

**Summer Savings Series:** Workshops presented by the Sustainable Business Partnership ~ a partnership between the Institute for Sustainable Development at CSU, Chico, the Chico Chamber of Commerce, and the City of Chico.

These **FREE** workshops are being offered to provide choices and opportunities for you to save money while managing for sustainability. As our global economy expands, more challenges to our natural resources, societies, and economies are emerging. Come participate in these workshops to take advantage of the many opportunities that can be capitalized on and design solutions for your business that will save you time, money, and resources while remaining profitable.

**Sign up today for any of these free seminars.** You can either call the Visitor Center at the Chamber of Commerce 530-891-5556, or respond by email to Rebecca Martinez: [Rebecca@chicochamber.com](mailto:Rebecca@chicochamber.com). The majority of seminars will be held at the Chico Chamber of Commerce conference room: 300 Salem St. Chico, CA 95928
