

# STARMONT

## MERRYVALE

- Vision:*** A winery that will fully realize Merryvale’s vision for a state-of-the-art “green” facility to craft premium wines from sustainably farmed grapes.
- Location:*** Starmont is located at the entrance to the Napa Valley on the historic Stanly Ranch, one of the first vineyards planted in the valley, built by agricultural pioneer Judge John Stanly in 1872. Merryvale currently has 50 acres planted to chardonnay, pinot noir and syrah at Starmont.
- Established:*** September 6<sup>th</sup>, 2006 – forty eight hours before the first grapes arrived!
- Winemaking Philosophy:*** Our goal is to capture the essence of the Napa Valley’s premier vineyards in rich, complex, supple wines that pair well with food and are accessibly priced.
- A “Green” Winery:*** Merryvale is committed to protecting and preserving the environment. We have taken the following steps to follow through with our commitment:
- Each barrel room has independent climate controls to more efficiently manage fermentations and barrel aging.
  - Automated systems manage temperatures by bringing in cooler nighttime air and venting out warmer air, using low energy fans, when conditions permit.
  - State of the art 277 kW *Solarcraft* Solar Energy System:
    - Generates enough electricity each day to power over 250 average homes.
    - Spares the air of over 472 tons of harmful greenhouse gases annually.
    - Over the next 30 years the pollution saved will be equivalent to driving over 32 million miles.
  - 100% of winery process water recycled as vineyard & landscaping irrigation.
  - 98.6% of waste diverted away from landfill, per a Napa Recycling assessment
  - Energy efficient lighting, motors, compressors, double paned windows and a fully insulated building (roof and walls).
  - Starmont is **Napa Green Farm** and **Napa Green Winery** certified.
  - We are proud to be a member of the Napa Sustainable Winegrowing Group, and we are strongly urging all of our growers to farm sustainably
- The People:*** Proprietor - Jack Schlatter  
President - René Schlatter  
Vice President, Production / Senior Winemaker - Sean Foster  
Vice President, Vineyard Operations - Remi Cohen  
Assistant Winemaker – Michael Cruse
