External Reviewer Information Collection and Analysis Guide
California State University, Chico
Undergraduate Degrees Programs: Five-Year Program Review

This Information Collection and Analysis Guide assists external reviewers in collecting, analyzing, and reporting relevant data throughout the external review process. More specifically, the guide is designed to accomplish the following:

1. To assure that the external reviewer examines a program’s performance with respect to each of the criteria of review;

2. To provide the external reviewer with a convenient form of recording strengths, weaknesses and issues identified during the Self-Study Report review for further assessment and verification during the campus visit; and

3. To provide a single place to record strengths, weaknesses and issues to be included in the External Review Report.

**Standard 3:** CSU, Chico recognizes that the quality of educational program efforts is inextricably linked to the quality of faculty and support staff. Faculty, collectively and individually, are responsible for the creation and delivery of effective instruction, the evaluation of instructional effectiveness and student achievement, and continued improvement and innovation in program offerings and instructional processes. Faculty scholarship, research and creative activity are essential components of the CSU, Chico mission. The program has policies and practices that encourage and support scholarship and creative activity linked to the mission and improvements in teaching and learning.
