## Faculty Symposium

### *Why Care About Exemplary Online Instruction?*

***Faculty Presenters:***

Michael Spiess (AGRI), Penelope Kuhn (PSY),  
Lisa Westwood (ANTH), and Laura Sederberg (TLP)

***Where and When:***

Studio A, basement of Meriam Library, 1 p.m. to 3 p.m.

***What will be covered?***

- Why should you care about the Exemplary Online Instruction program at Chico State? If you don't teach fully online courses, you may think this does **not** apply to you. But it does! Using Vista with all classes engages students with your class materials, with fellow students and allows for collaboration beyond what can be achieved in the class period. Instructors who have applied the Rubric for Online Instruction to their courses, have been recognized by the Provost and CELT for their willingness to expand the classroom and engage students.
- We will review the Rubric for Online Instruction, an internationally recognized rubric used by many universities and colleges around the world now.
- Chico faculty care about student learning. Come see how you can apply the rubric to your courses, and improve your teaching and learning along the way.
