Internship Teacher Preparation Program

For Education Specialist, Multiple Subject, and Single Subject Credentials

Introduction

The Internship Teacher Preparation Program is an alternative pathway to earning a California teaching credential that links a professional teacher preparation program with employment as a beginning teacher in a public school. Qualified individuals are authorized to teach on a California Education Specialist, Multiple Subject, or Single Subject Intern Credential, valid for two years. Through a partnership between the school district and the School of Education, interns complete a state-approved CSU, Chico professional education program.

Benefits

For the intern:

- The Internship Teacher Preparation Program allows candidates for an Education Specialist, Multiple Subject, or Single Subject Credential to find appropriate paid teaching positions in order to combine supervised teaching and completion of the teacher preparation coursework with employment in a school district. The Intern Credential authorizes up to two years of classroom teaching.
- Increased teaching experience upon completion of the credential program, which will be an added benefit when applying for teaching positions.

For the school district:

- The university provides supervision and support for intern teachers and collaborates with school districts to form intern support teams that greatly enhance opportunities for teacher success.
- By hiring interns, school districts can fill positions when fully credentialed teachers are not available. Interns hold temporary two-year intern credentials, have completed 120 pre-service hours as specified by the CTC, have passed Basic Skills, have met Subject Matter Competence requirements, and are considered “highly qualified.”
- More information is available at: <http://www.csuchico.edu/soe/credential/internship-information.shtml>

Internship Requirements

1. Interns complete the same program and meet the same requirements as regular credential students, except that the teaching practica are completed as an employed classroom teacher.
2. Before seeking an internship, students must determine that they meet **all** of the Commission on Teacher Credential (CTC) admission requirements including acceptance to Graduate Studies and to the appropriate credential program, exams, pre-service requirements, and prerequisite courses (see below). **These requirements are determined by the CA Education Code and the CTC; there are no exceptions.**
3. Interns must seek employment and complete the hiring process themselves – the School of Education does not find intern positions. To qualify for a teaching practicum, the student must be hired by the school district as an **intern**, not as a long-term substitute or on any other authorization.
4. Permission of the Intern Advisor and Director of the School of Education are required when applying for an internship, which must be satisfactory for a teaching practicum experience. It is the student’s responsibility to meet with the Intern Advisor to verify that all requirements are met (see below).
5. An internship requires an *Intern Credential*, granted by the CTC. Before beginning employment, the intern is responsible for completing this application process.

Intern pre-qualifications and pre-requisites:

- hold a bachelor’s degree (granted before employment begins);
- admission to the university Office of Graduate Studies;
- acceptance into the appropriate credential program;
- completion of all prerequisite coursework;
- completion of all pre-service requirements, including 120 pre-service hours;
- hold English Language Authorization or agree to satisfy 45-hour requirement during the program;
- verification of passage of Basic Skills Requirement (e.g. CBEST or CSET Writing Skills);
- verification of Subject Matter Competence in subject area to be taught (e.g. CSET or waiver);
- passage of U.S. Constitution course or exam;
- fingerprint clearance (e.g. Certificate of Clearance);
- release (written or email) from current Cooperating Teacher, if needed;
- verification that school district is within the [Chico State Service Area](#);
- permission of Intern Advisor and School of Education Director (signatures at bottom of this checklist);
- submission of a letter of intent to hire from a school district (see attached template letter);
- credential Request for Recommendation Form (see attached) and \$25 check made out to CSU, Chico; and
- Memorandum of Understanding regarding hiring a distance supervisor, if necessary.

Final requirements before you can receive your Intern Credential and begin teaching:

- Submit a complete packet to the Intern Advisor, including this checklist, an **original** letter of intent to hire, signed Memorandum, Local Support Teacher Information Form, Request for Recommendation, and \$25 check.
- promptly submit and pay for online application for your credential, when requested by the CTC via email.

I have discussed all of the requirements for an internship with the Intern Advisor. I understand the requirements and my responsibilities. (Please keep a copy of this document for your records.)
