MA in Communication Studies

Facilities

Students have access to computer writing and information technology labs, a fully equipped speech and debate squad room, audio and video production and editing facilities, digital photograh facilities, digital imaging labs, print/ graphic design facilities, color television studios, a print technology laboratory, and the services of Academic Technologies.

Internships

Intern programs are transitions between school and work. The programs provide students with academic credit while pursuing on-the-job experiences. Internship assignments are available throughout California, the U.S., and around the world.

Communication Activities

Communication houses a number of student-operated programs, including The Orion (a weekly student newspaper), the nationally recognized Speech and Debate Team, Tehama Group Communications (a student-managed public relations agency), Milk Crate Productions (a student video production company), and numerous student clubs and organizations. In addition, faculty and student research is facilitated by the Center for Instructional Technology Research.

Career Outlook

The field of communication is dynamic and expanding. It is energized by the continual and rapid development of digital communication and the growing industrial, business, government, and personal use of these technologies. The BA in Communication Design provides opportunities for positions in media design, production, and network systems. The Graphic Design Option provides a liberal arts degree that focuses on skills in commercial art, corporate communication, and advertising and environmental design. Mass Communication Design majors have opportunities in many media industries and agencies, network design, multimedia, and web design. Graduates from the Media Arts Option work in all forms of electronic media which include television, radio, digital production, and post production. Many graduates go on to careers in scriptwriting, producing, and directing. The Department offers a broad array of facilities, including high definition television.

Graduates of the BS in Instructional Design and Technology find careers in government, industry, and military organizations in the field of human performance technology and training development. As designers and developers of training materials and systems they apply communication technology to e-learning and other distance formats, interactive multimedia, computer-based instruction, as well as traditional media for education and training.

The BA and MA in Communication Studies offer humanistic and social science approaches leading to a wide range of employment options, including sales, education, research, management, consulting, and human services.

With a BA in Journalism, Public Relations Option graduates work in corporate, travel, entertainment, government, and non-profit settings. News-editorial Option graduates work with organizations such as newspapers, magazines, and new technology businesses.
The Bachelor of Arts in Communication Studies

Total Course Requirements for the Bachelor's Degree: 120 units

See “Requirements for the Bachelor's Degree” in the University Catalog for complete details on degree requirements. A minimum of 40 units, including those required for the major, must be upper division.

A suggested Major Academic Plan (MAP) has been prepared to help students meet all graduation requirements within four years. Please request a plan from your major advisor or view it and other current advising information at http://em.csuchico.edu/aapp/ProgramSearch.

General Education Requirements: 48 units

See “General Education Requirements” in the University Catalog and the Class Schedule for the most current information on General Education Requirements and course offerings. The course requirements marked below with an asterisk (*) may also be applied toward General Education.

Diversity Course Requirements: 6 units

See “Diversity Requirement” in the University Catalog. Most courses taken to satisfy these requirements may also apply to General Education.

U.S. History, Constitution, and American Ideals: 6 units

See “U.S. History, Constitution, and American Ideals” under “Bachelor's Degree Requirements.” This requirement is normally fulfilled by completing HIST 130 and the POLS 153 or approved equivalents. Courses used to satisfy this requirement do not apply to General Education.

Literacy Requirement:

See “Mathematics and Writing Requirements” in the University Catalog. Writing proficiency in the major is a graduation requirement and may be demonstrated through satisfactory completion of a course in your major which has been designated as the Writing Proficiency (WP) course for the semester in which you take the course. Students who earn a grade of C- or higher are required to repeat the course and earn a C- or better to receive WP credit. See the Class Schedule for the designated WP courses for each semester. You must pass ENGL 130 or its equivalent with a C- or better before you may register for a WP course.

Course Requirements for the Major: 45 units

Completion of the following courses, or their approved transfer equivalents, are required of all candidates for this degree. Additional required courses, depending upon the selected option or advising pattern, are outlined following the major core program requirements.

Communication Studies majors must pass the four specified required courses (three for the core, one for the option) with a C- or better prior to enrolling in 400-level CMST courses. These courses are designated in the following course and option requirements. Students should plan to enroll in these courses to begin their program of study.

Note: No more than 8 units of Forensics (CMST 139 and CMST 339) may be counted toward total University requirements.

Formal Minor Requirement
Communication Studies majors with an option in Communication and Public Affairs must complete a formal minor or a second major in a department outside of Communication Studies. Students must obtain their major advisor's approval on their selection of a minor and courses for the minor and both departments' approval for courses for the minor.

Electives Requirement:
To complete the total units required for the bachelor's degree, select additional elective courses from the total University offerings. You should consult with an advisor regarding the selection of courses which will provide breadth to your University experience and possibly apply to a supportive second major or minor.

Grading Requirement:
All courses taken to fulfill major course requirements must be taken for a letter grade except those courses specified by the department as Credit/No Credit grading only.

Advising Requirement:
Advising is mandatory for all majors in this degree program. Consult your undergraduate advisor for specific information.

Honors in the Major
Honors in the Major is a program of independent work in your major. It requires 6 units of honors course work completed over two semesters. The Honors in the Major program allows you to work closely with a faculty mentor in your area of interest on an original performance or research project. This year-long collaboration allows you to work in your field at a professional level and culminates in a public presentation of your work. Students sometimes take their projects beyond the University for submission in professional journals, presentation at conferences, or academic competition. Such experience is valuable for graduate school and professional life. Your honors work will be recognized at your graduation, on your permanent transcripts, and on your diploma. It is often accompanied by letters of commendation from your mentor in the department or the department chair.

Some common features of Honors in the Major program are:
1. You must take 6 units of Honors in the Major course work. All 6 units are honors classes (marked by a suffix of H), and at least 3 of these units are independent study (399H, 499H, 599H) as specified by your department. You must complete each class with a minimum grade of B.
2. You must have completed 9 units of upper-division course work or 21 overall units in your major before you can be admitted to Honors in the Major. Check the requirements for your major carefully, as there may be specific courses that must be included in these units.
3. Your cumulative GPA should be at least 3.5 or within the top 5% of majors in your department.
4. Your GPA in your major should be at least 3.5 or within the top 5% of majors in your department.
5. Most students apply for or are invited to participate in Honors in the Major during the second semester of their junior year. Then they complete the 6 units of course work over the two semesters of their senior year.
6. Your honors work culminates with a public presentation of your honors project.

While Honors in the Major is part of the Honors Program, each department administers its own program. Please contact your major department or major advisor to apply.

Students may apply for admission to the Honors in the Major Program in Communication Studies. Each Honors student will conduct and publicly present a senior project. **The Bachelor of Arts in Communication**

Total Course Requirements for the Bachelor's Degree: 120 units
See “Requirements for the Bachelor's Degree” in the University Catalog for complete details on general degree requirements. A minimum of 40 units, including those required for the major, must be upper division.

A suggested Major Academic Plan (MAP) has been prepared to help students meet all graduation requirements within four years. Please request a plan from your major advisor or view it and other current advising information at http://em.csuchico.edu/aap/ProgramSearch.

Please see General Education, Cultural Diversity, U.S. History, Constitution, and American Ideals, and Literacy Requirements under the BA in Communication Design.

Course Requirements for the Major: 40-41 units
Completion of the following courses, or their approved transfer equivalents, are required of all candidates for this degree. Additional required courses, depending upon the selected option or advising pattern, are outlined following the major core program requirements.

National accreditation standards require a journalism major to take a 40-41-unit journalism/communication curriculum. Of the 120-unit degree program, 80 units must be taken outside the journalism/communication curriculum. Overall, 65 of the units must be in liberal arts and sciences. The following courses, if taken as General Education or upper-division theme, will apply to the 80 outside units: CMST 131, CMST 132, CMST 255, CMST 334. Community college transfer students may apply 6 units (e.g., JOUR 260 and JOUR 101) to the 40-41-unit major.

**Major Core Program: 12 units**
3 courses required:
- JOUR 101 Introduction to Communication 3.0 FS
- JOUR 255 Intro to Online Journalism 3.0 FS
- JOUR 260 Writing for Mass Media 3.0 FS

The Master of Arts in Communication Studies

Course Requirements for the Master's Degree: 30 units

Continuous enrollment is required. A maximum of 6 semester units of transfer and/or CSU, Chico Open University course work may be applied toward the degree.

Graduate Time Limit:

All requirements for the degree are to be completed within five years of the end of the semester of enrollment in the oldest course applied toward the degree. See “Graduate Education” in the University Catalog for complete details on general degree requirements.

Students are expected to make reasonable progress by completing all courses on schedule. Students not adhering to declared schedules will be referred to the Graduate Coordinator for program review and recommendations which may include program modification or dismissal from the program.

Prerequisites for Admission to Conditionally Classified Status:

1. Satisfactory grade point average as specified in “Admission to Master's Degree Programs” in the University Catalog.
2. Approval by the department and the Office of Graduate Studies.
3. An acceptable baccalaureate in Communication Studies from an accredited institution or an equivalent approved by the Office of Graduate Studies.

An applicant who does not meet all of the prerequisites for admission to classified status (see below) may be admitted on a provisional basis as a conditionally classified student. This admission provides the student a trial period to demonstrate ability. Students are expected to carry at least 9 units of course work at the 400/500/600 level, make no grade lower than B, and finish all course work (no “incomplete” or “satisfactory progress”). Normally a decision to advance a student to classified status or terminate the student from the program will be made at the conclusion of the student’s first semester in the program.

Prerequisites for Admission to Classified Status:

In addition to any requirements listed above:

1. An undergraduate major in Information and Communication Systems, Mass Communication, Journalism, Media Arts, Public Relations, Instructional Technology, Visual Communication, Speech, or Organizational Communication. In the absence of an undergraduate major in one of the above, and based on the individual student's background, the Graduate Coordinator may make recommendations for courses to be taken as prerequisites for classified status. Such prerequisite course work will not count toward the fulfillment of master's program requirements.
2. A grade point average of at least 3.0 (B) in all undergraduate course work.
3. Completion of the Graduate Record Examination or Miller Analogies Test.
4. A statement outlining the applicant's motivation, objectives, and expected area of emphasis in graduate studies.
5. At least three letters of recommendation from the applicant's former instructors or professional supervisors.
6. One article or paper authored by the applicant to demonstrate writing skills or one article or paper and a portfolio within the applicant's specialty to exhibit his/her skills, abilities, and talents in the expected area of emphasis.
Advancement to Candidacy:

In addition to any requirements listed above:

1. Classified graduate standing and completion at the University of at least 15 units of the proposed program, 9 of which must be in residence.

2. Formation of the Graduate Advisory Committee in consultation with the Graduate Coordinator. Normally, the committee will be formed during or immediately following successful completion of the student's second semester and will consist of at least three members. The chair of the committee and one other committee member must be members of the department offering the student's degree.

3. Development of an approved program in consultation with the Graduate Advisory Committee and with the approval of the Graduate Coordinator.

Requirements for the MA in Communication Studies:

Completion of all requirements as established by the department graduate committee, the Graduate Advisory Committee and the Office of Graduate Studies, to include:

1. Completion of an approved program consisting of 30 units of 400/500/600-level courses as follows:
   (a) 24 to 30 units in the discipline of Communication, which must include the following 9-unit core.
      - CMST 601 Sem in Communication Studies 3.0 FA
      - Prerequisites: CMST 330; CMST graduate standing or faculty permission.
      - CMST 602 Sem in Comm Research Methods 3.0 FA
      - Prerequisites: CMST 332; CMST graduate standing or faculty permission.
      - CMST 603 Approach to Human Comm Res 3.0 SP
      - Prerequisites: CMST graduate standing or faculty permission.
   (b) At least 24 of the units required for the degree in 600-level courses. With Graduate Coordinator and Graduate Advisory Committee approval, graduate students may take up to 6 units of 500-level courses at CSU, Chico.
   (c) Not more than 6 semester units of transfer and/or extension credit (correspondence courses and U.C. extension course work are not acceptable).
   (d) Not more than 15 units taken before admission to classified status.
   (e) Not more than a total of 6 units of Independent Study (697) and/or Internship (489); and not more than 3 units of Master's Thesis (699T) or Master's Project (699P).
   (f) Not more than 6 units in any one disciplinary area outside Communication Studies.

2. Completion of one of the following plans:
   (a) Thesis or Project Plan. Requires 3 units of Master's Thesis (699T) or Master's Project (699P), plus at least 27 units of graduate-level courses. A public presentation and/or oral defense of the thesis or project is required. Students who are planning to continue their education to the doctoral level or who are interested in communication research are encouraged to choose the Thesis Plan.
   (b) Comprehensive Plan Requires 30 units of graduate-level course work, including at least 24 units in Communication Studies. The Graduate Advisory Committee will administer and evaluate six hours of written comprehensive examinations, plus oral review, covering the student’s major emphases (core study, interpersonal communication, rhetoric, organizational communication, or communication philosophy). All components of the exam must receive a grade of “pass” for the degree to be awarded. A failing grade will prohibit the student from continuing graduate work until the comprehensives are passed. Exams may normally be repeated only once, at the discretion of the committee, no later than the following semester. The committee may allow partial rewriting of the exam, but only once. A second failure will result in the termination of the student's course of study.
   3. Approval by the department graduate committee and the Graduate Coordinators Committee on behalf of the faculty of the University.

Course Requirements:

Students without an undergraduate degree in Communication and/or significant course work in speech, rhetoric, public address, communication theory and philosophy, interpersonal communication, organizational communication, small group communication, or intercultural communication may be required to take prerequisite course work prior to enrolling in graduate classes in Communication Studies.

Students must satisfy the Graduate Literacy Requirement before they may be advanced to candidacy, prepare a thesis prospectus, or schedule comprehensive examinations.

9 units required:
   - CMST 601 Sem in Communication Studies 3.0 FA
   - Prerequisites: CMST 330; CMST graduate standing or faculty permission.
   - CMST 602 Sem in Comm Research Methods 3.0 FA
   - Prerequisites: CMST 332; CMST graduate standing or faculty permission.
   - CMST 603 Approach to Human Comm Res 3.0 SP
   - Prerequisites: CMST graduate standing or faculty permission.

18-21 units selected from:
   - CMST 604 Sem: Political Communication 3.0 F2
   - CMST 606 Interpersonal Comm Theories 3.0 SP
   - Prerequisites: CMST graduate standing or faculty permission.
   - CMST 607 Seminar in Organizational Comm 3.0 FA
   - Prerequisites: CMST graduate standing or faculty permission.
   - CMST 608 Comm Theories and Philosophies 3.0 Inq
   - Prerequisites: CMST graduate standing or faculty permission.
   - CMST 609 Seminar in Health Communication 3.0 SP
   - CMST 611 Seminar in Intercultural Comm 3.0 FA
   - Prerequisites: CMST 333 or equivalent; CMST graduate standing or faculty permission.
   - CMST 612 Sem: Rhetoric/Public Address 3.0 S2
   - Prerequisites: CMST 451; CMST graduate standing or faculty permission.
   - CMST 613 Sem in Rhetorical Criticism 3.0 S1
   - Prerequisites: CMST graduate standing or faculty permission.
   - CMST 614 Feminist Rhetorical Criticism 3.0 F1
   - Prerequisites: CMST graduate standing or faculty permission.
   - CMST 698 Contemporary Research Problems 3.0 Inq
   - Prerequisites: CMST graduate standing or faculty permission.

Students selecting the Thesis or Project Plan are required to complete 3 units of CMST 699T or CMST 699P. Students selecting the Comprehensive Plan are required to take 30 units of course work.

Students selecting the Comprehensive Plan are required to have completed at least 24 units of their approved graduate program, including CMST 601, CMST 602, and CMST 603 prior to taking exams. Comprehensive Exams are administered and evaluated by the graduate advisory committee and the Graduate Coordinator.

Graduate Requirement in Writing Proficiency:

Writing proficiency is a graduation requirement.

Majors will demonstrate their writing competence both by articles or papers submitted as a requirement for admission to classified status and by their successful completion of the core courses for the degree (CMST 601, CMST 602, and CMST 603), each of which requires a research paper.

Graduate Grading Requirements:

All courses in the major (with the exception of Master's Study - 699) must be taken for a letter grade, except those courses specified by the department. Credit/No Credit grading only. A maximum of 3 units of Credit/No Credit grades (for CMST 699T or CMST 699P) may be used on the approved program. While grading standards are determined by individual programs and instructors, it is also the policy of the University that unsatisfactory grades may be given only when work fails to reflect achievement of the high standards, including high writing standards, expected of students pursuing graduate study.

Students must maintain a minimum 3.0 grade point average in each of the following three categories: all course work taken at any accredited institution subsequent to admission to the master's program; all course work taken at CSU, Chico subsequent to admission to the program; and all courses on the approved master's degree program.

Students not maintaining the required grade point averages will be referred to the Graduate Coordinator for program review and recommendations, which may include program modification or dismissal from the program.

Graduate Advising Requirement:

Advising is mandatory each semester for Communication Studies majors. Consult the Graduate Coordinator for specifics.

The Master of Science in Instructional Design and Technology

Effective Fall 2007, admission to the Master of Science in Instructional Design and Technology is suspended. Please contact the department or the Office of Graduate Studies to learn the current status of the program.

Communication Course Offerings
Please see the section on “Course Description Symbols and Terms” in the University Catalog for an explanation of course description terminology and symbols, the course numbering system, and course credit units. All courses are lecture and discussion and employ letter grading unless otherwise stated. Some prerequisites may be waived with faculty permission. Many syllabi are available on the Chico Web.

COMM 399H Senior Honors 3.0 Fa/Spr
Prerequisites: Completion of 9 units of Honors undergraduate courses; college Honors Advisor's and instructor's permission. Student, in conjunction with faculty member, will develop a research proposal. This will entail developing competence in a research methodology appropriate to the field of communication and the student's interests, review of literature, collecting of data, and acceptance of a prospectus for a project or thesis. (002273)

COMM 499H Senior Honors 3.0 Fa/Spr
Prerequisites: COMM 399H, College Honors Advisor's and instructor's permission. The purpose of this course is to bring to fruition the research project or thesis which was begun in COMM 399H. It also entails a public presentation of the project or thesis. Credit/no credit grading only. (013953)

Communication Design Course Offerings
CDES 101 Introduction to Communication 3.0 Fa/Spr
This course teaches the concepts, history, and applications of communication. The implications and ethical issues of media and the communication process are covered. This course is also offered as JOUR 101. (001636)

CDES 103 Writing for Electronic Media 3.0 Fa/Spr
Prerequisites: ENGL 130.
An introduction to the styles and formats used in writing for radio, television, multimedia, and the Web. Writing includes commercials/public service announcements, news, and informational programming. Special fee required; see the Class Schedule. (001638)

CDES 114 Computer Technology in Communication 2.0 Fa/Spr
Introduction to computer systems and applications relevant to the design, communication, and creative fields. Overview of hardware and software. The implications of working in a networked environment. Basic computer security, backup, and recovery. Macintosh, Windows, and UNIX environments. Special fee required; see the Class Schedule. (001641)

CDES 121 Stage Electrics 3.0 Spring
An introduction to technical theatre production in the areas of stage lighting practices and equipment operation. Class includes lecture/discussion and practical assignments. 2.0 hours activity, 2.0 hours discussion. This course is also offered as THEA 121. (001653)

CDES 131 Visual Communication Concepts 2.0 Fa/Spr
Visual communication is explored through images which audiences view. Includes graphic design methodology, layout, typography, symbolism, and grid systems developed from thumbnail through comprehensive. For non-Graphic Design majors only. 1.0 hours lecture, 3.0 hours laboratory. (001643)

CDES 132 Visual Communication Concepts 2.0 Fa/Spr
For Graphic Design majors only. Visual communication is explored through images which audiences view. Includes graphic design methodology, layout, typography, symbolism, and grid systems developed from thumbnail through comprehensive. 1.0 hours lecture, 3.0 hours laboratory. (001644)

CDES 141 Media Aesthetics 3.0 Fa/Spr
This course will explore the elements of visual design as they apply to the production of video and film. An overview of visual literacy will be given, and the application of these elements to the critical analysis of video and film productions will be discussed. Successful completion of this course for majors requires a grade of C or higher. (001649)

CDES 206 Introduction to Photography and Digital Imaging 3.0 Fa/Spr
This course is an introduction to the fundamental vocabulary and techniques of digital photography. Emphasis is placed on developing visual competence in the creation and consumption of lens-based imagery. Course content includes the basics of camera and digital production techniques for color and black and white photographs that are produced as exhibition-quality prints and on-screen imagery. Includes a broad-based survey of photo history, contemporary theory, and current issues related to the practice of photography. Open to non-majors. 2.0 hours lecture, 3.0 hours laboratory. Special fee required; see the Class Schedule. (001654)

CDES 212 Basic Web Design 1.0 Fa/Spr
A brief introduction to the basic tools and processes of the design and publication of pages to be accessible on the World Wide Web. You may take this course more than once for a maximum of 3.0 units. Credit/no credit grading only. (020447)

CDES 214 Computer Graphics 3.0 Fa/Spr
An introduction to computer graphics utilizing both PC and Macintosh platforms. Applications for print, video, and training are stressed. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001665)

CDES 216 Introduction to Digital Audio in Media 3.0 Fa/Spr
This course provides a theoretical and practical knowledge of digital audio production techniques for radio, video, and multimedia. Particular emphasis is placed on audio for video and production strategies for effective communication in audio. 2.0 hours activity, 2.0 hours lecture. Special fee required; see the Class Schedule. (001624)

CDES 325  Government Information and Telecommunication Systems 3.0 Fall
Prerequisites: Junior or senior standing. Relationships between governmental processes and the availability of public information and channels of communication. Intergovernmental agencies and federal, state, and local governments as sources of published and unpublished information and as forces in the development of communication systems. (001745)

CDES 327  Visual Information Design 3.0 Fa/Spr
Prerequisites: CDES 214, CDES 282. Introduction to typographic and diagramatic information design with an emphasis on improving the accessibility and usability of complex data for print and interactive media. Topics include principles of visual and typographic composition, visual perception and cognition, visual symbols, visual representations of hierarchical structures and quantitative information, interaction and navigation in visual interface design. 2.0 hours activity, 2.0 hours discussion. (001750)

CDES 331  History of Graphic Design 3.0 Spring
The course is designed to expose visual communication students to significant graphic forms, personalities, and movements. Students will relate symbolic, typographic, photographic, and illustrative imagery to informative and persuasive media. (001670)

CDES 332  Letterforms 3.0 Fa/Spr
Prerequisites: CDES 230. Exploration of letterforms; historical through contemporary. Alphabet development and modification for visual communication. Experience with traditional letterform techniques and how they interface with current computer technologies. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001669)

CDES 333  Graphic Visualization 3.0 Fa/Spr
Prerequisites: CDES 230 for CDES majors. Other majors require instructor permission. Study of methods, materials, and techniques used by designers to translate literary or verbal messages into visual terms. Designed to equip students with foundation techniques for interpreting and explaining visual concepts. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001671)

CDES 334  Typography I 3.0 Fa/Spr
Prerequisites: CDES 230, CDES 282; concurrent enrollment in or prior completion of CDES 214. Introduction to typographic syntax, with an emphasis on the organization and visual structure of typographic information. Topics include principle of composition, form-counterform relationships, modular grids, proportion, and visual hierarchy. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001672)

CDES 335  Advertising Design 3.0 Fall
Prerequisites: CDES 333 or CDES 334. Course designed to enable student exploration of broad professional field of visual advertising design, special creative technique and presentation methods; interface with corporations, institutions, and government. 2.0 hours activity, 2.0 hours discussion. (001674)

CDES 336  Repographics 3.0 Fa/Spr
Prerequisites: CDES 230. The study of graphic technical processes as they relate to the graphic designer, illustrator-artist. Explains methods of preparing art work for reproduction. 2.0 hours activity, 2.0 hours discussion. (001676)

CDES 337  Packaging 3.0 Spring
Prerequisites: CDES 333, CDES 334. To prepare the student to develop communication methodology for solving experimental packaging problems; to develop two-dimensional and three-dimensional package simulation techniques; to understand the marketing aspects of packaging, technical reproduction methods of packaging, and interface the visual media. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001682)

CDES 338  Illustration Design 3.0 Fa/Spr
Prerequisites: ART 125 is strongly recommended. Course defines illustration theory and illustrator's role in visual communication process. Explores use of illustration as method of visual problem-solving. Designed to help students explore professional field of illustration design, its special characteristics, and techniques. 2.0 hours activity, 2.0 hours discussion. (001680)

CDES 341  American Radio and Television 3.0 Fa/Spr
This course examines the development of radio/television formats, programming types, ideology, and genres from historical and critical standpoints. The impact on cultural functions, political agendas, social judgment, art forms, and human communication will be addressed through interpretation of mediated content. (001771)

CDES 342  Documentary Film 3.0 Fa/Spr
The origins and major movements in the area of the documentary film. The various uses relating to propaganda, social problems, and personal insight. Production motivations in seeking the mass audience through documentary. Open to non-majors. (001683)

CDES 343  Narrative Scriptwriting 3.0 Fa/Spr
Prerequisites: CDES 103. An advanced writing course for non-print media which provides experience in writing narrative scripts for television and film. Consideration will be given to format and style as well as aspects of dramatic structure. Special fee required; see the Class Schedule. (001721)

CDES 344  American Cinema 3.0 Fa/Spr
Motion picture beginnings. How production, distribution, and use developed to make motion pictures a powerful medium for mass communication. The significance of the motion picture as an entertainment, education, information, and propaganda device meeting unique social needs and purposes. Open to non-majors. (001677)

CDES 348  Programming and Audience Analysis 3.0 Fa/Spr
Prerequisites: CDES 261 (with a grade of C or higher) or faculty permission. A thorough review of the basics of broadcast and online programming practice and theory including both qualitative and quantitative audience analysis. Programming for broadcast, cable, satellite, premium, public, and online media are discussed and analyzed. (001762)

CDES 351  Globalizing Film and Video 3.0 Fa/Spr
The course explores distribution strategies adopted by international media industries in the era of globalization. Such strategies include: genre adaptation, content reformatting, audiovisual translation, and programming. (020662)

CDES 352  Media Arts and Identity 3.0 Fa/Spr
Examines the creation and propagation of representations of identity, such as sexuality, ethnicity, race, nationality and class within film, video and electronic arts. (020661)

CDES 353  World Cinema 3.0 Fa/Spr
Investigates the concept of world and national cinema within historical, economic, cultural, and theoretical contexts. 2.0 hours activity, 2.0 hours discussion. (020662)

CDES 362  Media Performance 3.0 Fall
Prerequisites: CDES 103, CDES 216. The skills and techniques of announcing in audio, slide tape, film, and video presentations. Areas covered include copy interpretation and the objective delivery of scripted and ad-lib material in a variety of audio, film, video, and live presentations. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001715)

CDES 363  Broadcast News 3.0 Fa/Spr
Prerequisites: CDES 103, CDES 216. Theory, practice, and techniques involved in gathering, writing, and reporting broadcast news. 2.0 hours activity, 2.0 hours discussion. (001714)

CDES 365  Electronic Media Management 3.0 Spring
Prerequisites: CDES 261 (with a grade of C or higher) or faculty permission. The programming and management principles involved in the operation of telecommunication facilities. Course content includes sales, advertising, programming, legal and ethical management responsibilities, and other related topics. Industry professionals are frequent guest speakers. (001717)

CDES 366  Field Video Production 3.0 Fa/Spr
Prerequisites: CDES 103, CDES 206, CDES 216, CDES 141, CDES 261 (both with a grade of C or higher). Theory and techniques of video production designed to develop skills in all aspects of electronic field video production. The course includes all pre-production, production, and post-production videotape editing elements related to the production of all video programs. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule. (001720)
CDES 368  Public Affairs Programming 3.0 Fall
Prerequisites: CDES 103, CDES 216, CDES 261 (with a grade of C or higher). The planning, researching, writing, and production of news and informational programs related to public affairs. Course content includes interview, discussion, and documentary styles of public affairs programming. 2.0 hours activity, 2.0 hours discussion. (001716)

CDES 396  Intermediate Photography and Digital Imaging 3.0 Fa/Spr
Prerequisites: CDES 261 (with a grade of C or higher). This course addresses photographic perception, creative process, and a more thorough investigation of narrative editing practices and techniques related to digital photography. Technical concepts include advanced systems of exposure and digital imaging processing for high-quality digital output. Open to non-majors. 2.0 hours discussion, 2.0 hours laboratory. Special fee required; see the Class Schedule. (001737)

CDES 398  Special Topics 1.0–3.0 Fa/Spr
This course is for special topics offered for 1.0–3.0 units. Typically the topic is offered on a one-time-only basis and may vary from term to term and be different for different sections. See the Class Schedule for the specific topic being offered. Credit/no credit grading only. (001739)

CDES 399  Special Problems 1.0–3.0 Fa/Spr
Prerequisites: Faculty permission. This course is an independent study of special problems offered for 1.0–3.0 units. You must register directly with a supervising faculty member. You may take this course more than once for a maximum of 6.0 units. Credit/no credit grading only. (001740)

CDES 414  Advanced Multimedia Design and Development 3.0 Spring
Prerequisites: CDES 314. Project-based course designed to develop the student's ability to function as a multimedia development team member. Emphasis on design and development of multimedia programs for use in education and training, information delivery, and performance support. Special fee required; see the Class Schedule. (001774)

CDES 425  Production Planning and Estimating for WWW 3.0 Fa/Spr
Prerequisites: CDES 222. Techniques and strategies for arriving at reliable cost estimates for digital WWW media projects, to include direct, indirect, and contingency costs and profits. Critical path analysis and computational techniques are stressed. 2.0 hours activity, 2.0 hours discussion. (001751)

CDES 429  WWW Practicum 3.0 Fa/Spr
Prerequisites: CDES 222 or faculty permission. Completion of, or concurrent enrollment in, CDES 323 is recommended. The role of the computer in handling office functions is examined. Emphasis will be on the analysis of office services and operations in terms of organizational structure and individual requirements. System design and implementation will be covered in terms of user acceptance, equipment requirements, and cost/benefits. Comparisons will be made between centralized and decentralized systems. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001752)

CDES 431  Publication Design 3.0 Fall
Prerequisites: CDES 333, CDES 334. Creation of documents to affect audiences, including book, magazine, annual report, newsletter, and experimental formats. Includes publication formula, analysis, and relation to electronic platforms. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001753)

CDES 432  Environmental Graphic Design 3.0 Fall
Prerequisites: CDES 333, CDES 334. Environmental signage and information systems design for exhibits, retail, transportation, parks, museums, and related architecture. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001755)

CDES 433  Advertising Workshop 3.0 Fa/Spr
Prerequisites: Graphic Design students: CDES 230, CDES 206, CDES 333, CDES 334, Media Arts students: CDES 206, CDES 313. All students: faculty permission. This course offers communication Design students the opportunity to create an advertising campaign for a national competition. Students are responsible for research, design, copywriting, production, and presentation under faculty supervision. This course works in collaboration with a similar class in the College of Business, which is responsible for research, marketing and strategic aspects of the competition. (020261)

CDES 434  Typography II 3.0 Fa/Spr
Prerequisites: CDES 334. Introduction to typographic semantics, with an emphasis on the expression of meaning, experimentation, and discovery. Topics include contemporary typographic theory, font design, mixing messages, non-linear composition and sequence. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001673)

CDES 435  Corporate Design Systems 3.0 Spring
Prerequisites: CDES 333, CDES 334. Analysis, creation, and presentation of identity, branding, and licensing for corporate, government, education, medical, and non-profit organizations. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001754)

CDES 436  Kinetic Typography 3.0 Spring
Prerequisites: CDES 214 and CDES 282, or faculty permission. Introduction to time-based information design and kinetic typography, exploring relationships between music and typographic composition for new media. Topics include historical relationships between music and typography, form and space, hierarchy and structure, texture and depth, time and movement. 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001681)

CDES 439  Design Workshop 3.0 Fa/Spr
Prerequisites: CDES 333, CDES 434, CDES majors only. This course is studio practice offered for 3 units. The course is designed to provide actual studio practice in graphic design and focuses on client relationships, design management, specifications, cost analysis of printer interface, and quality control. Students function as design studio staff members with a faculty member as art director. Recommended for Visual Communication majors only, 2.0 hours activity, 2.0 hours discussion. Special fee required; see the Class Schedule. (001797)

CDES 459  Mass Communication Design Seminar 3.0 Fa/Spr
Prerequisites: Senior standing. This seminar is the capstone course for the Option in Mass Communication Design. It is intended to provide students with an intensive collaborative experience in critique of the design of mass communication channels, programs, and artifacts. (020629)

CDES 461  Media Industry Career Workshop 1.0–2.0 Fa/Spr
This class for Media Arts majors is designed to help you learn effective ways to present your work and market your talent in media or whatever career you choose to pursue. Through texts, discussion, exercises and help from your advisors you’ll learn more about identifying beginning jobs in fields that interest you and how to create well written cover letters, as well as a resume, portfolio, and demo tapes. Students taking the 2- unit course will attend a professional broadcasting conference. You may take this course more than once for a maximum of 2.0 units. Credit/no credit grading only. (020556)

CDES 462  Digital Video Production 3.0 Fall
Prerequisites: CDES 336. This course will focus on the design and creation of television programs used in corporate training, interactive video, and other non-dramatic settings. Students will be responsible for the television producer’s functions in planning and supervising the execution of television programs, with emphasis on content, organization, and use of production techniques to secure the intended audience response. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule. (001768)

CDES 464  Advanced Video Editing 3.0 Fa/Spr
Prerequisites: CDES 366. Involves complicated and detailed editing of video-based materials using digital and analog linear and nonlinear video editing procedures and techniques. (001758)

CDES 466  Studio Video Production 3.0 Fa/Spr
Prerequisites: CDES 366. Theory and techniques of color video production designed to develop skills in all aspects of video production. This course includes pre-production and production elements related to the production of all video programs. 2.0 hours discussion, 3.0 hours laboratory. Special fee required; see the Class Schedule. (001719)

CDES 468  Video Production Workshop 3.0 Fall
Prerequisites: CDES 366. Selected video production projects involving advanced techniques not covered in other production courses, including integration of other media forms into complete video programs. 2.0 hours discussion, 3.0 hours laboratory. You may take this course more than once for a maximum of 6.0 units. Special fee required; see the Class Schedule. (001759)
CDES 469  Media Arts Practicum  1.0–3.0 Fa/Spr
Prerequisites: CDES 366 or faculty permission.
Provides students with opportunities to further define their skills and abilities in audio and/or video-related experiences. You may take this course more than once for a maximum of 15.0 units. Credit/no credit grading only. (001764)

CDES 473  Design and Development of Instructional Products  3.0 Fa/Spr
Prerequisites: CDES 372.
Application of systematic instructional design and development techniques. The student functions as an instructional planner and performs key instructional design/product development tasks such as assessing instructional needs and developing detailed design specification, prototypes and final instructional products. Emphasis on developing products for incorporation into an instructional design portfolio. Special fee required; see the Class Schedule. (001776)

CDES 474  Evaluation of Instructional Products and Programs  3.0 Fa/Spr
Prerequisites: CDES 473 or faculty permission.
Theory and practice of evaluation as it relates to instructional products and programs. Consideration of formative and summative evaluation techniques that are particularly applicable to instructional technology, including peer and expert review, pilot testing, and cost-benefit analysis. Examination of sampling techniques and measurement methods that support the evaluation effort. (001780)

CDES 475  Performance Analysis  3.0 Fa/Spr
Prerequisites: CDES 473.
Theoretical frameworks and strategic approaches to analyzing the source of human/organizational performance problems are discussed. Emphasis on analytical approaches to needs analysis that result in recommended interventions to solve performance problems such as training, organizational development, and workplace redesign. Special fee required; see the Class Schedule. (001775)

CDES 476  Research, Theory, and Application of Instructional Technology  3.0 Fa/Spr
Prerequisites: CDES 473.
An overview of the scholarly theory, research literature and application of the field of instructional technology. Classic models and theories about instruction, learning, perception, systems and communication are examined. Research findings that have potential applications in the design, production or delivery of instruction are featured. Micro-theories such as component display theory and elaboration theory, which have particular relevance to instructional design, are considered. (001686)

CDES 489  CDES Internship  1.0–12.0 Fa/Spr
Prerequisites: Faculty permission.
This course is an internship offered for 1.0-12.0 units. You must register directly with a supervising faculty member. The internship is a program designed to provide the student with occupational experience within the industrial environment in the information and communication profession prior to graduation. The internship is designed as a transition to professional practice wherein the student will work full-time within an industrial firm for a length of time to be established between the cooperating firm, the intern, and California State University, Chico. The student will experience a wide range of industrial situations, conditions, and practice. Students will serve their internship under the direct supervision of a practicing member of the profession. You may take this course more than once for a maximum of 15.0 units. (001788)

CDES 492  Pictorial Organization  3.0 Fa/Spr
Prerequisites: CDES 396 with a grade of C- or higher or faculty permission.
This course addresses the development of visual concepts and meaning created with photo-narratives. Students practice advanced editing techniques that include the creation of key images, sets, and sequences. Class projects may incorporate media beyond photography. Open to non-majors. 2.0 hours discussion, 3.0 hours laboratory. You may take this course more than once for a maximum of 6.0 units. (001793)

CDES 494  Photographic Copying and Titling Techniques  1.0 Fa/Spr
Prerequisites: CDES 266.
This course is designed to teach students concepts and skills in photographic copying and titling techniques and their applications to motion picture, instructional media, and TV production. 3.0 hours laboratory. You may take this course more than once for a maximum of 2.0 units. (001792)

CDES 496  Applied Photography and Digital Imaging  3.0 Fa/Spr
Prerequisites: CDES 396 with a grade of C or higher or faculty permission.
This course addresses the development and execution of a single photography project culminating in a final portfolio. Individual research on historic and contemporary photo-practices is expected. Open to non-majors. 2.0 hours discussion, 3.0 hours laboratory. You may take this course more than once for a maximum of 6.0 units. Special fee required; see the Class Schedule. (001794)

CDES 497  Specialized Photographic Techniques  1.0 Fa/Spr
Prerequisites: CDES 396 with grade of C- or higher or faculty permission.
This course explores specialized digital production techniques, including advanced file management practices, working with RAW files, ICC color profile generation and management, and high-end output methods. Open to non-majors. 3.0 hours laboratory. You may take this course more than once for a maximum of 2.0 units. (001795)

CDES 498  Special Topics  1.0–3.0 Fa/Spr
This course is special topics offered for 1.0-3.0 units. Typically the topic is offered on a one-time-only basis and may vary from term to term and be different for different sections. See the Class Schedule for the specific topic being offered. (001798)

CDES 499  Independent Study  1.0–3.0 Fa/Spr
Prerequisites: Faculty permission.
This course is an independent study of special problems offered for 1.0-3.0 units. You must register directly with a supervising faculty member. You may take this course more than once for a maximum of 6.0 units. Credit/no credit grading only. (001799)

CDES 624  Telecommunication Switching and Signaling Technologies  2.0 Inquire
Introduction to the operation, testing, and management of the technologies of modern Central Office/Remote Office switching and signaling functions, including hardware and software. 1.0 hours lecture, 2.0 hours activity. ABC/no credit grading only. (001806)

CDES 625  WAN Technologies  2.0 Inquire
Introduction to the operation, testing, and management of the technologies of telecommunication connectivity in the wide area, including digital multiplexing and cross-connect systems, Integrated Services Digital Network (ISDN), frame relay systems, Asynchronous Transfer Mode (ATM), fiber optic systems (Wave Division Multiplexing ¿WDM¿ and Synchronous Optical Network ¿SONET¿). 1.0 hours lecture, 2.0 hours activity. ABC/no credit grading only. (001808)

CDES 626  Digital Applications and Local Networks  1.0 Inquire
Introduction to the operation, testing, and management of the technologies of digital telecommunication applications and network systems, including Local Area Network (LAN) systems, router systems and their use in internetworking applications, and digital services systems, including synchronization systems. 1.0 hours activity, 1.0 hours lecture. ABC/no credit grading only. (001807)

CDES 628  Telecommunications Networks Operations and Reliability  1.0 Inquire
Introduction to the management and use of the technologies of network operations, administration, management, and provisioning. 1.0 hours activity, 1.0 hours lecture. ABC/no credit grading only. (001809)

CDES 671  Seminar in Theory and Research of Instructional Technology  3.0 Fall
As a seminar, this course is designed to challenge students to think critically about the modes, functions, and consequences of communication in instructional settings. (001800)

CDES 672  Research Methods in Instructional Technology  3.0 Spring
An overview of research strategies for instructional technology. Emphasis on critical review of existing research, formulating research questions, selecting a research methodology, collecting data, and reporting results. Key outcome is student generation of a proposal for the research or project component of the M.S. in Instructional Technology. (001801)

CDES 673  Developing Instructional Products  3.0 Fa/Spr
Prerequisites: CDES 271, CDES 476.
Exploration and application of instructional design models. The student functions as an instructional consultant, analyzing an instructional problem/opportunity, designing and developing an instructional intervention. The emphasis is on developing products for incorporation into an instructional design portfolio. (001804)
