If you would like to travel or work with people from other countries, consider the area studies programs. People preparing for careers in international business, industry and non-profit organizations, government agencies (e.g., State or Defense Departments), journalism, community services, museums, the music industry, social work, or teaching will find area studies useful. These make ideal minors or second majors.

Area studies are interdisciplinary programs designed to promote understanding of history, culture, and contemporary social, political, and economic issues. You can choose to emphasize those aspects of a region or culture that most interest you—literature, art, history, religion, politics, or social issues. Area studies give you the opportunity of studying with experts across the campus.

Asian Studies offers a major and a minor that focus on South Asia, East Asia, and Southeast Asia. Students may pursue special interests in one area, while taking core courses that ensure breadth of knowledge.

Jewish Studies offers a major in Modern Jewish Israeli Studies and a minor with innovative curriculum based in part on online courses linking a number of campuses in the CSU system together. Initially students take courses at CSU, Chico and at San Diego State via interactive video and the Internet.

Latin American Studies offers a major and minor that emphasize Mexico and Central America. Students may participate in cultural immersion programs in Mexico as part of the minor or major, as well as their upper division general education theme.

African Studies offers a minor in the second largest and most diverse region of the world. Optional study abroad programs in Ghana and Zimbabwe provide students with the opportunity to get hands-on experience with African development.

European Studies minor provides students majoring in a social science, humanities, or a professional degree program with an interdisciplinary perspective on European history, politics, economics, and culture.

Middle Eastern Studies focuses on a region that is the cradle of several of the world’s major religions—Islam, Christianity, and Judaism—and has played a pivotal role in human culture history. The region is important for understanding some contemporary global issues.

Study and Internship Abroad Opportunities
Study abroad exposes you to experiences and perspectives that you won’t get in the US and can strengthen your resume, especially as globalization makes foreign experience more attractive to employers.

Asian Studies offers a fall semester program in Beijing, which includes language study, course work, and field study in the history, culture, and contemporary issues of China. Latin American Studies offers cultural immersion and academic programs in Merida, Mexico. These programs are an optional part of upper division general education Theme I and the minor and major in Latin American Studies. The MA program offers overseas internship opportunities for those interested in teaching.

The CSU system has an International Program with a number of study abroad centers. CSU, Chico also belongs to the University Study Abroad Consortium, which offers programs around the world. For information, see the Study Abroad adviser in the Office of International Programs or consult with the area study program coordinator.

Graduate Program
The MA in Teaching International Languages is a 36-unit interdisciplinary program that focuses on the study of language and cultures as an integral part of a world class education in a global society. Designed to develop knowledgeable, reflective, inquiry-oriented professionals, the program offers language studies patterns in teaching foreign languages and TESOL (Teaching English to Speakers of Other Languages).

The Self-Instructional Language Program
SILP offers basic language instruction in the languages listed above. Students learn through text, cassette tapes, and weekly tutorials with a native speaker. Other languages can be offered on demand. Please inquire at the Office of International Programs.

Honors in the Major

Honors in the Major is a program of independent work in your major. It involves 6 units of honors course work completed over two semesters. Your Honors work will be recognized at your graduation, on your permanent transcript, and on your diploma. It is often accompanied by letters of commendation from your mentor in the department or the department chair. Most importantly, however, the Honors in the Major program allows you to work closely with a faculty mentor in your area of interest on an original performance or research project. This year-long collaboration allows you to work in your field at a professional level and culminates in a public presentation of your work. Students sometimes take their projects beyond the university for submission in professional journals, presentation at conferences, or competition in shows; such experience is valuable for graduate school and later professional life.

Some common features of Honors in the Major program are:

1. You must take 6 units of Honors in the Major course work. At least 3 of these 6 units are independent study (299H) as specified by your department. You must complete each class with a minimum grade of B.
2. You must have completed 9 units of upper-division course work or 21 overall units in your major before you can be admitted to Honors in the Major. Check the requirements carefully, as there may be specific courses that must be included in these units.
3. Your cumulative GPA should be at least 3.5 or within the top 5 percent of majors in your department.
4. Your GPA in your major should be at least 3.5 or within the top 5 percent of majors in your department.
5. Most students apply for or are invited to participate in Honors in the Major during the second semester of their junior year. Then they complete the units of coursework over the two semesters of their senior year.
6. Your honors work culminates with a public presentation of your Honors project.

While Honors in the Major is part of the Honors Program, each department administers its own program. Please contact your major department or major adviser for further information.
Honors in Asian Studies
To be eligible for Honors in Asian Studies, students must have completed all courses for the major with a GPA of 3.5. They must complete two years of a foreign language or have established competency in an Asian language. Upon recommendation by a faculty member and after an interview, the student will take 6 units of ASST 299H, Senior Honors Thesis, culminating in a public presentation of the project. In addition, an Asian experience of some sort (e.g., an international study program, language study in Asia, a summer project or internship, etc.) is strongly encouraged.

THE MINOR IN ASIAN STUDIES
For program coherence, candidates in the minor are encouraged to focus their course work in a theme (e.g., cultural and artistic traditions, economic development, history, language and literature, political systems, religions and philosophy, social systems) or in a geographic area (China, India, Japan, Korea, or Southeast Asia).

Students must select courses from at least three departments and take a minimum of 6 upper-division units.

MODERN JEWISH AND ISRAEL STUDIES

THE BACHELOR OF ARTS IN MODERN JEWISH STUDIES

The BA in Modern Jewish Studies is offered jointly by CSU. Chico, San Diego State University, and San Francisco State University. Students take core courses at their home campus. Other courses to fulfill degree requirements are also taken at the home campus; distance-based courses may be taken only when the home campus does not offer those courses. Consult with a major adviser for information on courses available from the other two campuses.

Total Course Requirements for the Bachelor's Degree: 120 units

See "Requirements for the Bachelor's Degree" in The University Catalog for complete details on general degree requirements. A minimum of 40 units, including those required for the major, must be upper division.

The department has prepared a suggested Four Year Advising Plan to help students meet all graduation requirements within four years. Please request a plan from your major adviser or view it and other current advising information on The CSU, Chico Web.

General Education Requirements: 48 units

See “General Education Requirements” in The University Catalog and The Class Schedule for the most current information on General Education Requirements and course offerings. The course requirements marked below with an asterisk (*) may also be applied toward General Education.

See “Mathematics and Writing Requirements” in The University Catalog. Writing proficiency in the major is a graduation requirement and may be demonstrated through satisfactory completion of a course in your major which has been designated as the Writing Proficiency (WP) course for the semester in which you take the course. Students who earn below a C- are required to repeat the course and earn a C- or better to receive WP credit. See The Class Schedule for the designated WP courses for each semester. You must pass ENGL 001 (or its equivalent) with a C- or better before you may register for a WP course.

**MASTER OF ARTS IN TEACHING INTERNATIONAL LANGUAGES**

The MA in Teaching International Languages promotes the study of languages and cultures as an integral part of a world class education in a global society. Course work focuses on linguistic, cultural, and pedagogical knowledge and its applications in teaching foreign languages and TESOL (Teaching English to Speakers of Other Languages). The program prepares professionals for a broad spectrum of cultural contexts and instructional settings in the United States and abroad.

This degree is offered by the School of Graduate, International, and Sponsored Programs as a 36-unit interdisciplinary program for graduate students interested in the effective teaching and learning of international languages. By integrating course work from the Departments of Education, English, Foreign Languages and Literatures, and Professional Studies in Education with offerings from international studies and other related areas, this interdisciplinary degree encompasses studies in linguistics, languages, culture, and foreign second language education. The program promotes the development of knowledgeable, reflective, inquiry-oriented professionals prepared to teach foreign languages (including English as a foreign language), and English as a second language to adult learners so that students from all nations can fully participate in the multilingual, interdependent communities of the twenty-first century. Required courses and electives provide the theoretical and practical foundations essential for foreign language teachers, foreign/second language college and university instructors, and other professionals teaching world languages. It is also ideal for educators interested in National Board Certification specific to English as a New Language and World Languages.

**Foundation Courses**

ENGL 121, Principles of Language, is a prerequisite for all students.

ENGL 124, Introduction to English Grammar, is a prerequisite for some of the courses listed in the Language Studies Pattern A, and is strongly recommended for all students within that pattern.

**Course Requirements for the Master’s Degree: 36 units**

Continuous enrollment is required. A maximum of 9 semester units of transfer credit may be applied toward the degree.

2. Satisfactory grade point average as specified in “Admission to Master’s Degree Programs.”

3. An undergraduate grade point average of 3.0 in the last 30 units, and 2.75 in the last 60 units.

In addition to the practicum experiences required in ENGL 232 and EDSL 371, students entering the program without teaching experience must demonstrate experience prior to graduation through one or more of several options: a professional field experience (EDCI 389); internship courses offered by different departments (e.g., SPAN 389); teaching experience as a tutor or instructor with the American Language and Culture Institute on campus; as an instructor in other university programs (e.g., Foreign Languages and Literatures) or at the community college level (e.g., Butte College, Shasta College, Yuba College); teaching experience overseas; or by other appropriate means.
3. The **language studies** component consists of 12 units of electives within one of the two patterns. Pattern A is a TESOL: English as a Second Language to adult learners/English as a Foreign Language emphasis and Pattern B is a Foreign Language emphasis. In consultation with a graduate adviser, students will choose an area of emphasis consistent with the target language they teach.

**Pattern A**

For the TESOL: English as a Second Language for adult learners/English as a Foreign Language Emphasis, students select 12 units from the following courses:

Select ENGL 124 if the culminating activity is a comprehensive examination. ENGL 124 normally must be taken for 3 units.

(a) **Thesis or Project Plan.** Requires completion and final approval of a thesis or project for 3 units (399C or 399J), plus at least 33 units of approved course work.

—A proposal for the thesis or project must be submitted to and approved by the graduate advisory committee before the student may enroll in the thesis or project units. When human subjects approval is required, clearance must be secured before the proposal is filed.

—An oral defense shall be conducted by the candidate's graduate advisory committee.

—Approval by the graduate advisory committee, the Graduate Coordinator, and the Office of Graduate Programs are required.

(b) **Comprehensive Examination Plan.** Requires completion of 3 units of Independent Study (EDMA 398) in preparation for a six-hour written comprehensive examination, with oral review, covering each of the program areas, plus at least 33 units of approved course work.

—The graduate advisory committee will prepare, administer, and evaluate the comprehensive examination.

—Each examination shall be graded as honors, pass, or fail.

—All parts of the comprehensive examination must receive a grade of pass. The candidate may repeat each part of the examination once.

**Graduate Literacy Requirement:**

Writing proficiency is a graduation requirement. Students in the program will demonstrate their writing proficiency by submitting an acceptable justification statement with the application to the program. Consult the Graduate Coordinator for further information.

**Graduate Grading Requirements:**

All courses in the major (with the exceptions of Independent Study-398 and Master's Study-399) must be taken for a letter grade, except those courses specified by the department as ABC/No Credit (200-level courses), AB/No Credit (300-level courses), or Credit/No Credit grading only. A maximum of 10 units combined of ABC/No Credit, AB/No Credit, and Credit/No Credit grades may be used on the approved program (including 398, 399, and courses outside the major). While grading standards are determined by individual programs and instructors, it is also the policy of the university that unsatisfactory grades may be given when work fails to reflect achievement of the high standards, including high writing standards, expected of students pursuing graduate study.

Students must maintain a 3.0 grade point average in all course work on the approved master's degree program as well as in all course work taken subsequent to admission to conditionally classified status.

**Graduate Advising Requirement:**

Once the master's degree program plan has been developed and approved, advising is recommended but not mandatory each semester. For further information, consult the Graduate Coordinator.
