Simulation Education 2.0
The NEXT Generation in Simulation Education!

Rural Northern California Clinical Simulation Center
“Increasing Patient Safety Through Improved Clinical Proficiency and Teamwork”

July 22-23, 2013
9:00 am to 4:30 pm

A Conference for health care professionals who want to use Simulators and simulations for teaching!

The Rural SimCenter has been accredited by the Society for Simulation and Healthcare in the area of education and teaching!
All educators are Certified Healthcare Simulation Educators!

Provider approved by the California Board of Registered Nursing Provider #15338 for 13 Contact hours
**Sim 2.0 Course Goals:** The next steps in simulation education with increased focus on debriefing, unfolding case scenarios, evaluation, interdisciplinary cases and curriculum integration. This course is designed to help the educator close student learning gaps using simulation methods.

This conference will enable participants to expand their simulation toolbox to develop simulations for use in their educational settings. The course will make you feel at ease with the technology and methodology of simulation education. The results will rejuvenate your simulation program. This is not a course for beginners! This course is designed to take novice simulation instructors to the next level of simulation design. Complex scenario development will be reviewed and debriefing will be a focal point. Plan to participate in interactive learning sessions and develop skills as a simulation educator!

**Participants will:**

- Develop skills in scenario design
- Review Debriefing Skills and Best Practices
- Evaluate simulation exercises and simulation scenarios
- Explore current research advances in the field of simulation
- Participate in Interactive sessions using simulation tools and techniques.
- Discuss the challenges and changes necessary to integrate simulation into educational curricula in both the healthcare and school setting.
- Understand how to create realism and fidelity in simulation.
- Discover innovations to improve clinical education and practice.
- Become familiar with new products and resources.

**Course Hours:** 9:00 a.m. until 4:30 p.m.

**Course Attire:** Scrubs

**Course Attendance is limited to 15 participants:**
