## **Faculty Symposium**

# *Camtasia: Online Tutorial Showcase*

### *Faculty Presenters:*

Jim Mensching, AMIS; Hsuying Ward, PSED; Colleen Hatfield, BIOL; Denny Gier, CMGT; and Peter DiFalco, TLP.

*Where and When:* Studio A, basement of Meriam Library, April 18, 2008 from 1 p.m. to 2:30 p.m.

### *What will be covered?*

See how some faculty are using the Technology and Learning Program, and software called Camtasia, to create tutorials for their students.

Combining screen-captured demonstrations with voice over can be very helpful to show students how to do things. Videos embedded in Vista allow students to view them over and over again to help them understand your concepts.

Come see how easy it is for you to learn to do this for your class.
