Learning Objects Showcase

Presenters

Jeff Bell, BIOL
Marian Baldy, AGRI
Penelope Kuhn, PSY
Sara Cooper, FLNG
Rony Garrido, FLNG
David Rahn, MGMT
Juri Brilts, OSP
James Tyler, MLIB

Topic

Chico State has done many innovative things over the years. We are in our 27th year of Distance Education. We are the only WebCT Institute in California. We were recognized by the CSU as Leader in Innovation, ranked number one in 1984 (*California Higher Education, March 1984*). But what have we done lately that leads the pack?

One area in which we excel is developing “learning objects.” Sometimes we share them through MERLOT. Other times they go unnoticed. We want to showcase a number of learning objects created on campus by faculty and technology staff here in Chico. Come to see ideas for what you might like to do for your courses, in the future. Or just come to marvel at the creative means of delivering instruction to students.
