The Division of Student Affairs directly supports the recruitment, retention, graduation, and satisfaction of California State University, Chico students by providing comprehensive and integrated student services programs for all students.

The goal of the Division of Student Affairs is to provide comprehensive co-curricular, academic and student support programs and services to develop the environment for students to clarify their educational, career, and life goals, and to help students develop educational plans that will assist them in the attainment of their degree from CSU, Chico.

The Division of Student Affairs is engaged in the development of all students from a holistic perspective and is guided by the following values and principles:

**Diversity:** Student Affairs provides opportunities for students to learn, understand, respect, and appreciate the differences that exist among all people.

**Excellence:** Student Affairs is committed to excellence in programs and services that provide opportunities for growth and learning.

**Growth:** Student Affairs creates and maintains opportunities for individuals to explore their full potential whether it is in the classroom or in other areas of campus life.

**Integrity:** Student Affairs is committed to providing an environment of respect, trust, and confidence through accountability, consistency and honest communication between all members of the community.

**Leadership:** Student Affairs affords students the opportunity to develop their leadership skills in an environment that is supportive, nurturing, and challenging.

**Service:** Student Affairs is committed to providing responsive, accurate, accessible and courteous service.
