Worth, Chuck	Director, Institutional Research

[Revised November 1, 2006]

Thia: This list incorporates most of the changes you suggested. First, let me tell you who I left off: Kim DuFour, Sessa Tobiska, “other departments with special orientation programs, e.g. Ag, Business, Ntl Science,” ... and a “CAD rep.” I DID add Rebecca Berner, GEAC Chair (Chris Fosen who is also an ENGL 130 rep), Terry Kiser of Math, John Mahoney and Pedro Douglas. I have not consulted with Pedro Douglas, but will. I removed: Dennis Graham, Glenda Morse, Susan Aylworth, Jennifer Vinsky. The Task Force is now 31 people. If we want to add more, we might consider Gary McMahon, Business Resource Center, and Ruth Guzley, Communications Studies. (With Ruth, we’d have all the departments represented in the GE Core: Math, English, Philosophy and Communications.)
