

California State University, Chico - School of Social Work
MSW Student Evaluation of Practicum Experience

Instructions: This form is intended to obtain your constructive feedback about your recent social work practicum experience as a means of improving the quality of the MSW Field Education Program. At the end of the evaluation is a section allowing you to indicate your preference in allowing the Program to share this information with your prior Field Instructor and placement agency as a means of improving the quality of the practicum experience for future students in that setting. The final page is an optional summary sheet to be shared with other MSW students exploring potential practicum opportunities. Upon completion, please return this form directly to your Field Liaison.
