Textbook None is required. If you have ANY edition of Pasto/Johnson/Miller it will be useful for experiments 1, 2, and 9.
Another useful reference is: Wade, *Organic Chemistry 7th edition, (2010)* - the textbook for Chem 370.
Many of the experimental details will be distributed to you in the form of handouts.

Equipment Safety Glasses - required whenever you are in the chem lab. They are available through SAACS.
Notebook - a numbered carbonless duplicate notebook, also available through SAACS.
1 Padlock - for your locker.
Lab Coat - not required but highly recommended, especially if you are going to be taking other lab courses in the future.

Grading	1 st -day NMR assignment (no formal write-up)	5 points
	7 regular lab reports, 10 points each (exp 1-5, 8-9)	70 points
	2 major lab reports, 30 points each (exp 6 and 7)	60 points
	2 lab quizzes, 5 points each	10 points
	Lab Exam	30 points
	“Style Points”	<u>25 points</u>
<hr/>		
	TOTAL	200 points

Note – Lab reports lose **20%** of their maximum value for each week they are overdue. Don't let lab reports pile up – you could lose a lot of grade points.
