

Faculty: The Summer Explorer Award Competition is Back!

Have an idea for a research proposal to NIH? A foundation? NSF? The state?

Submit a “pre-proposal” describing how you will develop a proposal for research funding from an external agency. Deadline is **April 5, 2010 by 4 p.m.**

If your pre-proposal is **one of the six** selected by the review committee, you’ll develop and finalize the full proposal no later than August 17, 2010.

Once your final proposal is approved for submission, you’ll be awarded **\$3000** in Research Foundation salary or operating expenses.

Six \$3000 awards are available so go to the RESP link, look for Explorer Award and get started! www.csuchico.edu/resp/

Questions? Talk with Diane Johnson, ext. 6543.

Good luck and happy exploring!
