Student Mid-Term Evaluation

Student Name: _____ Date: _____

Agency Placement: _____

1. Please give a brief description of the learning activities that you have been involved in during the first several weeks of your placement and indicate which of these activities are also written into your learning contract.

2. Please describe the tasks that you have felt most comfortable with and identify the skills and knowledge that you have used to accomplish these tasks.

3. Please identify the tasks that you have felt most challenged by. Identify skills and knowledge that you believe would be important for you to develop to increase your competency in this area and how you plan to address these needs.

4. When do you meet for weekly supervision and how have you been using this time?

   Describe how secondary trauma is addressed in supervision?

5. What learning goals will you be focusing on during the next few weeks and what opportunities in the agency are available to help you meet these goals?

6. If you had to rate your overall performance in your field practicum (i.e. reliability, professionalism, relationships with colleagues, understanding of agency mission and role of social worker, etc.) between 1 and 10, with 1 being poor and 10 representing excelling in all aspects how would you rate your performance and why?

Once you have completed the form please bring this to your agency field instructor, review your comments and ask he/she to add their comments and sign the form. Please return this form to your faculty field liaison by _____.
