1 Temporary parking is designated in the Stadium area and the residence hall B Lot and G Lot.

2 Before unloading your vehicle*, check-in at your residence hall service desk to receive further parking instructions.

3 It is strongly recommended that you plan your move to Chico State on your “Designated Day” (see Assignment letter) and not wait any longer than necessary to accomplish your move to campus.

4 Given limited on-site parking, the likelihood of high temperatures and the number of students checking into the community, plan to arrive as early in the day as possible on your “Designated Day.”

*Please note no trailers, RVs, or boats will be allowed.
