

Disability Support Services
Report on Goals and Measures of Performance and Quality
July 1, 2005-June 30, 2006

Primary Goals

1. Provide professional support and ADA recognized accommodations to students with disabilities.
2. Educate and collaborate with faculty and others regarding equitable treatment and referral of students with disabilities registered with the DSS office.
3. Deliver essential academic support services which promote equal access and equal opportunity to students with disabilities, thus encouraging and assuring them of their potential for achieving academic success.
4. Maintain top quality and current expertise in the field of disabilities and higher education through professional reading, mediated resources, and other opportunities for professional development.
5. Provide knowledge of and access to varied computer applications that meet the educational needs of students with disabilities.
6. Provide ample opportunities to inform students and the campus of DSS services.
7. Assess the effectiveness of the DSS services.
