionally Classified Status

1. Students must have a satisfactory grade point average: A 3.0 (on a scale where A = 4.0) in the last 30 semester units attempted and a 2.75 in the last 60 semester units attempted.
2. Approval by the Department of Political Science and the Office of Graduate Programs.
3. An acceptable baccalaureate in Political or Social Science from an accredited institution, or an equivalent approved by the Office of Graduate Programs.

All new students enter as conditionally classified graduate students. Conditionally classified students are expected to make no grade lower than a B-, and finish all course work (no "Incomplete" or "Satisfactory Progress").

Prerequisites for Admission to Classified Status:

In addition to the requirements for admission to conditionally classified status:

1. Completion of a minimum of at least 9 units of graduate study as a conditionally classified student, including a graduate seminar.
2. Completion as an undergraduate or post-graduate of the prerequisite courses in Political Inquiry (POLS 331 or equivalent) and 3 units in Political Theory.
3. Completion of the course in Political Science Research Methods. The student may complete this requirement by taking POLS 631 in his/her graduate program.
4. Formation of a graduate advisory committee. This should be done as early as possible and in consultation with the Graduate Coordinator. Generally, no more than 15 units will be counted toward the graduate degree program in Political Science taken before the formation of the graduate committee.

Where the student has selected the Comprehensive Examination Plan, the graduate advisory committee must be chosen from the list of faculty assigned to the examination fields of study. If the student selects the Thesis Plan, at least two of the three faculty members on the committee, including the chair, must be chosen from the Political Science Department.

Note: These committees (i.e., Comprehensive or Thesis Plan Committees) will be responsible for all guidance of the student through the completion of the degree.

5. Development of an approved master's degree program plan. The graduate advisory committee works with the student in the development of the student's master's degree program plan. The plan must be approved by the graduate advisory committee, the Graduate Coordinator, and the Office of Graduate Programs.

Advancement to Candidacy

In addition to any requirements listed above:

1. Completion of at least 18 units of the student's master's degree program plan.
2. Graduate advisory committee approval of the student's thesis proposal or the two study fields in which the examinations will be taken.
3. A minimum grade point average of 3.0.

Graduate Literacy Requirement – Writing proficiency is a graduation requirement.

Political Science graduate students will demonstrate their writing competence through the first seminar in which they enroll. The instructor of that seminar will certify for the Graduate Coordinator that the student has met the requirement. Consult with the Graduate Coordinator for specifics.

Graduate Grading Requirements

All courses in the major (with the exceptions of Independent Study- 697, and Master's Thesis-699, or Master's Project-699) must be taken for a letter grade, except those courses specified by the department as ABC/No Credit or Credit/No Credit grading only. A maximum of 10 units of Credit/No Credit grades may be used on the approved program (including 697, 699, and courses outside the major). While grading standards are determined by individual programs and instructors, it is also the policy of the university that unsatisfactory grades may be given when work fails to reflect achievement of the high standards, including high writing standards, expected of students pursuing graduate study.

Students must maintain a minimum 3.0 grade point average in each of the following three categories: all course work taken at any accredited institution subsequent to admission to the master's program; all course work taken at CSU, Chico subsequent to admission to the program; and all courses on the approved master's degree program.

In addition, no course in which a grade lower than B- is earned will be counted toward the fulfillment of any graduate degree requirements.

Graduate Advising Requirement

Advising is mandatory each semester for all Political Science MA students. Consult with the Graduate Coordinator for specifics.
