3. Business
   
   a. The committee discussed the future of Freecycle@Work and determined that the best course of action would be to take down the site and discontinue the campaign. The committee will continue promoting the current resources available for surplus property through campus announcements including AS Sustainability/AS Recycling, indoor recycling bins, and the property surplus warehouse.
   
   b. The committee continued to develop possible new recommendations. The committee adopted recommendations that would be sent to administration for consideration.
   
   c. Subcommittees will be formed to fully develop the recommendations and action items will be determined for each subcommittee.
      
      i. Eli will develop item I-Trash and Recycling Plan, item II-Cardboard Collection and item IV-Paper Towel Composting and determine the next steps to take on each.
      
      ii. Melissa will develop the wording for the carry over recommendations from 2011/2012 and incorporate them into the recommendations for 2012/2013.
      
      iii. The committee would like Durbin to develop item III Strategic Reduction and Relocation of Campus Dumpsters and determine the next steps to take on each.
      
      iv. Dave will develop item VII-Reusable items in the Waste Stream and determine the next steps to take on each.
