International Buddy Questionnaire

This program was developed to help exchange students meet American students and other international students quickly so that you are able to make a new circle of friends immediately upon arriving in the States. When you are only here for a semester or two, it is crucial that you meet as many people as possible in a short amount of time.

The Study Abroad Office will assign you an American student who will serve as a "mentor." This is a student who recently studied abroad in a foreign country, and is someone who is genuinely interested in learning more about your culture, while also serving as your personal "guide" to Chico college life. They want to make certain you enjoy your time in Chico. More Information on this program can be found at: http://www.csuchico.edu/studyabroad/exchange/buddy/index.shtml
