

Looking for an Exciting Internship for Fall 2009?

The Wellness Center is looking for you!

As a peer education program, our mission is to educate the campus community about the eight areas of wellness (social, physical, emotional, life planning, cultural, spiritual, intellectual, and environmental) to help students make healthy choices and achieve a balanced mind, body, and spirit.

Intern benefits include:

- Develop job skills in a professional work environment
- Public speaking experience
- Gain personal knowledge about the 8 areas of wellness
- Acquire workshop development and presentation skills
- Increase teamwork and leadership abilities
- Resume builder and networking opportunities
- Units for your major

Intern responsibilities will include:

- Peer education on wellness related topics
- 10 hours per week staffing the Wellness Center
- Outreach presentations to student organizations
- Staffing wellness tables at special events
- Promoting Wellness Center events (writing PSAs, designing flyers, making classroom announcements)
- Develop creative programs around the 8 areas of wellness
- Attendance at Wellness forums and special events
